AMERICAN BEAUTY ASTERS

SPECIAL OFFER NO. 52

One Pkt. of each of these
Five Grand Flowers for 50c.

Dwarf Double Hybrid Nasturtium

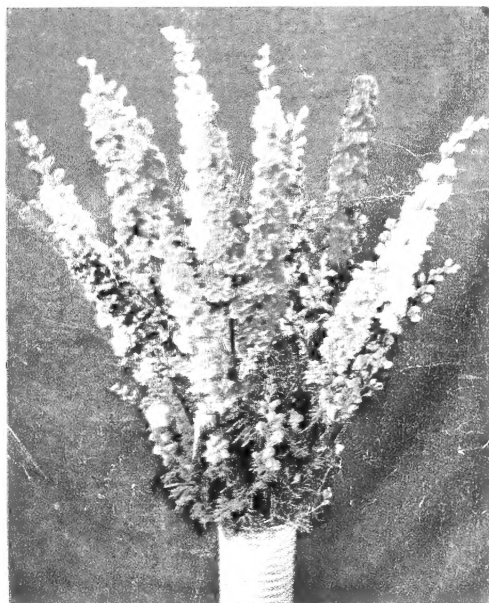

Now you may have these wonderful sweet scented double Nasturtiums in a wide range of color in true bush form. The plants will grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. Pkt. 10c; 1/2 oz. 18c; oz. 30c.

DOUBLE HYBRID NASTURTIUMS

Giant American Beauty Asters (Wilt Resistant)

This is a superb strain of truly giant flowered Asters that will produce flowers rivaling Chrysanthemums in size and beauty. The vigorous plants produce flowers 4 to 5 in. across and are borne on stems 2 to 3 ft. tall. Will last for 10 days when cut, and bloom until hard frosts. White, Rose, Lavender, Shell-pink, Purple and Mixed Colors. Pkt. 12c; 1/2 oz. 35c; 1 Pkt. of each color for 40c.

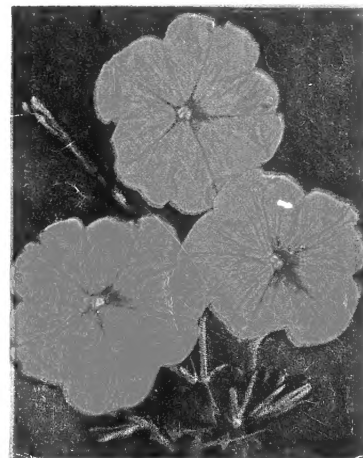

SUPER MAJESTIC LARKSPUR

Super Majestic Double Larkspur

A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of color is unexcelled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remains in flower for a long time if kept picked. Pkt. 10c; 1/2 oz. 20c.

Jung's Giant Fancy Marigolds

By planting this seed you can have all the beautiful new Marigolds at small expense. This mixture contains seeds of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. Pkt. 10c; 1/2 oz. 20c.

FIRE CHIEF PETUNIA

New Fire Chief Petunia

All American Gold Medal Winner for 1950. The reddest of all Petunias. Plants are dwarf and compact and attractive in either beds, borders, boxes or pots. Commences to bloom early and remains in full flower until hard frosts. A bed of these brilliant scarlet red Petunias is something grand to behold. Pkt. 15c; 2 pkts. 25c.

AMARYLLIS

Summer Flowering Bulbs

GIANT HYBRID AMARYLLIS

We know of no flowering bulb that will give more satisfaction for indoor flowering than these new giant flowered Amaryllis. The bulbs we offer are a most select strain, large bulbs that often produce two stems with from two to four giant blooms of most perfect form. Colors range from white through various shades of rose, red, and deep crimson, but as they are hybrids we cannot send specified colors; however, most of them are dark rich colors. Will bloom in six to eight weeks after planting. Extra large bulbs: Each 40c; 3 for \$1.10; 12 for \$4.00.

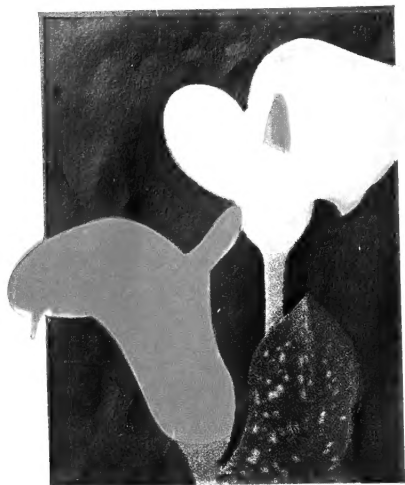

FANCY DOUBLE TUBEROUS BEGONIAS

Unexcelled as a flowering plant for either pots indoors or outdoor planting. Easy to Grow and Sure to Bloom.

The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes or on a shady porch or on the shady side of your home. They commence to flower early and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. Extra large bulbs that will bloom profusely. Each 25c; 3 for 70c; 12 for \$2.60.

TUBEROUS ROOTED BEGONIAS

SPOTTED LEAF CALLA

Mrs. H. J. Parker, Iowa—The Amaryllis you sent me grew 40 inches tall and had 20 large flowers.

Spotted Leaf Callas

The most satisfactory Callas to grow either in pots or in the garden as they are easy to grow and sure to bloom. Foliage is deep green with creamy white spots. We can supply either yellow or white flowering; always state color wanted. Blooming size bulbs: Each 35c; 3 for \$1.00; doz. \$3.50.

New Pink Calla

A grand Calla with bright pink flowers and makes one of the most exquisite flowering plants you can grow. Will grow and bloom freely like any other calla. Blooms are sweet scented and gems of beauty. Blooming size bulbs: Each 50c; 3 for \$1.35.

NEW PINK CALLA

Angel or Magic Lily

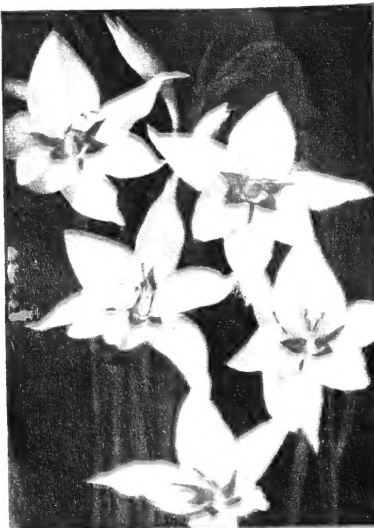

A grand summer flowering bulb, producing with great freedom large Amaryllislike pure white fragrant blossoms. A most wonderful plant as the flowers are so large and handsome. Bulbs send up tall stems, which bear several of the large flowers. Bulbs may be taken up in October and after a few weeks rest, potted and flowered in the house in winter. We know you will be highly pleased with this fine Lily. Each 35c; 3 for \$1.00; doz. \$3.25.

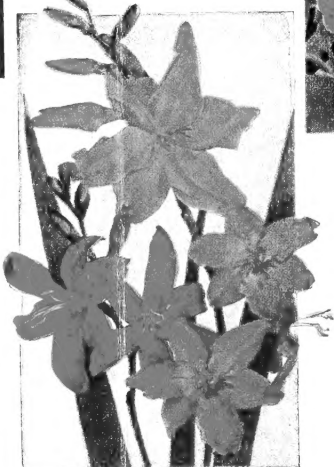

ANGEL OR MAGIC LILY

Mrs. G. A. Bucholz, Minn.—Ordered bulbs from several firms but those received from you are the largest of all.

Miss Pearl Mason, O.—The Amaryllis from you is now blooming the second time, flowers 8 in. across, the most beautiful lily I have ever seen.

ACIDANTHERA

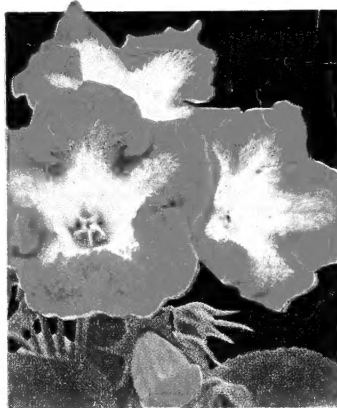

MONTBRETIA

Giant Earlfame Montbretias

Montbretias are profuse bloomers and one of the most showy summer flowering bulbous plants. They produce graceful spikes 10 to 18 in. long each spike bearing 15 to 20 beautiful star shaped flowers 2 to 3 in. across. The bulbs we offer are the new improved strain being generally much taller and robust in growth and having flowers of great size and beauty. Select Bulbs: 3 for 50c; 6 for 90c; 12 for \$1.75.

Acidanthera

A new summer flowering bulb of unusual and distinct beauty, showy in the garden and fine for cutting. Six or more of the graceful flowers are produced on graceful arching stems 2 ft. long, remain in flower for several weeks. Easy to grow and sure to bloom, handle the same as you would gladioli. Large Select Bulbs: 3 for 45c; 6 for 80c; 12 for \$1.50.

GLOXINIA

Giant Fancy Gloxinias

Our bulbs will produce large, velvety flowers, and being well supplied with large downy leaves, the contrast makes one of the most popular and desirable house plants. They are easy to grow and by planting bulbs at intervals may be had in bloom all season. Bulbs may be used again after they have bloomed. Full instructions on planting and care of bulbs will be sent with every order. Large Select Bulbs: Each 35c; 3 for \$1.00; doz. \$3.25.

Giant Hybrid Ranunculus

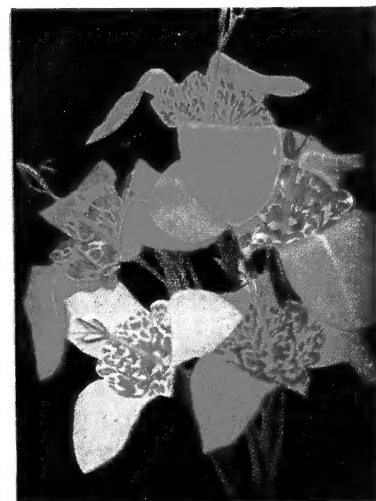

The largest and most gorgeous strain ever offered. Produces giant double and semi-double flowers, 2 in. and more across in shades of red, yellow and pink. May be grown in the garden like gladioli. Extra select bulbs, in mixed colors: 6 for 50c; 12 for 90c; 100 for \$5.50.

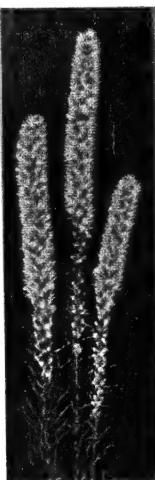

RANUNCULUS

Mexican Lily or Tigridia

The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers 3 to 4 in. across in a wide range of color from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. 3 for 35c; 6 for 65c; doz. \$1.25.

MEXICAN LILY

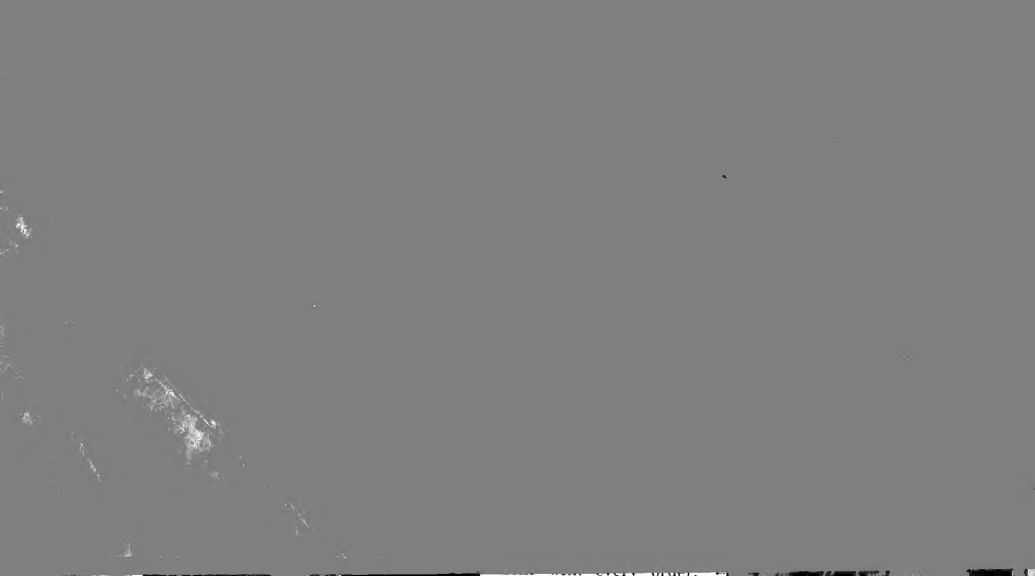

LIATRIS

Liatris or Kansas Gayfeather

Not many flowers will attract more attention on account of their unusual appearance, they are beautiful as well as odd. Blooms in mid-summer and flowers last a long time, spikes 2 to 3 ft. tall and make excellent cut flowers, deep rich purple color. Very hardy and easy to grow. Each 35c; 3 for 80c.

Better Gardens and Finer Flowers are Grown from JUNG'S SEEDS, PLANTS, SHRUBS and BULBS

That time of the year has again arrived when gardening is a matter of vital interest to millions of people and the success you will have will depend very much upon the seeds you plant, unless you sow good seeds all your efforts will be in vain.

The purchasing of seeds is entirely a matter of confidence as no one can tell by looking at seeds whether they will grow or if they will produce a good crop.

From the very beginning of this firm it has been the policy to make "QUALITY" the first consideration and by adhering to this policy we have built up an enviable reputation for honest dealing.

That we have not betrayed the trust placed in us is best proved by the many

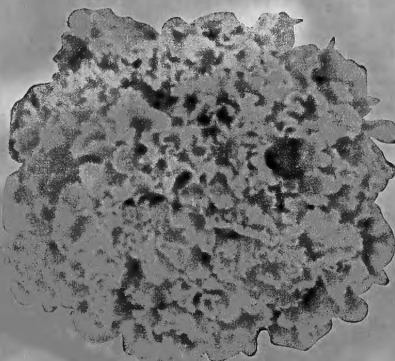

thousand customers who plant our seeds, bulbs and plants year after year.

Here in Wisconsin we own and operate over 800 acres of fertile land where we probably grow a greater quantity of the products we sell than any other mail-order seed house in America.

Our deep appreciation is also expressed to our many loyal customers who have helped build up our business by the kind words they have expressed to their friends and neighbors in our behalf.

You can send your orders to us with assurance that we will send you products which will give you a bounteous return in pleasure and profit.

J. W. JUNG SEED COMPANY

SALAD BOWL LETTUCE

Salad Bowl Lettuce

A new loose leaf Lettuce of superb quality and will stand for a long time without becoming bitter even in hot weather. Single plants will fill a large bowl and leaves are very tender and beautifully curled. If leaves are cut so as not to injure the crown it will keep on growing for many weeks. Plant this variety very thinly so plants stand 8 to 12 in. apart.

PERSIAN CARPET ZINNIA

Jung's Giant Prize Gladioli

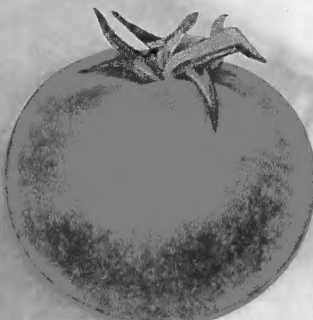

On our farms we grow Gladioli by the acres and among them are many of the very best of the newer originations. We want our customers to enjoy their elegant beauty so offer them as premiums. If you have had some of these bulbs in former years and receive them again this year it is quite likely that they will be different as we constantly replace the varieties as the newer and better varieties become available. Many of these will grow 4 to 5 ft. tall with flowers 5 and 6 in. across and the beautiful colors are hard to describe. If your order amounts to \$5.00 you may have 3 bulbs, if it amounts to \$8.00 or more you may have 6 bulbs and if it amounts to \$10.00 or more you may have 12 bulbs as a premium. Premium Coupon will be found on back of order sheet.

"All America" Premiums

The fine flowers and vegetables listed below are "ALL AMERICA" Award Winners and are some of the very best new flower and vegetables obtainable. Usually these cost 15c to 25c per pkt., but you may have these as premiums with your order. If your order amounts to \$1.00 or more you may select one pkt. (your choice) for each \$1.00 worth of goods ordered but not more than a total of four pkts. to a customer. Mark your choice of premiums in space provided on back of order sheet.

Urbana Tomato

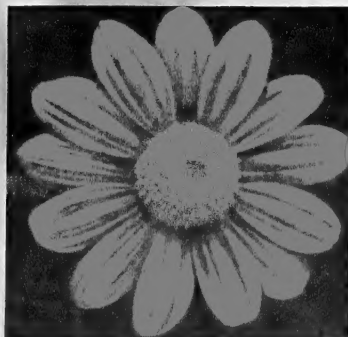

A new early main-crop Tomato that combines earliness, quality and heavy yields. Grows a vigorous, well leaved, compact bush and sets a heavy crop of fruit. Tomatoes are medium-large, smooth globe shape, deep scarlet and free from cracks. Flesh is firm with thick walls and small seed cavities and of superb quality.

URBANA TOMATO

Torch Tithonia

The top "All America" winner in 1951 and well deserves that honor. Grows 3 to 4 ft. tall and well adapted for background or even a hedge, blooms from early summer until frost, blooms very profusely. Flowers resemble single dahlias and are well suited for cutting. For best results give the plants plenty room to develop. Will do best if planted in full sun and should have very little fertilizer and not too much moisture.

TORCH TITHONIA

Persian Carpet Zinnias

An entirely new type of Zinnias, admirably suited for beds, borders or cutting. Grows 12 to 18 in. tall and bloom from early summer until frost, a wealth of deep, rich colors like a Persian Carpet. You will be highly pleased with this Zinnia.

JUNG'S GIANT PRIZE GLADIOLI

Dickinson's Humus Inoculation

Will Increase Your Crops of
Beans, Peas and Sweet Peas

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crops, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. Garden size Pkt. (enough for 10 lbs. of seed) 15c; 2 for 25c. Bu. size for Beans or Peas 50c.

Du Pont Garden Dust

We can highly recommend this preparation as may be used either as a spray or dust. It will not only protect your plants from insects of all kinds but will also prevent diseases such as blight, rust and wilts. Especially good on Potatoes and tomatoes as it will keep the vines green and healthy, also for flowers such as roses, phlox and others that are subject to blight, rust or mildew. This combination is all that is needed, not necessary to use several different sprays or dusts. Full instructions on every can. 8 oz. (filled) Dust Gun 85c; 1 lb. can \$1.20; 4 lb. can \$3.65 postpaid.

TRANSPLANTONE

Reg. U.S. Pat. Off.

Treated

Increases Root Growth
Makes Stronger and More
Vigorous Plants
Bigger and Better Crops

Not Treated

This is a preparation of root forming hormones and Vitamin B1 and is especially valuable for treating both plants and shrubs when transplanting as it greatly increases root growth and plants thus treated will suffer very little set-back from transplanting. One ounce dissolved in water will make ten gallons of solution, simple instructions will be found on every package. 1/2 oz. (enough for small garden) 25c; 3 oz. \$1.00; 1 lb. \$4.00.

Protect Your Garden
Fight Insects With

**RED ARROW
GARDEN SPRAY**
HIGHLY CONCENTRATED

One of the best and most widely used Garden Sprays for controlling bugs and insects such as aphids, cabbage worms, cucumber beetles, thrips, etc. This spray is deadly to insects but harmless to humans, birds and animals. Will not burn delicate leaves or tender flowers. Mixes easily with even hard water and has ingredients making it spread and stick to the foliage. We consider this one of the most satisfactory garden sprays for both flowers and vegetables. Simply mix 1 teaspoonful of this spray with a qt. of water and spray on both top and under side of leaves.

1 oz. Bottle (makes 2 gals. spray)35
4 oz. Bottle (makes 8 gals. spray) 1.00
1 pt. Bottle (makes 32 gals. of spray) 2.85

HYPONEX PLANT FOOD

Grow stronger plants,
larger and more flowers
indoors or out. Modern
science aids Nature for
astounding results in soil,
sand or barren earth.

This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns, and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. HYPONEX is sure to bring forth healthy plants and lots of flowers. 3 oz. can makes 18 gal. 25c; 1 lb. can makes 96 gal. \$1.00; 2 for \$1.85.

Increase Your Crops and Build up the Fertility of Your Soil by Using

Dickinson's Humus Inoculation

Plants Inoculated with Nod-O-Gon (Below) NOT Inoculated

Now you can inoculate your alfalfa, clover, soybean or other legume seed without the use of water and still be sure of a growth of soil-improving root nodules as full and vigorous as was formerly possible to obtain only by the use of bottle or "jelly" type cultures.

Dickinson's New Humus Inoculation has been perfected after careful study and experiment in the country's largest commercial soil bacteriological laboratory. Each culture contains millions of vigorous root nodule bacteria living in a specially blended humus substance which can be mixed with the seed dry, just as it comes from the can. Every can contains plenty of culture material to fully inoculate the quantity of seed for which it is intended.

Full directions are printed on the label. No skill or experience is required to get good results with Dickinson's Humus Inoculation. It is safe and easy to use and produces sure results at a cost of only a few cents per acre. Only a few minutes are required to inoculate the seed which can then be sown immediately. Many growers now prefer Dickinson's Humus Inoculation because of the handy form and the ease with which it is used.

- No. 1—Alfalfa and Sweet Clover. Bu. 50c; 2½ bu. \$1.00.
- No. 2—Clovers of all kinds. Bu. 50c; 2½ bu. \$1.00.
- No. 3—Soy Beans; Bu. 30c; 5 bu. 60c; 25 bu. \$2.50.
- No. 4—Field Beans, Bu. 50c.
- No. 5—Peas, Bu. 50c.

Always Order above by number.

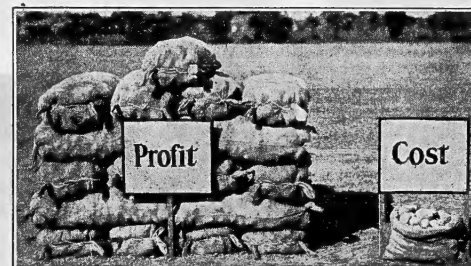

Increase Your Grain Crops by Using

New Ceresan "M"

Prevent Rust and Smut. Increase Yields. Low in Cost.

This new seed disinfectant is a great improvement as it can be used either as a dust or slurry method, also it is practically odorless and does not irritate like the old Ceresan. Ceresan "M" protects the crop against many diseases caused by organisms carried on the seed and in the soil on such crops as barley, oats, wheat, sorghum, flax, peas and sugar beets. Treating your seed will result in better stands, healthier growth and greater yields as the cost of treating a bu. of seed is very small. 14 oz. can (treats 28 bu.) \$1.25; 3 lb. can \$3.35 postpaid.

Treat Your Potatoes With

New Improved Semesan Bel

Treat your seed potatoes with New Improved Semesan Bel. The quick dip treatment will take care of potato disease, especially rot and scab. One pound will treat from 60 to 80 bushels, which makes the cost of treating from 1½ to 3 cents per bushel. Full instructions on every can. 2oz. pkg. 50c; 1 lb. can \$2.00; 4 lb can \$6.25.

FARM SEEDS

Very few things will bring a farmer greater returns on his investment than planting the best seeds it is possible to get, and the cost of the best seeds is very small when compared to the resulting crop.

The Farm Seeds which we offer are uniformly of the VERY BEST GRADE, high in germination and free from fowl weeds. The Earliness and Tremendous Productiveness of Northern Grown Seeds is well known, they stand at the head of the list. Send for a free copy of our Farm Seed Catalog, in it you will find a full line of Farm Seeds of the highest quality at most reasonable prices.

Jung's Wis. Hybrid Seed Corn

This is one of our specialties and we grow same on our own farms here in Wisconsin. The Hybrid Corn we offer is grown from stocks produced and developed by the University of Wisconsin and are especially bred to produce ears that will mature and produce large crops of corn that will keep in your crib. The growing of our seed receives expert supervision from the time it is planted until the seed is sealed, no expense or effort is spared to give you seed of the highest quality at reasonable prices, \$6.75 to \$9.50 per bu. Many varieties are shown in our Farm Seed Catalog which is free.

Certified Seed Grain

On our own farms we grow hundreds of acres of seed grain such as Barley, Oats, Soy Beans, Wheat, etc. These are all seeds of top quality for purity, germination and being free from fowl weeds. We also can supply Alfalfa, Clover and Grass Seeds that are high in quality and reasonably priced. Many of these seeds are in short supply this year and will be sold out before the season is over. If you require any of these seeds send for a free copy of our Farm Seed Catalog.

CHICKEN OR RABBIT LETTUCE

Chicken or Rabbit Lettuce

Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. Pkt. 7c; oz. 15c; ¼ lb. 50c; lb. \$1.90.

CHLORDANE DUST

Controls Onion Maggots and Radish Worms

A very good insecticide to use in the garden and on lawns to control insects like onion maggot and worms in radish, also ants, cut worms, grasshoppers, snails, wire worms, white grubs as well as cockroaches, carpet beetles and silverfish in your home. 1 lb. can 65c.

What Our Customers Say:

Mrs. A. Stahlberg, Minn.—Your seeds have always been extra special, above any others. Thanks to you we have an abundant garden every year.

Geo. H. Ebersole, Iowa—We enjoyed wonderful vegetables and strawberries from the seeds and plants we bought of you, so are ordering more.

Mrs. P. Teegardin, Ind.—This is the 20th year we have planted your seeds, they have always been satisfactory.

John Edseth, Wis.—Our garden is something to be proud of ever since we have planted your seeds.

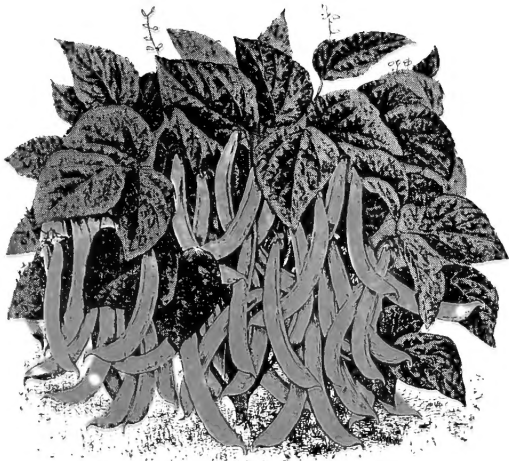

Protects Your Shrubs & Plants

This new repellent is guaranteed to be the most effective and efficient spray on the market. Especially prepared for use in gardens where one is bothered by dogs and other animals. It is non-poisonous and guaranteed not to injure dogs, plants or others coming in contact with it. Only a solution having a disagreeable odor offensive to animals with a keen sense of smell. Applied with a small hand sprayer and lasts several weeks. Indispensable around the home and garden. 3 oz. bottle 70c; 3 for \$2.00. Money refunded if not satisfactory.

Deluxe Vegetables

On this page we list our own select strains of the newer and better varieties of vegetables which we can recommend in every way. Plant some of these varieties in your garden this year and we are confident you will be pleased with them in every way.

BRITTLE WAX

Baby or Canning Beet "BEST OF ALL"

Unexcelled for Home or Market Gardens. Deep Red Throughout. No Light Zones.

A new Beet that will please the most critical planter. Ready to use in 50 to 55 days. Beets are deep red in color with no white rings or zones, globe-shaped and very tender and sweet. A splendid variety for pickling, bunching or canning as they are always smooth and uniform. We consider this one of the finest Beets for either the home or market gardens. Pkt. 8c; oz. 25c; 1/4 lb. 60c; lb. \$1.75.

CUCUMBER

Straight Eight

Unexcelled for Shipping, Slicing or Pickling

This fine new cucumber received the All American Gold Medal as one of the most outstanding vegetables of the year. It is one of the finest shipping cucumbers as the fruit is deep green, free from objectionable light striping and is very uniform in size, usually about 8 in. long, 1 1/2 in. in diameter, well rounded but not tapered ends. A fine cucumber for either home or market garden as it yields heavily and can be used for shipping, pickling or slicing. Pkt. 10c; oz. 20c; 1/4 lb. 60c; lb. \$2.00.

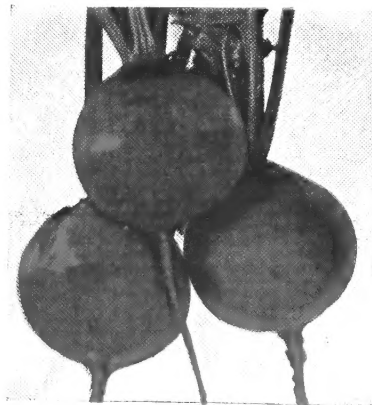

LETTUCE

Jung's All Cream

This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 8c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 85c.

Making a Garden

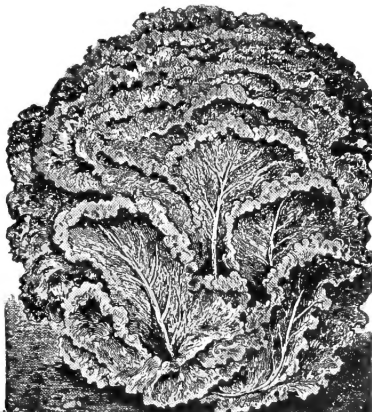

We have prepared a booklet of valuable information on growing Vegetables and Flowers. You may have a copy free with your order. Ask for it.

BABY OR CANNING BEET

STRAIGHT EIGHT CUCUMBER

JUNG'S ALL CREAM

New Granite State Musk Melon

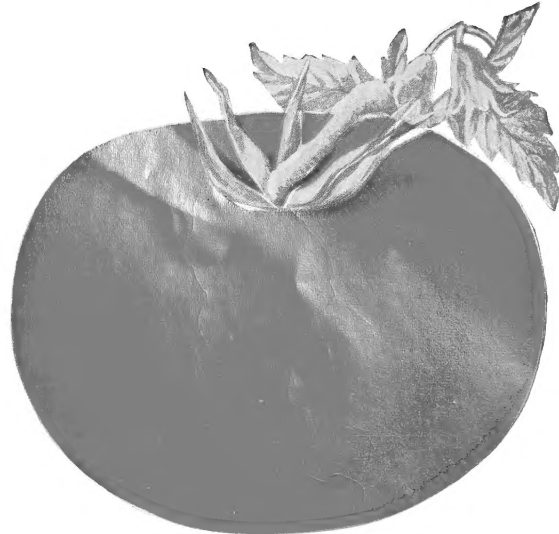

Extra Early. Superb Quality. 1951 Award Winner.

An extra early, high quality muskmelon of the Honey Rock type that was developed by the N. H. Agricultural College and is well suited for regions where earliness is a main factor. Vines are vigorous and compact but remarkably productive. Fruits average 5 in. long by 4 1/2 in. in diameter and are well netted, a sure sign of quality. Flesh is very thick, deep salmon and of excellent quality with a high sugar content. A high quality melon for both the home and nearby markets. Pkt. 12c; oz. 35c; 1/4 lb. 90c; lb. \$2.50.

"BUTTERCUP" The Quality Squash

Superb Quality. Excellent Keeper. Heavy Yields.

A splendid winter squash developed by Prof. Yeager of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color, mature early, and are excellent keepers. Flesh is very thick, deep orange in color, very sweet, and entirely free from fibre of any kind. The Highest Quality Winter Squash. Pkt. 10c; oz. 25c; 1/4 lb. 75c.

JUNG'S WAY-AHEAD

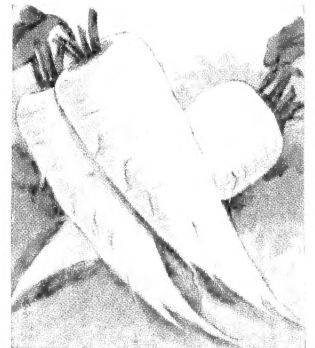

JUNG'S WAY-AHEAD OUR EARLIEST OF IMPROVED TOMATOES

First to Produce Ripe Tomatoes. Good Sized Fruit. Smooth and Solid. Bright Red Color. Fine Quality.

As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. Our strain of this tomato has all been grown from single plant selections and is highly improved. Pkt. 15c; 2 pkts. 25c; 1/2 oz. 60c; oz. \$1.00.

JUNG'S SUPER SELECT WAY-AHEAD TOMATO

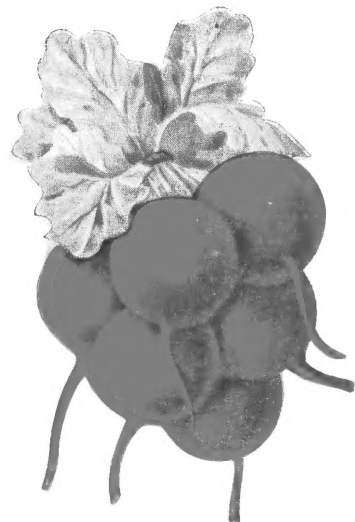

Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you seed saved from the most select plants and first or crown-set fruits. Price of this super-select seed. Pkt. 25c; 1/4 oz. \$1.00; 1/2 oz. \$1.75; oz. \$3.25.

WHITE SUGAR PARSNIP

White Sugar or Private Stock Parsnip

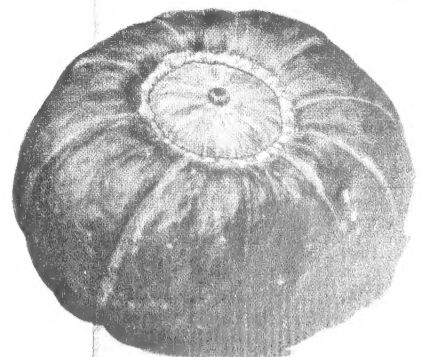

This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored cooking tender, sweet and rich. Pkt. 8c; oz. 20c; 1/4 lb. 50c; lb. \$1.50.

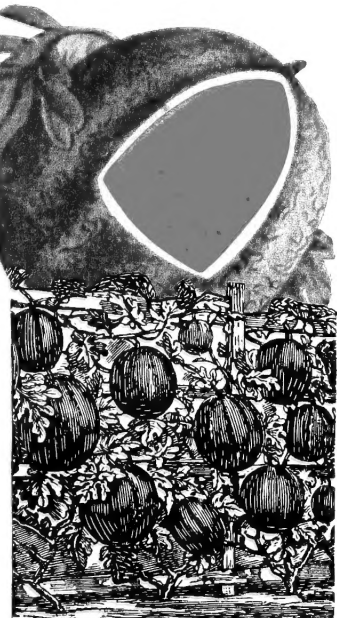

CHERRY BELLE RADISH

Extra Early Radish "CHERRY BELLE"

An "All America" prize winner, an outstanding radish for earliness, quality and appearance. Round and red as a cherry and often ready to use in 25 days, very uniform in size and shape. Flesh is crisp, firm and mild in flavor, slow to become pithy. Tops are small making it an ideal variety for bunching. Pkt. 10c; oz. 25c; 1/4 lb. 50c; lb. \$1.40.

BUTTERCUP SQUASH

N. H. MIDGET WATERMELON

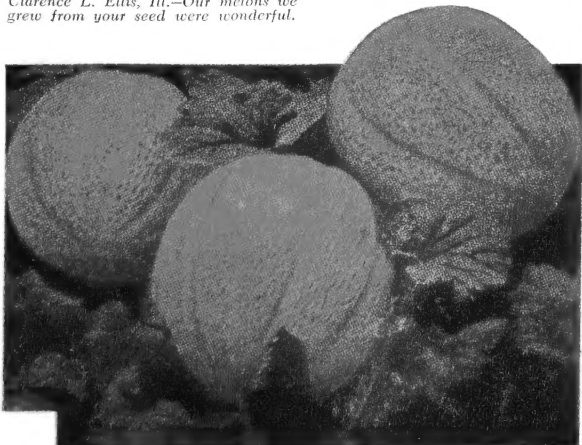

Extra Early Watermelon "New Hampshire Midget"

1951 All America Gold Medal Winner

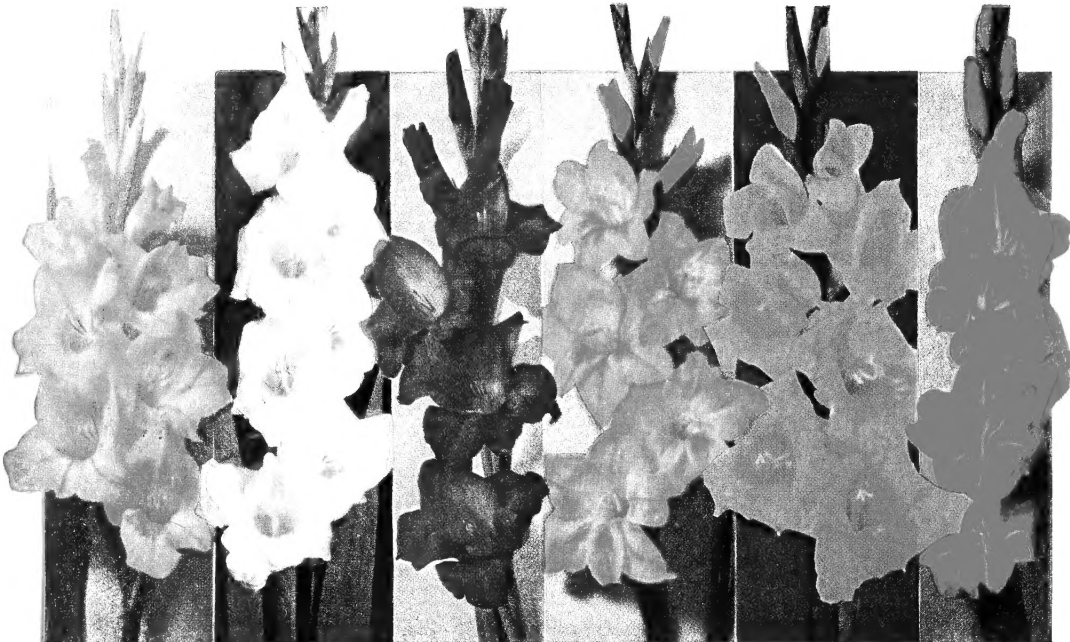

A new extra early melon especially suited for small gardens as it does not require much space and may be grown on a trellis. Fruits are 7 to 8 in. across, just right for individual serving or placing in a refrigerator. The rind is very thin, flesh rich red, juicy crisp with extra high sugar content. Unlike most early melons it excels in quality and flavor. Pkt. 12c; oz. 35c; 1/4 lb. \$1.00.

FIGHT MELON BUGS WITH RED ARROW. See Page 1.

Clarence L. Ellis, III.—Our melons we grew from your seed were wonderful.

GRANITE STATE MUSK MELON

PROSPERITY CASA BLANCA BLUE BEAUTY BARCAROLE RUFFLED BEAUTY RED GIANT

Jung's Select Gladioli

There is no bulb of such easy culture, embracing the great range of color with endless combinations and variety, to equal the Gladioli. Our bulbs are of the finest quality and will give bountiful satisfaction the first season. The bloom is continuous from the end of July until frost. Culture instructions will be sent with each order.

"Prizewinners" (See Cut Above)

The grand new Gladioli listed below are some of the very best of the new introductions and for size, beauty and color are really superb. If you wish something extra fine you will order this collection.

BARCAROLE—Gorgeous large heavily ruffled flowers of rich, clear orange. A superb beauty.

BLACK OPAL—Large black-red flowers produced on long spikes. Sure to attract attention.

BLUE BEAUTY—Large flowers of medium blue shading deeper towards the edges. Considered one of the best in this color.

CASABLANCA—A truly grand white "glad" that produces a tall straight spike with 6 to 8 flowers open at once. The glistening white flowers ruffled and well placed on the stalks.

CHAMONY—Large flowers of a live snappy rose pink color. The most beautiful deep pink.

CHARMAINE—A new shade of clear rich medium rose, 5 to 6 flowers open at one time with as many more buds showing color. Large flowers well placed on sturdy stalks.

LANCASTER—Clear dark purple, up to 12 large wavy blooms open at one time. Tall straight spikes.

PANDORA—Beautiful geranium pink with deep pink throat. Good grower and profuse bloomer.

PROSPERITY—A great improved Picardy. Large ruffled flowers of light rose. Very vigorous grower.

RED GIANT—Immense deep scarlet red flowers produced on long straight spikes. A sure winner.

RUFFLED BEAUTY—Very large, heavily ruffled, soft canary yellow. Vigorous growers, tall straight spike.

RUFFLED PRINCESS—A gorgeous live rose pink so heavily ruffled that half open flowers resemble roses.

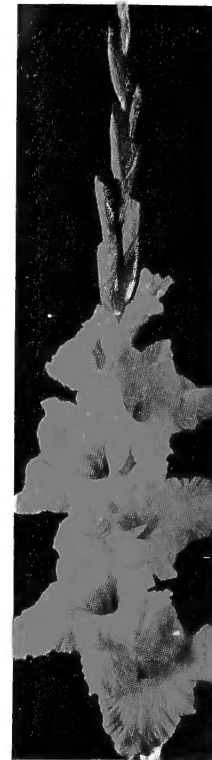

Price of above select bulbs: 3 for 45c; 12 for \$1.50; 100 for \$7.50. When ordering name varieties wanted.

SPECIAL GLADIOLI COLLECTION No. 1

One select bulb of each of the above 12 grand new Gladioli for \$1.50; 5 of each for \$6.75.

MARGARET BEATON

OREGON GOLD

The Wonder "Glads"

ARETHUSA—Immaculate ruffled flowers of a live buff color, rich color and excellent growing habits.

BEACON—Clear light rose scarlet with large orange throat. Strong grower, immense flowers.

CORONA—Creamy white with wide rose edge on all petals. Very distinctive and beautiful. Tall strong grower.

KING LEAR—One of the best purple "glads". Large ruffled flowers, very rich and velvety. One of the best "glads" to be had.

LAVENDER RUFFLES—A rare combination of grace, beauty and charm. Clear live lavender-pink rivaling orchids for beauty.

LIPSTICK—Beautiful and distinctive being a ruffled shell-pink with a red throat. We know it will please you in every way.

MARGARET BEATON—Heavily ruffled snow-white with small scarlet blotch

OREGON GOLD—The outstanding clear yellow "glad". Tall straight spikes

often 4 to 5 ft. tall with as many as 10 beautiful flowers open at a time. A "must have" for all "glad" fans.

PURPLE SUPREME—Very large clear deep purple; you will be delighted with its size and beauty.

RED CHARM—An easily grown bright cherry-red. Opens 8 to 9 well placed blooms on a tall straight stem.

ROSA VAN LIMA—One of the better "pinks," bright snappy color. As many as 8 large flowers on a spike open at a time.

SNOW PRINCESS—One of the best whites. Very large ivory white flowers well placed on long straight spikes.

Price of above: Each 15c; 3 for 40c; 12 for \$1.35.

Gladioli Offer No. 5

One select bulb of each of the above for \$1.35.

ABU HUSSAN BUENA VISTA BL. BEAUTY SPOTLIGHT O. GOLD BURMA SILVER WINGS GREAT LAKES SUNSPOT

GIANT EXHIBITION GLADIOLI

Here are some of the newest Gladioli originations that will thrill and delight you with their exotic beauty and charm.

ABU HUSSAN—A new deep violet-blue that has size and beauty. Large flowers borne on straight, tall, strong stems.

BEAUTY'S BLUSH—Delicate blush pink flowers of large size and exquisite beauty. Tall willowy stems with 18 to 20 buds.

BUENA VISTA—A glad that will make a "hit". Large rosy-red flowers borne on tall straight stems, a real beauty.

BURMA—Deep rich rosy red with wide open heavily ruffled flowers. A prize winner wherever shown.

ELIZABETH THE QUEEN—"The Jewel among Glads"—Beautiful clear lavender pink with darker markings in the throat. The large flowers are heavily ruffled and borne on stiff straight spikes.

GREAT LAKES—The nearest to a sky-blue gladioli thus far produced. Large flowers freely produced on long straight stems.

LAVENDER PRINCE—A vigorous tall grower. Flowers well ruffled, of large size and a deep rich lavender color.

ORANGE GOLD—Immense flowers of dazzling true orange-gold produced on stalks 4 to 5 ft. tall. A truly wonderful variety.

SHERWOOD—Lustrously ruffled deep purple and rates as one of the best in this color. Tall straight spikes with 5 to 6 flowers open.

SILVER WINGS—A large flowered pure white glad that has won many ribbons. Vigorous stalks, many flowers 5 to 6 in.

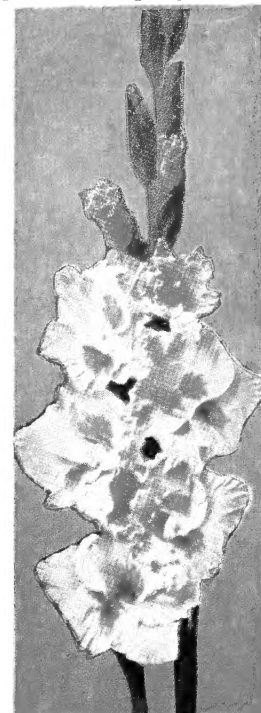

SPOTLIGHT—One of the finest glads grown. Tall, sturdy spikes, often 5 ft. tall bearing the immense blooms which are a rich canary yellow with a bright red blotch in the throat.

SUNSPOT—Huge ruffled flowers of light apricot buff with red spot in throat, a top notch "glad". Tall and stately.

Price of above: Each 25c; 3 for 60c; 12 for \$1.75.

GLADIOLI COLLECTION NO. 2

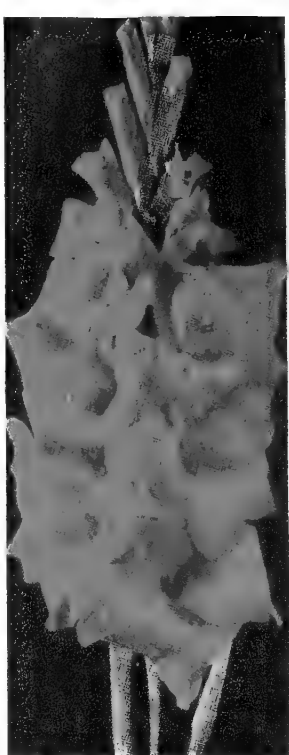

One large select bulb of each of the above 12 Giant Exhibition Gladioli for \$1.75; 5 of each for \$8.00.

ELIZ. THE QUEEN

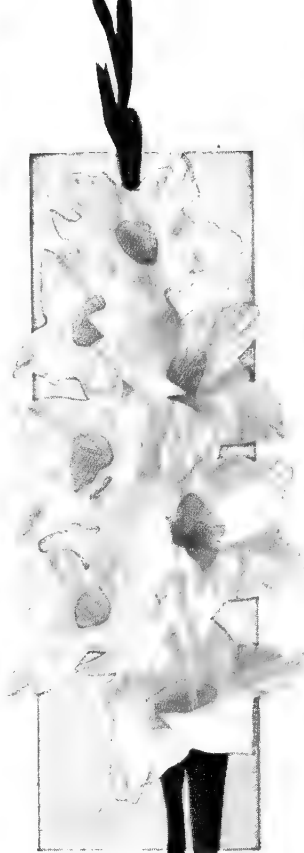

RED CHARM

Jung's Giant Red Gladioli

There are so many beautiful Gladioli that it is hard to pick a single variety as being the best. However, the red ones seem to be the most popular and if you wish something out of the ordinary order some of these bulbs. They will produce flowers of giant size and beauty in many shades of "red". Large Select Bulbs: 6 for 60c; 12 for \$1.00.

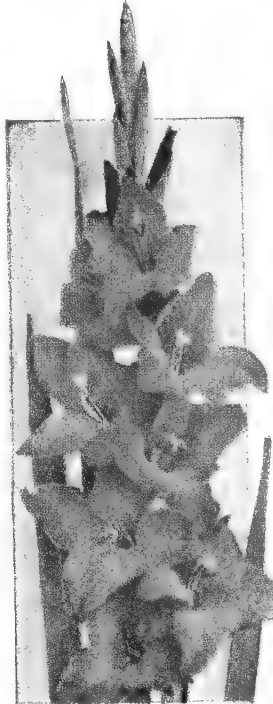

SENSATION

"SENSATION"

The Super Giant Glad

Mammoth sized flowers of bright soft rose, 6 to 9 of the massive, heavily ruffled flowers on a spike. Often grows 5 to 6 ft. tall, truly a wonderful "glad" and a real giant. Each 25c; 3 for 60c; 12 for \$2.00.

Blue & Purple Gladioli

There is always a great demand for gladioli in blue and purple shades. To meet this demand we grew a nice lot of these colors the past year and are able to supply a very fine selection of these popular colors. Select bulbs: 6 for 65c; doz. \$1.10; Order early as our supply is limited.

JUNG'S RUFFLED GIANT GLADIOLI

Jung's Ruffled Giant Gladioli

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow. Sure to Bloom.

These bulbs are put out for people who want the very best of the new giant flowered "glads." Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 in. across. Large Select Bulbs, 6 for 50c; 12 for 95c; 50 for \$3.50; post-paid.

"Spic & Span"

"The Glad Aristocrat"

A top prize winner. Immense, heavily ruffled blooms of a clean rich pink. A very vigorous grower, tall and sturdy. You will be more than pleased with this grand new "glad". Each 30c; 3 for 75c; doz. \$2.75.

SPIC & SPAN

Mrs. R. Sweeney, N. Y. My own dear, planted with your seed of bulbs, is always a beautiful Gladioli, very beautiful.

W. J. Wolfe, Ok. Some of the finest "Glads" I ever had were grown from your bulbs, many flowers over 4 in. across.

SNOW WHITE LILY

Beautiful Hardy Lilies

"Snow White"

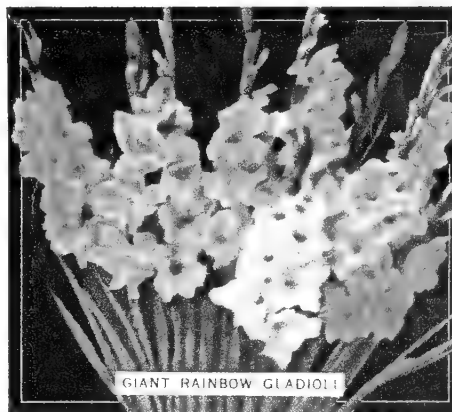

At last a white Lily that has size and beauty and is also hardy. The pure white flowers are even larger than Easter Lilies and even more beautiful. After once established will grow to a height of 3 to 4 ft. and have from 8 to 12 blooms on a stem. Will increase in size and beauty from year to year. Large 6 to 7 in. (sure to bloom) bulbs: Each 45c; 3 for \$1.10; 12 for \$3.90.

The Beautiful Regal Lily

A magnificent new Lily that is sure to become popular as it is hardy, easy to grow and produces the most gorgeous blossoms. The flowers are of pure white inside, flushed with golden yellow in the throat and stained pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Blossoms in July. We offer large, 3-yr. blooming bulbs which should not be confused with small sizes often offered at low prices. Each 30c; 3 for 75c; doz. \$2.75.

Vermilion Brilliant

You must see this wonderful Lily in bloom to realize how beautiful it is. The first year it will have from 4 to 10 flowers on a stalk, the second year as high as 25 flowers on a plant. The large flowers are orange-red in color and very showy. Grows 2 to 3 ft. tall blossoms in June. One of the most easily grown lilies and is very hardy. Each 35c; 3 for \$1.00; doz. \$3.50.

GIANT RAINBOW GLADIOLI

Jung's Giant Rainbow Gladioli

Easy to Grow. Sure to Bloom. Giant Flowers.

We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous color of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days. In this mixture you get a grand assortment at a very reasonable price. 6 for 35c; 12 for 60c; 50 for \$2.00.

REGAL LILY

All of the Lilies which we send out are select large 2-yr. bulbs which will bloom profusely this summer. Do not confuse these with planting size bulbs which are often offered as bargains.

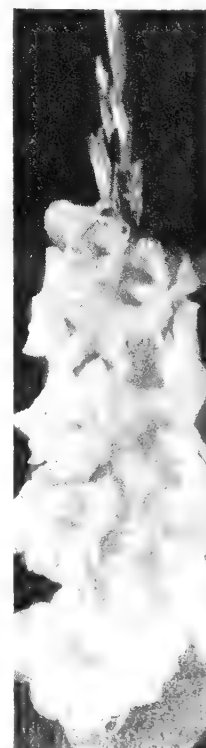

"Oriental Pearl"

THE MAMMOTH GLAD

A superb new Gladioli that only a few years ago sold for \$5.00 per bulb. The immense flowers are produced on spikes 4 to 5 ft. tall and a dozen spikes will make a giant sized bouquet. Flowers are 5 to 6 in. across. 5 to 6 open at a time; color is a creamy white with just enough tinge of pink to give it a live pearl appearance. You will be amazed at the huge size and rare beauty of the flowers. Select bulbs: Each 25c; 3 for 60c; 6 for \$1.10.

R. Worth, Kans. I like your seeds, have planted them for 25 years and always have a nice garden.

J. Roth, Sr., Wash. I found your Oakland Lettuce to be very crisp and it stands summer better than any other variety.

Top—HYPERION LILY

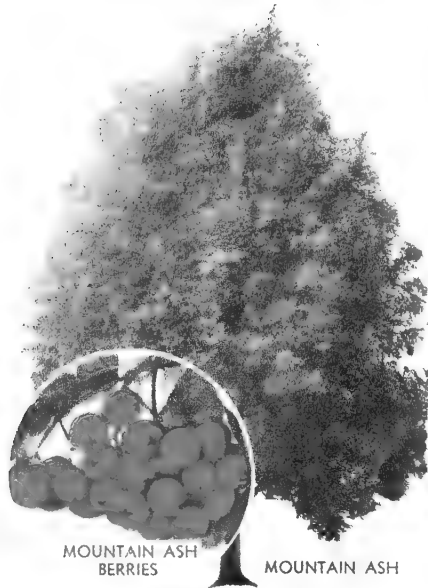

Bottom—VERMILION BRILLIANT

Hyperion Yellow Day Lily

A grand hardy yellow lily that needs no protection and will bloom profusely in either full sun or shade. Immense blooms of canary yellow are borne in great numbers on stems 3 to 3½ ft. tall. Excellent for cutting and remains in flower for weeks. Each 40c; 3 for \$1.10; doz. \$4.00.

SPECIAL LILY OFFER

One select large flowering size bulb of each of the four fine Lilies on this page for \$1.25; 3 of each for \$3.50. A select bulb of a new unusually beautiful Gladioli will be included with each collection.

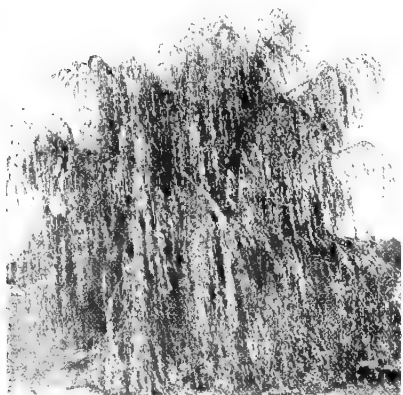

MOUNTAIN ASH
BERRIES

MOUNTAIN ASH

Hardy Mountain Ash

A hardy, medium-sized tree of unusual beauty with graceful fern-like foliage. The clusters of white flowers in the spring are followed by large clusters of bright showy red berries. Foliage turns to beautiful orange and red in the fall. An unusually fine ornamental and shade tree. 3-4 foot trees. Each 90c; 3 for \$2.25, postpaid.

WEeping WILLOW

Charles Bogdan, Mich.—Just received the shrubs in excellent condition so are ordering herewith this season's needs of both plants and shrubs.

JUNG'S FAIRFIELD SPECIAL LAWN GRASS

Jung's Fairfield Special Lawn Grass

Always Grows, Always Thrives, Hardy Deep Velvety Green, Sure to Please

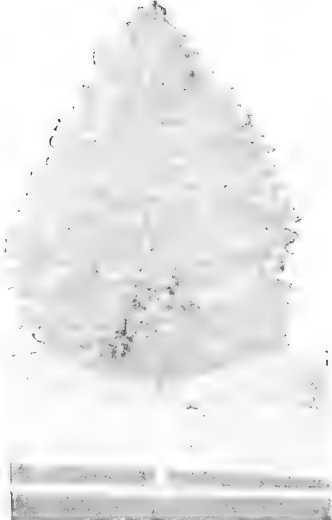

Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. The seed used is **PURE AND HEAVY**, and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. Lb. 85c; 5 lbs. \$4.10; 10 lbs. \$8.00, postpaid

SHADY SPOT LAWN GRASS

This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. Lb. 90c; 5 lbs. \$4.35, postpaid.

FANCY WISCONSIN WHITE CLOVER

For some of the especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. Fancy Seed. 1/4 lb. 40c; 1/2 lb. 75c; 1 lb. \$1.40; 5 lbs. \$6.75, postpaid.

AMERICAN ASH

American Ash

A very useful hardy tree, highly drought resistant and hardy in any part of the U.S. It grows up rapidly and has tough branches which do not break down in sleet storms like many other trees. Makes an ideal and well shaped shade tree. It is also widely used for windbreaks and for groves. **Sturdy 3 to 4 ft. trees: Each 60c; 3 for \$1.40; 12 for \$4.95 postpaid.**

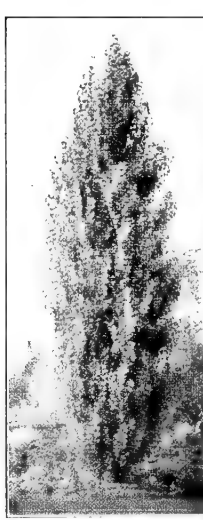

Chinese Elm

A new elm which is becoming very popular as it is one of the rapid growing shade trees. It is a fine shaped tree, extremely hardy, and will thrive in dry sections. Well suited for either shade or street trees. Our trees are transplanted with plenty roots, sturdy trees; no spindly seedlings as are often offered at low prices. **Strong transplanted 3-4 foot trees. Each 60c; 3 for \$1.40; 12 for \$4.95, postpaid.**

Weeping Willow

A graceful tree that grows to large size, is very hardy and will grow in either moist or dry ground; is also a rapid grower. The long, slender drooping branches are well supplied with narrow green leaves. The bright golden yellow bark is very effective in landscape even when not in leaf. **4-5 foot trees. Each 70c; 3 for \$2.00.**

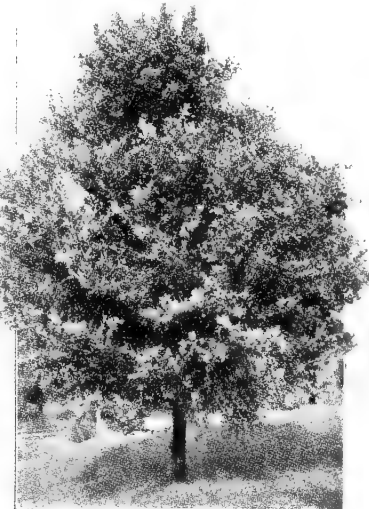

Mrs. Olin Olson, Wis.—Well pleased with the shrubs and trees which just arrived.

LOMBARDY POPLAR

Lombardy Poplar

A widely used slender-growing tree suitable for planting along drives and boundary lines; also useful for windbreaks and tall screen hedges. Well supplied with bright green foliage with silvery appearance on under side. Makes a rapid growth and is very hardy. **Strong transplanted 4-5 ft. trees. Each 60c; 3 for \$1.20; 12 for \$4.25, postpaid.**

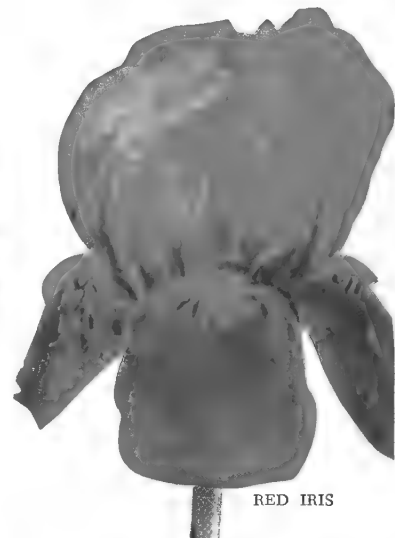

CHINESE ELM

WHITE BIRCH

The Beautiful White Birch

White Birch are a very hardy tree and will grow to a height of 25 to 30 ft., and are especially attractive if 2 or 3 trees are planted close together or using "clumps" with 2 or more trunks. After the trees are planted a few years the bark turns white and remains that way throughout the year. The bright green foliage turns an attractive yellow in the fall. You will be delighted to have a few of these showy trees on your lawn. **Single trunk 3 to 4 ft. trees: Each 90c; 3 for \$2.50. Clumps 2 to 3 trunks: Each \$1.75; 3 for \$5.00, postpaid.**

RED IRIS

Red Toned Iris

Not many people are aware of the wonderful progress that has been made with Iris in recent years, especially in red shades. So that you may have a fine assortment of the red toned varieties we will send you a collection of

5 RED IRIS for \$1.50.

These are large, select plants; many of them sold for \$2.00 each only a few years ago. Each plant labeled.

Iris plants shipped during July and August.

SCARLET CLIMBER ROSE

Scarlet Climber Rose

The size of flowers, profusion of bloom, and dazzling red color makes this one of our most gorgeous climbing roses. The flowers are large in size, very double, and are borne in clusters of 5 to 2 flowers; as they are produced on long stems they are well suited for cutting and bouquets. **Strong 2-year field-grown plants. Each 90c; 3 for \$2.50.**

Skyrocket Rose

A hardy Rugosa Rose and one of the most profuse bloomers, plants set out in the spring are often completely covered with flowers in 6 to 8 weeks after planting. Flowers are produced in large clusters, especially beautiful when in bud as they are long and pointed later opening into beautiful flowers. By keeping the plants lightly pruned they will flower all summer. **Select 2-yr. field grown plants: Each 85c; 3 for \$2.40; 6 for \$4.35.**

SKYROCKET ROSE

Top—K. A. VICTORIA
Bottom R. MALLERIN

HYBRID TEA ROSES

To meet a growing demand we are now offering a select list of especially fine hybrid roses. These are all strong 2-yr. field grown plants that will commence to bloom early in the summer and will continue to produce flowers until frost. Detailed instructions on how they should be planted and cared for will be sent with each order.

BRIARCLIFF—A very popular rose, large silvery pink blooms of superb beauty. The long pointed buds expand to mammoth flowers which are very fragrant.

K. A. VICTORIA—One of the best and also most profuse flowering white tea roses. The exquisite blooms are soft pearly white, very double, delightfully fragrant and beautifully formed.

PRES. HOOVER—One of the better two-toned roses being a fine combination of rich red and orange. Beautifully formed blooms are freely produced on vigorous, upright bushes.

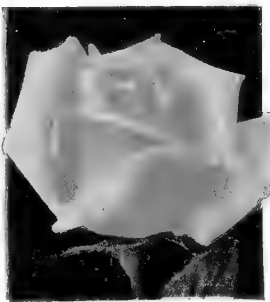

R. MALLERIN—A grand red rose that does not fade. Buds of brilliant red open into 3½ in. flowers which are very double and highly fragrant. A vigorous grower and profuse bloomer.

S. THERESA—One of the best yellow roses. Flowers are very fragrant, color bright yellow with some of the petals edged with carmine. Grows a healthy, vigorous, free flowering bush.

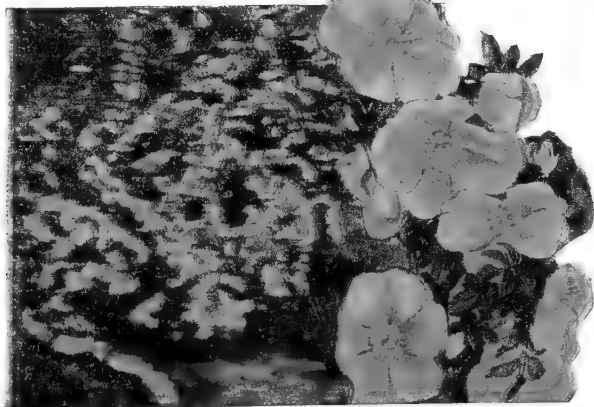

PRICE OF ABOVE ROSES—Select 2-yr. field grown plants: Each 95c; 3 for \$2.75; 6 for \$5.25.

ROSE OFFER NO. 1

One select 2-yr. plant of each of the above 5 Hybrid Roses for \$5.20.

PRES. HOOVER

GOLDEN ROSE OF CHINA

Golden Rose of China

A wonderful new rose from China that is perfectly hardy and very showy even when not in blossom as the foliage is very fine or fernlike, deep green and very glossy. Very useful for planting with other shrubs or for show plants when planted singly. The bushes grow 4 to 5 ft. tall and when in full bloom are a mound of glistening gold, the branches drooping gracefully with a mass of blossoms. The long densely flowered branches may be cut for table bouquets without detriment to the bushes as the new growth produces the flowers. Strong 2-yr. plants: Each 75c; 3 for \$2.10; doz. \$6.95.

Mrs. C. A. James, Ill.—The nursery stock received from you was the finest I have ever seen.

Mrs. J. Miske, Minn.—All seeds and plants purchased from you have been very satisfactory.

Hardy Lily "SNOW WHITE"

At last a white Lily that has size and beauty and is also hardy. The pure white flowers are even larger than Easter Lilies and even more beautiful. After once established will grow to a height of 3 to 4 ft. and have from 8 to 12 blooms on a stem. Will increase in size and beauty from year to year. Large 6 to 7 in. (sure to bloom) bulbs: Each 45c; 3 for \$1.10; 12 for \$3.90.

Du Pont Floral Dust

Keep your Roses, Hardy Phlox and all other garden plants free from insects, blight, mildew, black spot, etc., by using DuPont Floral Dust. To keep your plants free from insects and disease make the first application early and then spray or dust every 7 to 14 days. May be applied either as a dust or spray, full instructions on every container. 8 oz. (filled) Dust Gun 85c; 1 lb. can \$1.20; 4 lb. can \$3.65.

New Rose "PEACE"

Vigorous Grower. Profuse Bloomer.
Blooms All Summer.
(Plant Patent No. 391)

One of our most beautiful and probably the most popular of all Roses. Grows a strong vigorous bush and produces the exquisite blooms throughout the season. Blooms are of large size, very double, they open up a glowing yellow and turn to creamy white and each petal is edged with a light pink. The size and beauty of the flowers and the profusion in which they are produced will give you unbounded satisfaction. Select No. 1 field-grown bushes: Each \$2.50; 3 for \$6.50.

NEW ROSE "PEACE"

PLEASE NOTICE!

When comparing prices please bear in mind that we sell only 2-yr. strong field grown Rose Bushes. We do not offer small 1-yr. grafts such as are often offered at low prices.

Mrs. Arthur Miller, N. D.—You have the best seeds, bulbs and plants. Your merchandise has always been super.

HARDY RUGOSA ROSES

These roses are very hardy and can be grown in any part of the U. S. They were produced by crossing the hardy Rugosa Rose with some of the best double everblooming varieties. They have perfectly double flowers, bloom at frequent intervals throughout the season and are highly fragrant. They are absolutely hardy and are not susceptible to many diseases and insects that attack other roses.

BELLE POITEVIN—Grows a strong, vigorous bush and branches freely, every tip laden with large double flowers of a live, clear pink color. Buds are long and have an exquisite perfume. Strong plants: 75c; 3 for \$2.00; 12 for \$7.90.

HANSA—One of the finest of the hardy Rugosa Roses, growing a strong healthy bush that bears the large handsome flowers in great profusion. Flowers are large, very full and double and a rich maroon red in color. A bush of these roses is a grand sight when in bud or bloom. Strong plants: Each 75c; 3 for \$2.10; 12 for \$7.50.

HARRISON'S YELLOW—One of the hardiest yellow Roses. When in full bloom the plant is simply a mass of gold. Foliage is fern-like and very attractive. Strong 2-yr. plants: Each 90c.

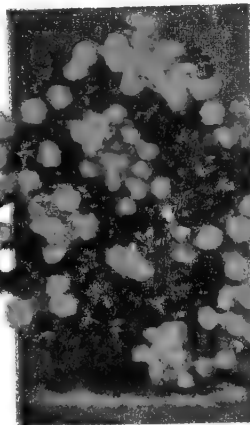

SIR THOMAS LIFTON—A rare white Rugosa Rose. Flowers are very double and borne in profusion throughout the season. A beautiful fragrant rose. Strong 2-yr. plants: Each 80c; 3 for \$2.25; 12 for \$8.25.

DWARF RAMBLER ROSE

"F. J. GROOTENDORST"—A cross between Rugosa and Baby Rambler that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. Select plants: Each 95c; 3 for \$2.75; 12 for \$10.50.

Tom McQuoid, Minn.—Have always been well pleased with your strong, husky nursery stock; it is so reasonably priced.

Mrs. J. Landstrom, Wis.—The shrubs purchased from you were the best and most reasonably priced of any I have ever purchased.

GROOTENDORST

SIR THOS. LIFTON

RED DOROTHY PER

Climbing Rose

"RED DOROTHY PER"

A splendid new climber for its brilliant flowers in great masses of blossoms. The flowers are very double in size than the others. The vines are very glossy and deep green, immune from disease. Select 2-yr. plants:

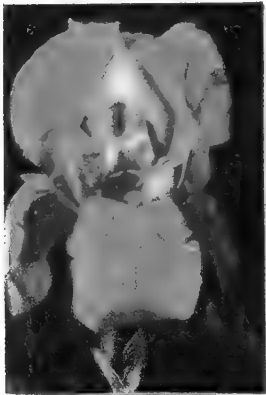

ROYAL LILY

RANGER

Grand New Red Iris "RANGER"

One of the newest Iris being a dark but very brilliant, almost true crimson red. A wonderful bloomer bearing the large flowers on strong sturdy stems, will make a grand showing in any planting. Each 85c; 3 for \$2.25.

SUNSET SERENADE

"SUNSET SERENADE"

We consider this to be one of the very best Iris as it combines unusual beauty, exceptional vigor and giant flowers. Soft golden tan standards are apricot-buff; falls orange tan with a yellow beard. A "topper" in every way. Each 75c; 3 for \$2.00.

Mrs. Wm. Meier, Wis.—Must tell you that the Iris received from you are the most beautiful I have ever seen.

Jung's Deluxe Iris

On our farms we are constantly adding the newer Iris as they become available. The varieties listed below are all really superb in every way and are all "topnotchers".

AZURE SKIES—Large ruffled flowers of delicate lavender blue. The domed standards and horizontal standards are set off by a white beard.

BUFFAWN—An Iris of unusual coloring being a soft pinkish buff with brilliant tangerine beard. Very attractive and a profuse bloomer.

CITY OF LINCOLN—Brightest, largest and showiest of the two-toned varieties. Clear golden yellow standards, wide fiery red falls, a striking contrast.

GREAT LAKES—A beautiful clear and pure light blue that command admiration. A tall upright grower, splendidly branched flowers display fine form.

GRAND CANYON—Large ruffled blossoms on tall stalks. A wonderful blend of deep tones of plum, copper and gold.

MISS CALIFORNIA—Gigantic flowers of a rich lilac pink. Sturdy grower and profuse bloomer.

OLA KALA—The outstanding rich deep yellow Iris. Large well formed ruffled flowers on tall well branched stalks.

PRAIRIE SUNSET—Apricot, copper, gold, rose and pink are fused like the glorious sunset. Huge flowers are produced on strong sturdy stems much like a gladioli. A Dykes Medal Winner. Each 50c; 3 for \$1.35. (See Cut Below)

RED VALOR—A superb red that gleams like a ruby, garnet red with orange beard. Flowers of heavy substance and borne on tall stalks.

SABLE—This wonderful Iris possesses large strong stalks, flowers of heavy substance and is a profuse bloomer. The large blooms are almost black with a wonderfully lustrous sheen.

TEA ROSE—Bright glowing pink with no hint of orchid, may be said to be a mallow pink with coppery shading. Perfect form, a really superb Iris.

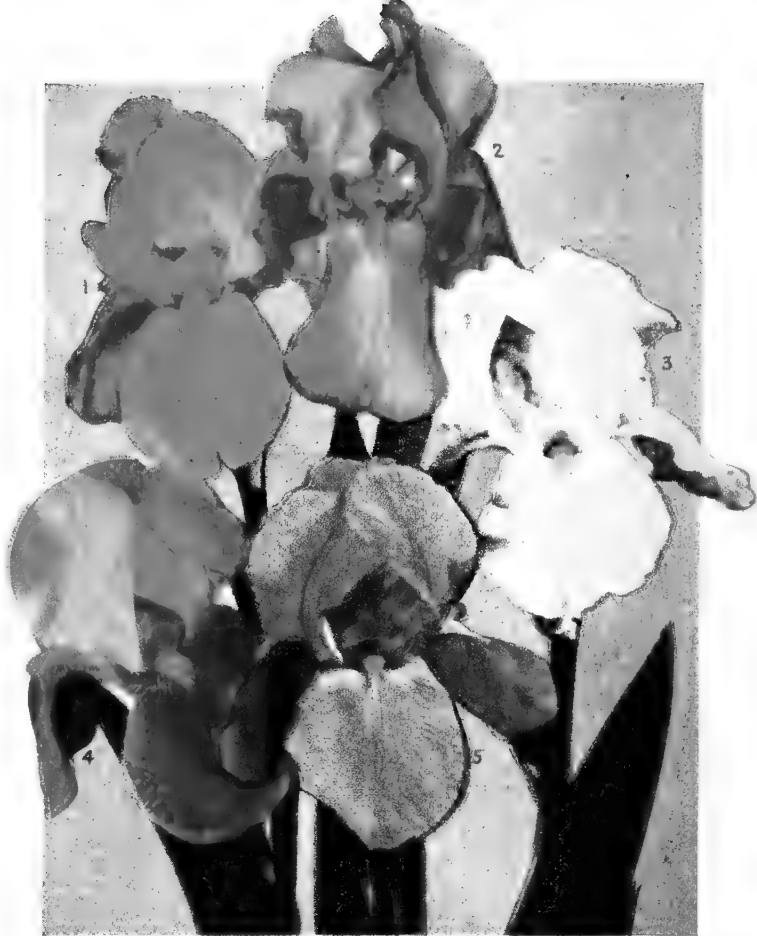

WHITE SUPREME—A superb pure white Iris that combines hardness, beauty and profusion of flowers. The large glistening white flowers are borne on stems 3 ft. tall are well formed and of heavy substance.

PRICE OF ABOVE IRIS—Except where noted; Each 50c; 3 for \$1.35; 6 for \$2.50.

SPECIAL IRIS OFFER NO. 2

One select plant of each of the above twelve Supreme Iris for \$4.00.

Iris undoubtedly are one of the most popular, hardy perennials and they well deserve their popularity. They are hardy and may be grown under various conditions with little care. They are easy to grow, not bothered by insects and come in a wide variety of colors. You will be highly pleased with our vigorous, healthy plants.

1—OLA KALA

4—RED VALOR

2—TEA ROSE

3—WHITE SUPREME

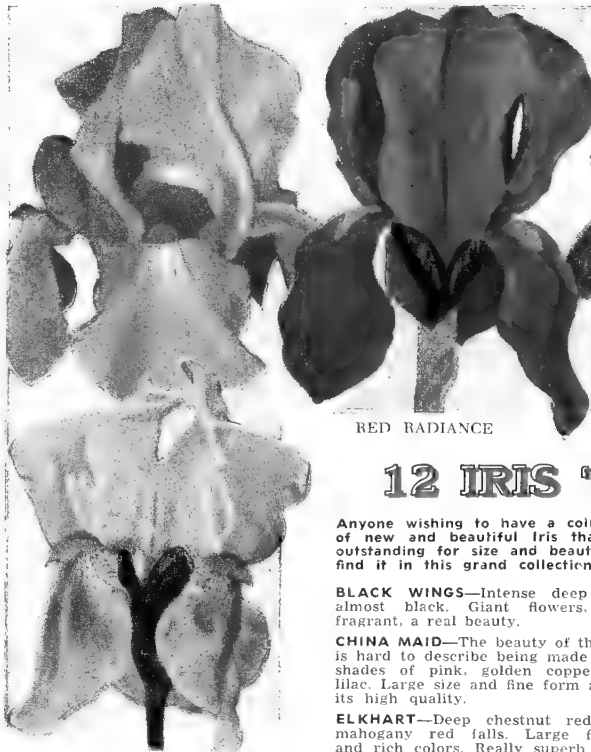

5—GREAT LAKES

NOTICE!

As Iris do best if set out in the fall we no longer send these plants out in the spring. You may order Iris at any time, plants will be sent as soon as dormant which is usually during August.

Mrs. John Holciewska, Wis.—The Iris from you are beautiful.

Mrs. Carl Stackamp, Mich.—Received the Iris, they are fine strong healthy roots and we are well satisfied with them.

Top—ELSA SASS
Bottom—HEAVENLY BLUE

RED RADIANCE

PINK SATIN

12 IRIS "TRISTOCRATS"

Anyone wishing to have a collection of new and beautiful Iris that are outstanding for size and beauty will find it in this grand collection.

BLACK WINGS—Intense deep blue, almost black. Giant flowers, very fragrant, a real beauty.

CHINA MAID—The beauty of this Iris is hard to describe being made up of shades of pink, golden copper and lilac. Large size and fine form add to its high quality.

ELKHART—Deep chestnut red with mahogany red falls. Large flowers and rich colors. Really superb.

ELSA SASS—A new shade of clear sulphur yellow shading to white near the haft. Flowers are of good size, ruffled at the edges. Good grower and free bloomer.

EROS—A new color in Iris being a solid salmon pink throughout. Large, lovely flowers.

HEAVENLY BLUE—Gigantic flowers of solid delphinium blue. An Iris of beauty and charm.

JEAN CAYEUX—A Dykes Medal Winner and one of the most distinct and beautiful Iris. A marvelous blending of buff and Havana brown.

PINK SATIN—A large lovely pink with delightful ruffling. Orange beard gives added charm.

RED RADIANCE—A tall grower and one of the better "reds". You will like it. Each 45c; 3 for \$1.25.

VIOLET BEAUTY—Deep violet-blue which does not fade. Large flowers are beautifully ruffled and produced in abundance.

VIRGIN SNOW—A pure glistening white of size and beauty. Good grower and profuse bloomer.

WABASH—A prize winning Iris of regal beauty. Giant flowers of glistening white standards with bright purple margined with white. The large flowers are borne on well branched stalks 3 ft. tall.

PRICE OF ABOVE IRIS—Except where noted: Each 35c; 3 for 95c; 6 for \$1.65.

Special Iris Offer No. 1

One select plant of each of the above 12 Grand New Iris for only \$3.00.

WABASH

BLACK MAGIC

OCTOBER BLAZE

AUTUMN OR EVERBLOOMING IRIS

These fine Iris bloom not only in the spring but usually flower again in the fall.

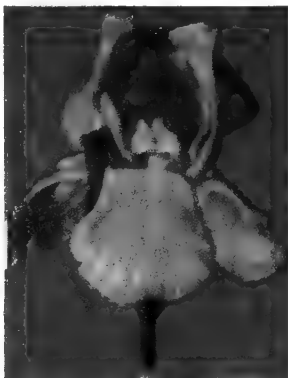

BLACK MAGIC—The most profuse fall bloomer. Deep blue violet with a rich velvety lustre.

FROST QUEEN—Free bloomer. Large flowers of pure frosty white.

JEAN SIRET—The best everblooming yellow. Medium height, plants are a mass of color when in bloom.

OCTOBER BLAZE—One of the most attractive fall bloomers. Large flowers of reddish purple.

Price of above Iris: Each 40c; 1 select plant of each for \$1.35.

PRAIRIE SUNSET

DWARF IRIS

DWARF IRIS

A dwarf strain of Iris growing only 6 to 8 in. tall and are very useful as borders for tall Iris flower beds, also desirable for rock gardens. They come into bloom very early and spread soon forming a solid mass of color.

DR. POTTER—Deep purple, free flowering.

BETTY PRESBY — Light yellow, profuse bloomer.

Price of above: 6 for 85c; doz. \$1.50; 25 for \$2.75.

GIANT FANCY IRIS

Jung's Giant Fancy Iris

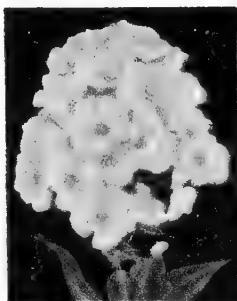

This assortment of Iris is made up for those who want something really good at a low cost. It is made up from select named varieties, many of which sold for 50c to \$1.00 each only a few years ago. For size, beauty and colors they are all that can be desired. They are hardy, easy to grow and will increase in size and beauty for a long time. **Strong select plants: 3 for 55c; 6 for \$1.00; doz. \$1.90; 25 for \$3.50.**

LYTHRUM

Moretons Lythrum

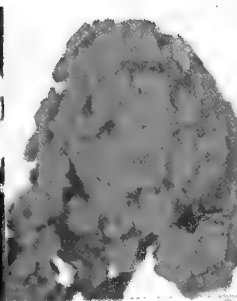

Another grand hardy perennial that will delight all flower lovers. Very thrifty and vigorous and produces long spikes of closely set bright rose flowers. Especially fine for bouquets. Plants remain in flower for 6 to 8 weeks. **Strong field grown blooming size plants. Each 45c; 3 for \$1.10.**

BORDER QUEEN

MARY LOUISE

FIREBRAND

HARDY PHLOX

These may be classed as one of our best summer flowering perennials. They are very hardy, easy to grow and suitable for a wide variety of soils. All of our plants are strong field grown and not small rooted cuttings.

BORDER QUEEN—The best pure deep pink flower heads of mammoth size and a profuse bloomer. The best pink.

DAILY SKETCH—Immense flowers of light salmon pink with carmine eyes. No other hardy phlox produces florets so large.

FIREBRAND—Bright vivid scarlet, large and showy. One of the best.

MARY LOUISE—Pure white, heads unusually large, individual flowers twice the size of most other whites. A good grower with clean foliage and prolific bloomer.

ROSY BLUE—This is the nearest blue. A good grower and especially attractive when planted with Mary Louise.

Any of the above: 35c each; 3 for \$1.00; doz. \$3.50.

Fancy Mixed Hardy Phlox

These are strong vigorous plants of select varieties and will give you a fine assortment at low cost. 3 for 85c; 6 for \$1.60; 12 for \$3.00.

JUNG'S SELECT PEONIES

Peonies are the first large flowers to come into flower in the spring and rival Roses for beauty and popularity. They produce their large beautiful flowers in great masses, are very hardy and are not bothered by insects. For best results they should be planted early in the spring or early fall.

1—**EDULIS SUPERBA**—Comes into flower early, often open for Decoration Day. Very large, deep rose-pink flowers that are unusually fine for cutting. Grows sturdy and blooms profusely. **Each 50c; 3 for \$1.25.**

2—**FESTIVA MAXIMA** This fine Peony combines enormous size with wondrous beauty. Color pure white with trace of carmine specks on center petals. The most popular white variety, comes into flower very early. **Each 65c; 3 for \$1.75.**

3—**KARL ROSENFELD**—Large flowers of semi-rose type, almost a perfect globe when fully open; deep velvety red in color and borne on long straight stems. The plant grows strong and tall and each stem bears one of the brilliant flowers. An ideal variety for either landscape planting or cut flowers. **Each 65c; 3 for \$1.80.**

4—**MONS. JULES ELIE**—An exquisitely beautiful Peony. Giant sized flowers that are flesh pink shading deeper pink towards the center. One of our largest and most beautiful varieties resembling a giant pink chrysanthemum. **Each 65c; 3 for \$1.80.**

5—**SARAH BERNHARDT**—This can be classed as one of the best pink Peonies. Flowers of enormous size, live glistening shell-pink in color, with a delightful fragrance. Equally fine for landscape or show, a royal beauty in every way. **Each 65c; 3 for \$1.75.**

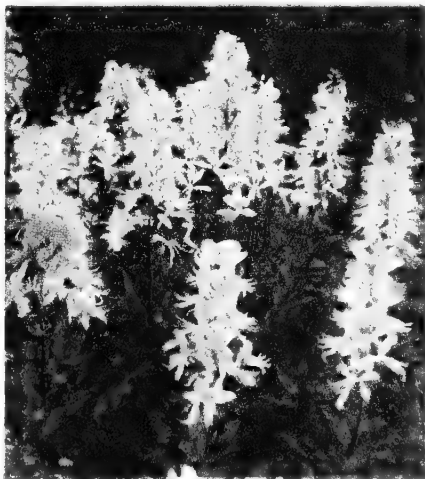

One strong plant of each of these 5 Superb Peonies for \$2.95.

GIANT MIXED PEONIES

Jung's Giant Mixed Peonies

For people who wish a nice collection of Peonies at a reasonable price our mixture will please. The colors are well balanced and the plants are all strong select divisions. At our low prices you can afford to plant them liberally. 3 for \$1.35; 6 for \$2.50; 12 for \$4.75.

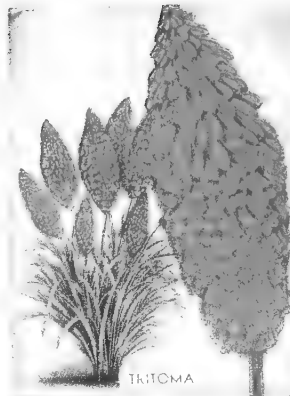

Dictamnus or Gas Plant

A very showy hardy plant that will deserve a place in every flower garden. It grows to a height of about 2½ ft. and is well supplied with attractive fragrant foliage. During June and July the showy spikes of heavily scented flowers are borne in great profusion. Should be planted in heavy soil and a sunny position. We can supply either pink or white, mention color wanted on order. **Select field grown plants. Each 35c; 3 for \$1.00.**

TRITOMA

PFITZERI - RED HOT POKER — Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from August to October. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting.

Extra strong plants, 3 for 75c; 6 for \$1.35; doz. \$2.50; 100 for \$15.00.

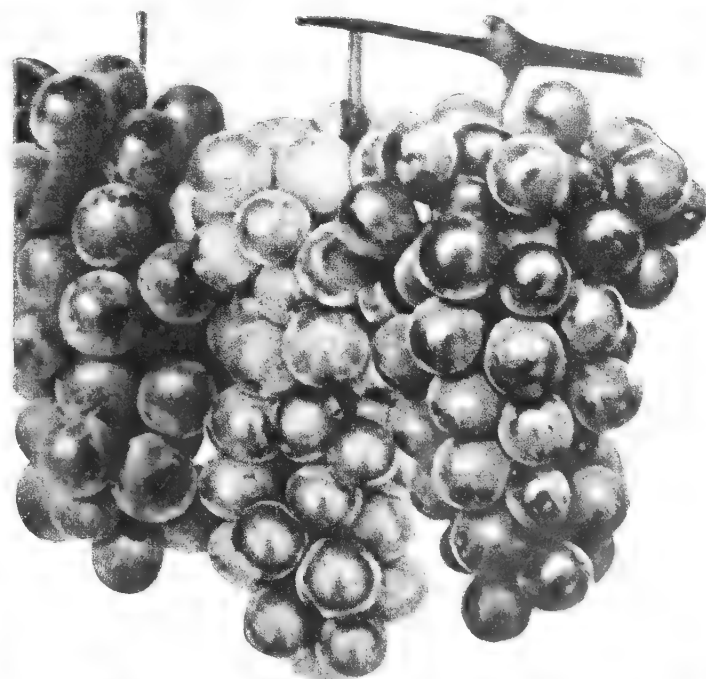

TRITOMA

EDULIS SUPERBA

FESTIVA MAXIMA

KARL ROSENFELD

CONCORD

JUNG'S SELECT GRAPES

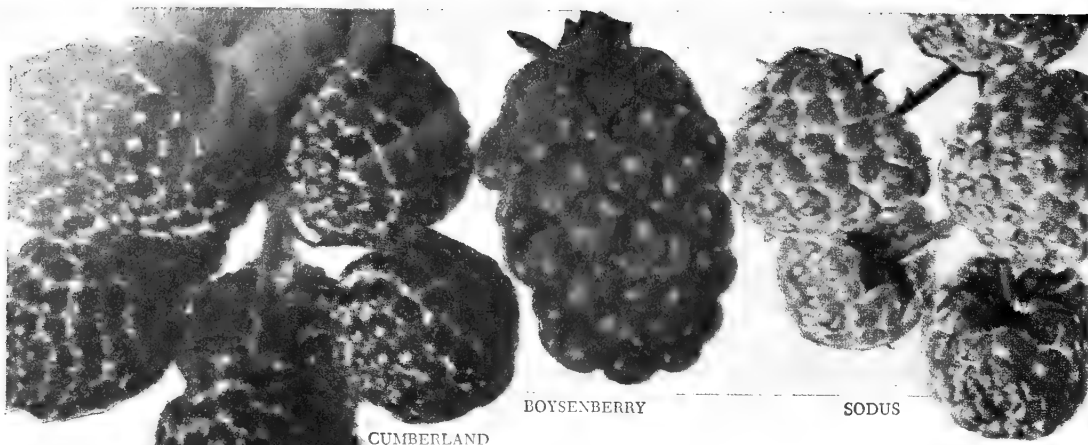

NIAGARA—Occupies the same position among white grapes as Concord does among the black. Produces fine bunches of large white berries of yellowish-white color. Tangy, muscatine flavor and excellent for all purposes. **Strong 2-yr. plants: Each 40c; 3 for \$1.10; 12 for \$4.00.**

DELAWARE—Considered as one of the best red Grapes and also very hardy. Fruit is rich, tender and juicy, rich flavored and of finest quality. Equally fine for eating fresh or to be used for jellies, juice or wine. **Strong 2-yr. plants: Each 45c 3 for \$1.25; 12 for \$4.25.**

THE FAMOUS CONCORD GRAPE cord is the most popular grape one variety that is supreme purpose where Grapes are grown on all soils, in all climates. The bunches are large and ries large, bluish black or blue. Flavor rich and sun juicy. Fruit is produced in abundance. **Strong 2-yr. 3 for \$1.00; doz. \$3.50.**

SPECIAL GRAPE

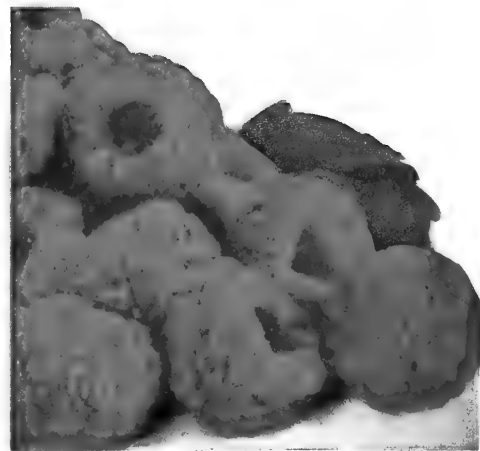

One select plant of each of the 3 fine Grapes for \$1.10; 3 of each for \$3.00.

CUMBERLAND

BOYSENBERRY

SODUS

INDIAN SUMMER

Hardy Northern Grown Berry Plants

Giant Black Raspberry "CUMBERLAND"

This is offered with assurance as a most desirable variety because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor in growth and is as hardy as any variety grown. Fruit is jet black and of extra quality. By far the best results in growing Black Raspberries have been obtained from 2-yr. or transplanted plants. We are now offering 2-yr.-old plants at prices very little more than was formerly charged for inferior 1-yr. plants, bear this in mind when comparing prices. Heavy 2-yr. Plants: 6 for \$1.35; 12 for \$2.65; 25 for \$4.60.

New Giant Thornless Boysenberry

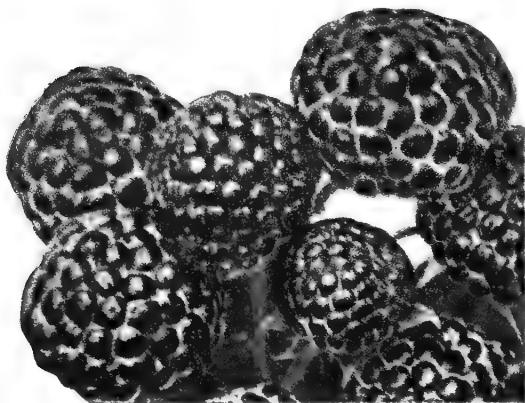

This sensational new berry is about the finest berry we know of. Unlike the ordinary variety the vines have no thorns and are even harder. The berries are of immense size and their sweet delicious flavor is unsurpassed; they are a deep maroon red when ripe and almost seedless. We offer heavy 2-yr. plants as the 1-yr. plants are fragile and hard to get started. Please bear this in mind when comparing prices. Each 45c; 3 for \$1.20; 12 for \$4.00, postpaid.

The Best Purple Raspberry "SODUS"

Far superior to Columbian as the berries are larger, of better quality and the plants are hardier. Plants are vigorous and bear an unusually large crop. Will not spread from roots or shoots. Strong 2-yr. plants: 6 for \$1.60; 12 for \$3.00; 25 for \$5.90.

Wonderful Everbearing Raspberry "INDIAN SUMMER"

From trials on our own farms we found this new Everbearing Raspberry so much better that we have discontinued all other varieties. It is a heavy yielder both in early summer and fall, the berries are of large size and excellent quality. Bushes are very vigorous and hardy. Extra select plants: 6 for 95c; doz. \$1.75; 25 for \$3.25; 100 for \$12.25, postpaid.

BRISTOL

New Black Raspberry "BRISTOL"

This grand new "blackcap" produces mammoth sized berries almost 2 1/2 inch in diameter, jet black in color and of superb quality. Grows strong vigorous bushes, highly resistant to disease and bear a heavy crop of fruit. Plants root deeply so are resistant to drought and will produce a crop even in dry years. Strong 2 yr. bearing age plants: 3 for 95c; 6 for \$1.75; 12 for \$3.00; 25 for \$5.50.

LATHAM

"LATHAM" Giant Red Raspberry

By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either home or market garden. Many plants will bear fruit the first year they are set out. Price of strong disease-free plants: 6 for 90c; 12 for \$1.65; 25 for \$3.25; 100 for \$12.25, postpaid.

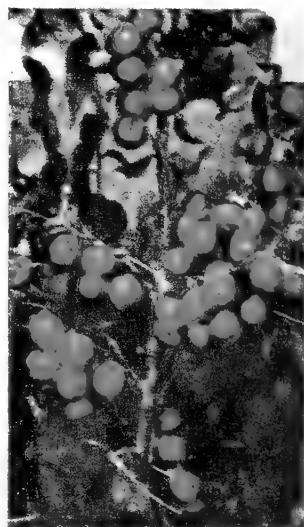

"TRANSPLANTONE"

Increase Root Growth Makes Strong Vigorous Plants Larger and Better Yields.

This is a preparation of root forming hormones and Vitamin B1 and is especially valuable for treating both plants and shrubs when transplanting as it greatly increases root growth and plants thus treated will suffer very little set-back from transplanting. One ounce dissolved in water will make 10 gallons of solution, simple instructions will be found on every package. 1/2 oz. (enough for small gardens) 25c; 3 for \$1.00; 1 lb. \$4.00.

GROWING BERRIES

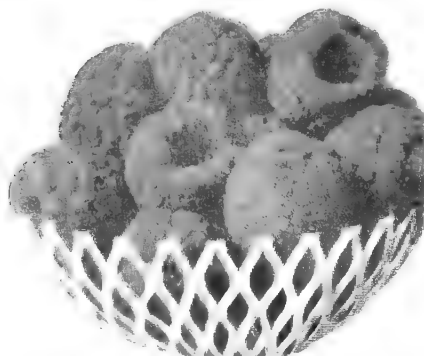

A great part of growing a profitable crop of berries depends on properly setting out and caring for the crop. Unless the right care is given, the best plants will not produce a satisfactory crop. To assist you in every way we have prepared a set of complete cultural instructions for small fruits and will send same with every order for plants.

RUBY BUSH CHERRY

Ruby Bush Cherry

This is a great improvement over the Nanking as it bears more abundantly, the fruit is larger and of better quality. The shapely bushes grow 7 to 8 ft. tall and usually bear the 2nd year and the 3rd year branches are literally covered with bright red fruit of superb quality for pies, jam or jelly. Set out at least two of these trees to insure pollination. Select 24 to 36" plants: 2 for \$1.95; 6 for \$5.25.

NEW RASPBERRY "JUNE"

NEW THORNLESS RED RASPBERRY "June"

A new Red Raspberry originated at the Univ. of Wis. which ripens fully 10 days earlier than Latham and is a remarkably good yielder of large, fine quality berries. However, its great merits are that the canes are practically thornless and it will not spread like other varieties. It excels in earliness, yield, quality and hardiness. We have only a limited quantity of these plants to offer this year. Strong Select plants of our own growing: 6 for \$1.35; 12 for \$2.50.

Mrs. Anna Thompson, Ark.—Never during a half century have I seen such thrifty raspberries as we grow at June.

Earliest Garden Collection

14 Big Packets of the Earliest Vegetables for \$1.25

If you wish to have things in your garden very early, far ahead of your neighbors, plant this special collection. It is made up of our very earliest varieties of Northern Grown Seeds which are unexcelled for earliness, hardiness and productiveness. This collection contains 14 full sized packets as follows:

BEANS—Brittle Wax	LETTUCE—Best of All
BEANS—Giant Stringless	ONION—Ea. Yellow Globe
BEET—Early Wonder	4 oz. PEAS—Little Marvel
CABBAGE—Golden Acre	RADISH—Jung's Rapid Red
CARROTS—First of All	PUMPKIN—Bush Pie
CUCUMBER—Earliest of All	SQUASH—Bush Table Queen
SWEET CORN—Wis. 800	TOMATO—Early Scarlet

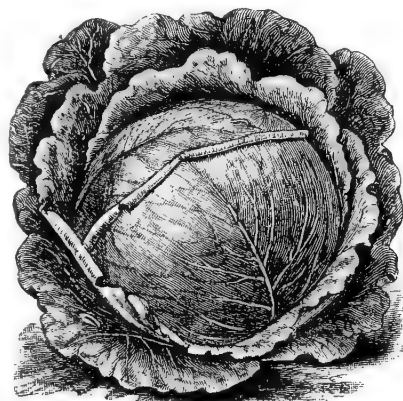

If bought at regular catalog price the above would cost \$1.40 but as a special offer we will send the above 14 full packets of Earliest Seeds for \$1.25. Booklet of Culture Instructions free with each collection.

TOPCROP BUSH BEANS

"Topcrop" Green Pod Bush Bean

All America Gold Medal Winner. Superb Quality. Heavy Yielder. A new bush bean developed by the U. S. Dept. of Agriculture, that combines high disease resistance, excellent quality and large yields. Bushes are vigorous, 15 to 18 inches high and set a heavy crop of pods. Pods 6 to 7 in. long, round, straight, meaty and free from string and fiber. Considered one of the best beans for canning, freezing or table use. Pkt. 12c; 1/2 pt. 35c; pt. 55c; qt. \$1.00.

WISCONSIN BALLHEAD

Disease Resistant CABBAGE

Wisconsin Ballhead
This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 10c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.50; lb. \$4.50.

Mrs. E. Staten, Ind. — The Gladioli bulbs you sent us produced flowers that were the talk of this town.

H. F. Kraver, Ohio—Have been buying your seeds for many years, they always grow.

BUSH TABLE QUEEN

Uconn or Bush Table Queen Squash

This splendid new squash has all the good qualities of the old variety and in addition is a true bush type so you can now grow superb quality squash in a small space. Vines grow only about 3 ft. long and bear from 3 to 6 squash on a vine. The squash are just the right size to serve baked or buttered and they will keep all winter, also a fine variety for pies. Pkt. 10c; oz. 25c; 1/4 lb. 65c; lb. \$1.85.

Superb Main Crop Tomato "Wisconsin 55"

Vigorous Grower. Handsome Appearance. Large, Smooth, Deep Red Fruits. This superb new tomato was developed by Dr. John C. Kalker and Dr. James Kuntz of the University of Wisconsin. Their aim was to produce a tomato superior to anything thus far available. It ripens as early as John Baer and has all the good qualities of Stokesdale and Rutgers. Compared to these it has larger fruit, no shoulder cracks, no blossom end rot, ripens evenly, is uniform in size, has a strong skin and solid walls so makes an excellent shipper. It is also resistant to defoliation diseases, early blight and leaf spot, thus far it has out-yielded other varieties by 30%, you will find this to be the top ranking Tomato.

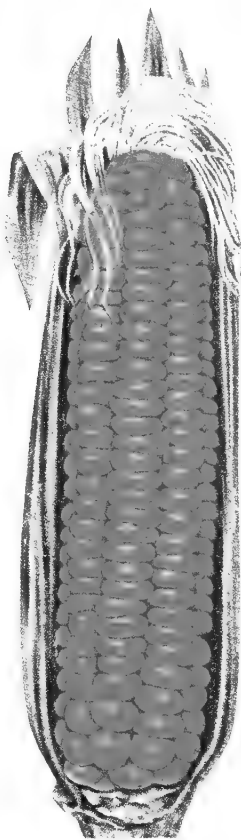

WIS. "55" TOMATO

Certified Wis. Grown seed: Pkt. 15c; 1/4 oz. 30c; 1/2 oz. 50c; oz. \$1.00; 1/4 lb. \$2.50.

Superb New Vegetables

The vegetables listed on this page are varieties which have proved to be outstanding for quality. They will please you in every way and help make your garden a success.

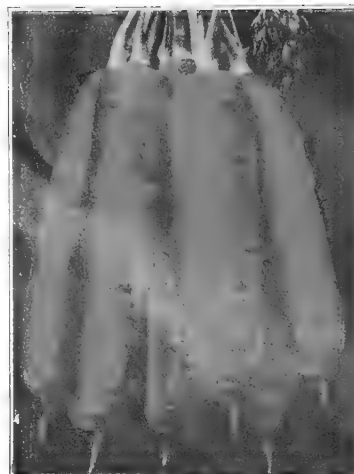

WIS. "800"

Mrs. G. Sites, Kans.—Your Wis. "800" Sweet Corn is wonderful, matured in 60 days and worms didn't bother it.

Tendercore Carrot

Handsome Appearance. Superior Quality

A superb new Carrot combining the fine qualities of its parents Nantes and Chantenay. They grow 5 to 6 in. long, about 2 in. in diameter at the shoulder and taper slightly to a blunt point. A highly attractive carrot and of excellent quality with practically no core, intense orange-red flesh, very crisp, tender and of superb flavor. Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.00; lb. \$3.25.

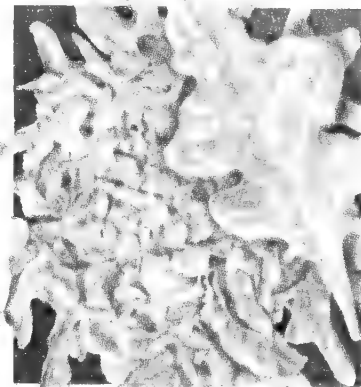

TENDERCORE CARROT

EXTRA EARLY Hybrid Sweet Corn

Wisconsin "800"

Extra Early. Heavy Yielder
Sweet and Luscious

A new extra early hybrid sweet corn developed at the University of Wis. It is one of the earliest varieties, under normal conditions is ready to pick in 70 to 72 days. Ears are 6 to 7 1/2 in. long, usually 8 rowed, and are well filled with tender, delicious, deep golden kernels; flavor and quality are superb. A very profitable variety for the market grower as it comes on when prices for the first corn are always high. As the stalks are dwarf it does not require much space, making it well suited for the small garden. Pkt. 10c; 1/2 pt. 30c; pt. 50c; qt. 95c.

OAKLEAF LETTUCE

Oakleaf Lettuce

A distinctive leaf lettuce of superb quality that is rapidly becoming very popular for the home gardens. The plants form a loose head of dark green, deeply lobed leaves which are high in vitamins, remarkably tender and of excellent quality, it is free from bitterness even in hot summer weather. By making successive sowings of this variety you can have fine lettuce all summer. Pkt. 10c; 1/2 oz. 18c; oz. 30c; 1/4 lb. 80c.

ONION Giant Sweet Spanish (Utah Strain)

Giant in Size. Heavy Yielder. Sweet Mild Flavor. Why buy the large sweet onions at fruit stores when you can grow them in your own gardens? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions. Seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. We offer our special strain of seed which was grown from only carefully selected bulbs. Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.25; lb. \$4.25; 5 lbs. \$19.95.

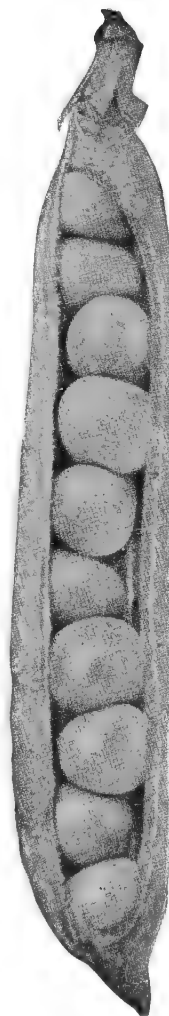

SWEET SPANISH ONION

"Gardening"

We not only wish to sell you the best seeds obtainable but we also want to help you have good results from these seeds. We have prepared a booklet of detailed instructions on how to grow the finest vegetables and most beautiful flowers. You may have a copy of this booklet free with your order if requested on your order.

Giant Tendersweet PEAS

Immense Pods, Heavy Yielder. Superb Quality. A new main-crop Pea that is in a class by itself. Vines are strong and thrifty. 24 to 30 in. tall require no brush and bear the giant sized pods in profusion. Pods are 5 to 5 1/2 in. in length and contain 8 to 12 large, bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the new size, yield and quality of this splendid new Pea. Pkt. 10c; 1/2 pt. 35c; pt. 55c; qt. 95c.

TENDERSWEET

NEW CONGO WATERMELON

New Congo Watermelon

An excellent new Watermelon resistant to rot that was developed by the U. S. D. and which is rapidly gaining in popularity. Fruits are oblong, of large size, green with faint light green stripes, bright red, fine grained and firm. Pkt. 10c; oz. 35c; 1/4 lb. 1.00; 1/2 lb. 1.50.

Jung's Quality Garden Seeds

In the following pages you will find a complete but select list of both new and standard varieties of seeds, varieties which have been carefully tested and which we can fully recommend. All of these seeds are grown from carefully selected stocks and great care has been used to keep them pure; all have been carefully tested for germination. We make quality the first consideration for we know that without good seeds you cannot raise a good crop. Quality considered, you will find our prices very reasonable.

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety.

This variety is the result of many years work by the U.S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c; oz. 20c; 1/4 lb. 50c; lb. \$1.65. Extra Select Roots: 25 for 95c; 50 for \$1.75; 100 for \$3.40.

ASPARAGUS

Jung's Northern Grown Bush Beans

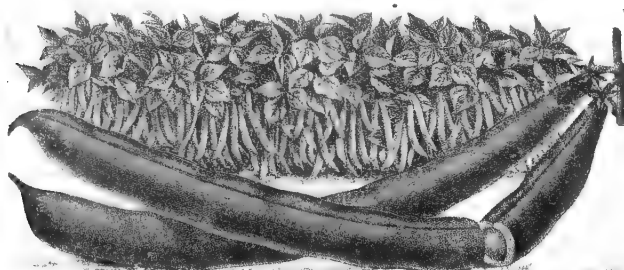

GIANT TENDERGREEN

Giant Tendergreen Pod Bush Bean

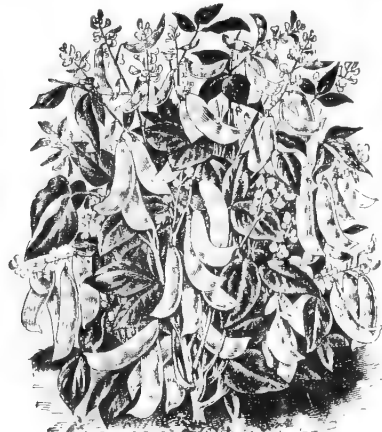

Immense Yielder. Giant Pods. Absolutely Stringless.

A new green podded bush bean, very productive. Absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, stringless, and of finest flavor. Bushes are unusually strong and vigorous. This variety easily ranks as the most desirable green bush bean. Pkt. 10c; 1/2 pt. 35c; pt. 50c; qt. 95c.

GIANT STRINGLESS GREEN POD

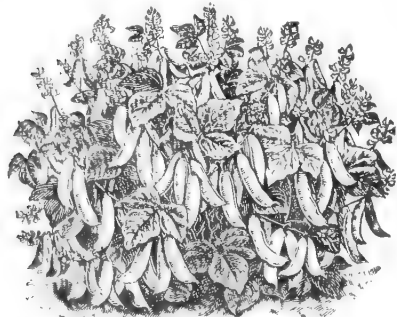

GIANT STRINGLESS GREEN POD—Here is an absolutely stringless, giant podded bush bean. It combines extreme earliness, unusual hardness, and great productivity. The handsome pods are 6 to 7 inches long, very brittle and stringless even when fully matured, deep green in color and of the finest quality. One of the best varieties for either market or the home garden. Pkt. 8c; 1/2 pt. 30c; pt. 50c; qt. 90c.

WONDER BUSH LIMA

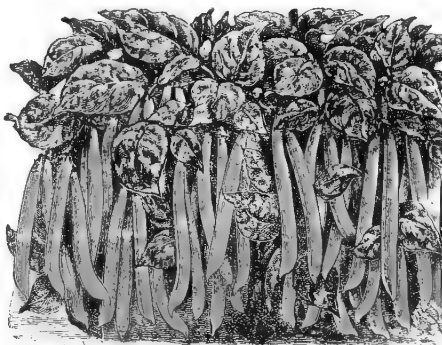

BUSH LIMA BEANS

WONDER BUSH LIMA—A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 10c; 1/2 pt. 35c; pt. 50c; qt. 95c.

EVERGREEN BUSH LIMA

EVERGREEN BUSH LIMA — The earliest of all Lima Beans, by planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 8c; 1/2 pt. 35c; pt. 50c; qt. 95c.

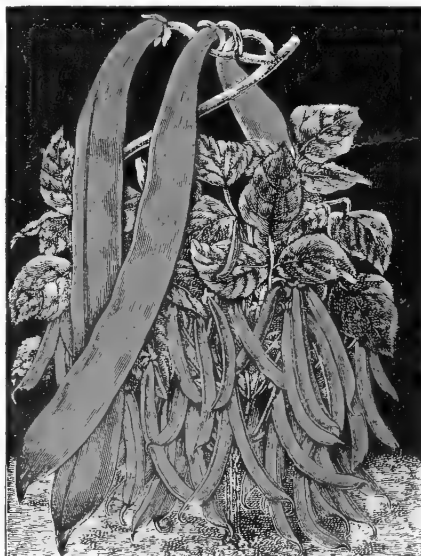

FAIRFIELD WONDER WAX

Fairfield Wonder Wax

Without a Doubt the Finest Wax Bean Ever Introduced.

It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please the most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods which are from 6 to 9 inches long, 1/2 inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 12c; 1/2 pt. 35c; pt. 55c; qt. \$1.00.

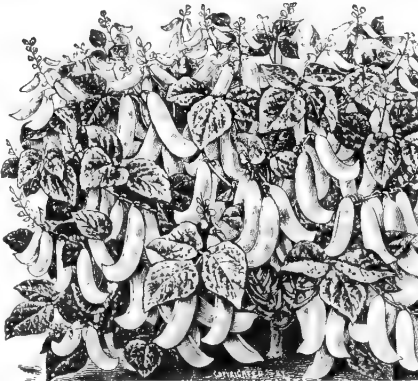

PUREGOLD WAX

Puregold Wax

Vigorous Plants. Tender and Stringless Pods.

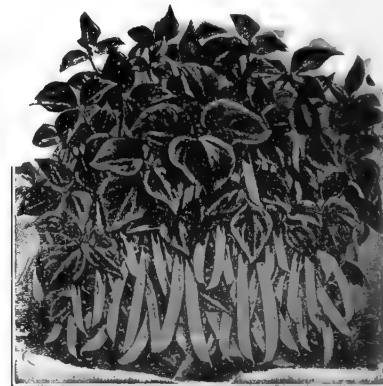

A new bush bean that combines vigor, yield and quality. The bushes grow 18 to 24 in. tall are covered with heavy foliage and bear a tremendous crop of round meaty pods. Pods are 5 1/2 to 6 in. long, a deep golden color, tender, stringless and of excellent flavor. Owing to the large plants and heavy crops it produces it is a week to 10 days later than the standard varieties. Pkt. 12c; 1/2 pt. 35c; pt. 60c; qt. \$1.00.

John J. Alt Wis.—This is our 30th year of ordering seeds from Jung's and we have always been pleased.

FORDHOOK BUSH LIMA NO. 242

FORDHOOK BUSH LIMA No. 242—This new strain has all of the good qualities of the old variety and in addition is much more productive. Each pod contains 3 to 5 closely packed beans of superb quality. Of true bush type, the plants grow 16 to 20 in. tall, very sturdy and bear an abundant crop of the well filled pods. Pkt. 10c; 1/2 pt. 35c; pt. 50c; qt. 95c.

PENCIL POD WAX

Pencil Pod Wax

We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 10c; 1/2 pt. 35c; pt. 50c; qt. 95c.

It will pay you to inoculate your Beans with Dickinson's Inoculation, your plants will grow stronger and bear more. See Page 1.

BRUSSELS SPROUTS

BRUSSELS SPROUTS

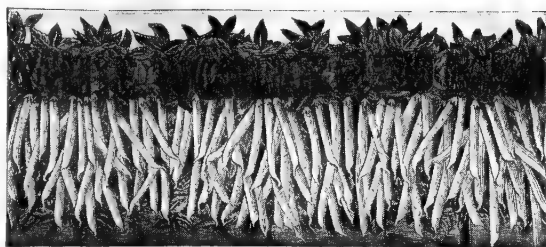

LONG ISLAND IMPROVED—The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage; hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the Sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 10c; 1/2 oz. 25c; oz. 45c.

BORECOLE or KALE

BORECOLE or KALE

DWARF CURLED — Useful for furnishing greens for boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the flavor is improved by freezing. Pkt. 8c; 1/2 oz. 15c; oz. 25c.

SNOWFLAKE FIELD BEANS

Snowflake or 1200 to 1 Field Beans

Ripens Early. Immense Yielder. Handsome Appearance. Unequalled for Soups or Baking.

We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. Pkt. 7c; ½ pt. 25c; pt. 40c; qt. 75c. Not prepaid: Pk. \$2.25; Bu. \$7.25; 5 bu. \$34.50.

POLE BEANS

BLUE LAKES—A great improvement over the old Kentucky Wonder as it is stringless, ready to use earlier and bears a tremendous crop. Pods 6 to 7 in. long, round, stringless, bright dark green and very fleshy. Until you have tasted some of these superb beans you do not know how truly delicious beans can be. A superb bean for freezing or canning. Pkt. 10c; ½ pt. 30c; pt. 50c; qt. 95c.

KENTUCKY WONDER WAX—The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 12c; ½ pt. 35c; pt. 55c; qt. \$1.00.

HENDERSON'S EARLY LEVIATHAN LIMA—This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

SUGAR BEETS

KLEIN WANZLEBEN—This Beet is the result of years of methodical and preserving selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analyses showing that the average percentage of sugar obtained from this variety is about 12 and its average yield may be stated to be 15 to 16 tons per acre, but crops of 25 to 40 tons per acre have been obtained off it. Flesh fine grained and very sweet. Pkt. 7c; oz. 12c; ¼ lb. 35c; lb. \$1.10.

MANGELS

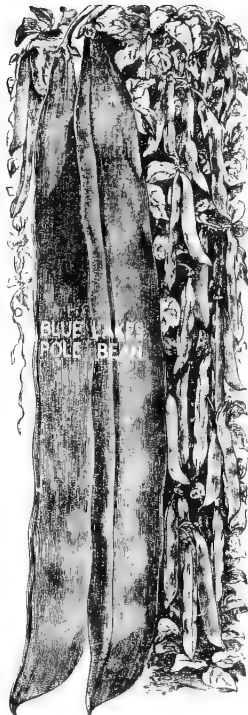

MAMMOTH LONG RED—The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other variety except it be the Half Long Sugar, making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it picking out pieces of it in preference to all others. Oz. 12c; 2 oz. 20c; ¼ lb. 35c; lb. \$1.25.

GOLDEN TANKARD—A smooth yellow fleshed Mangel. Roots are of large diameter tapering quickly to the bottom which is quite broad with only a small tap root. It yields an enormous crop on good soil and can be closely grown in rows. No root crop is a better paying investment for farmers to grow than Mangels. Oz. 12c; ¼ lb. 35c; lb. \$1.25.

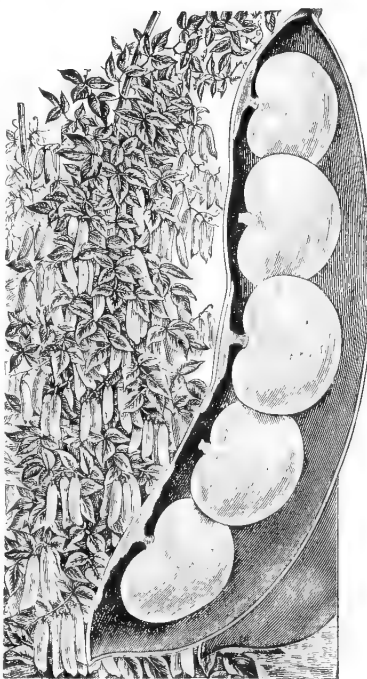

Cress or Pepper Grass

An annual, making a good salad. Leaves are finely cut and feathery, like a good parsley. It is dwarf and compact in growth, crisp and refreshing. Pkt. 7c; oz. 20c.

Mrs. B. Banek, Wis.—By planting your seeds I always have the best garden around here.

BLUE LAKES
POLE BEAN

HENDERSON'S LEVIATHAN

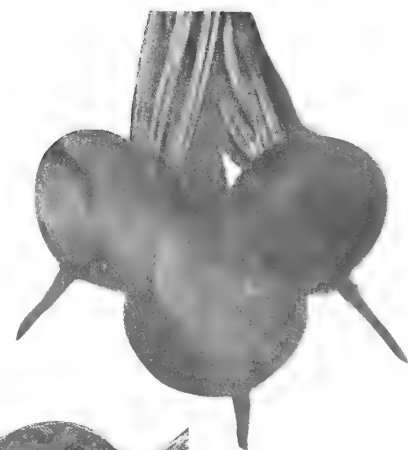

MAMMOTH LONG RED

GARDEN BEETS

Fireball

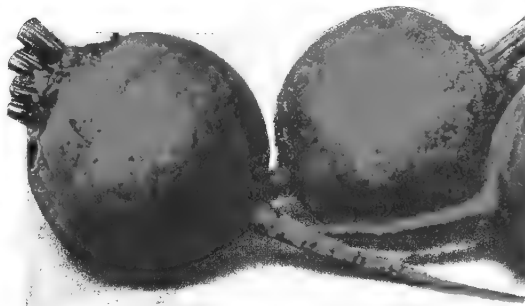

This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. Pkt. 8c; oz. 20c; ¼ lb. 45c; lb. \$1.50.

FIREBALL

C. B. Bright, Idaho—Received my seeds, am pleased with the quantity of seeds in the pkts.

J. H. Walker, Ill.—Your seeds are the best, never failed me yet.

EARLY WONDER

Early Wonder

This splendid variety is extremely early, of perfect globe shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. In quality and color it is peerless, very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good forcing variety. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 60c.

SELECT DETROIT DARK RED

Select Detroit Dark Red Beet

This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe-shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.50.

BROCCOLI

ITALIAN GREEN SPROUTING—One of the new vegetables that is rapidly gaining in popularity. It is grown the same as cabbage or cauliflower and is ready to use in about 90 days after sowing. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 8c; ½ oz. 25c; oz. 45c.

CELERY CABBAGE - Micheli

Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows, then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp celery-like stalks beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 8c; ½ oz. 20c; oz. 35c.

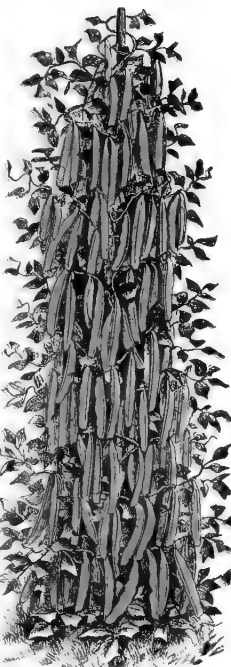

BROCCOLI

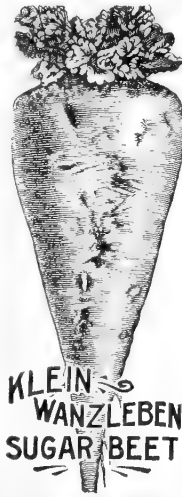

CELERY CABBAGE

Ground Cherry TRUE YELLOW

These plants are low and spreading and produce their luscious fruits in great abundance. Excellent for pies and make delicious preserves as the fruit has a strawberry flavor. Of easy culture and will succeed in most any garden. Pkt. 10c; 3 pkts. 25c.

KEN. WONDER WAX

KLEIN WANZLEBEN
SUGAR BEET

GOLDEN TANKARD

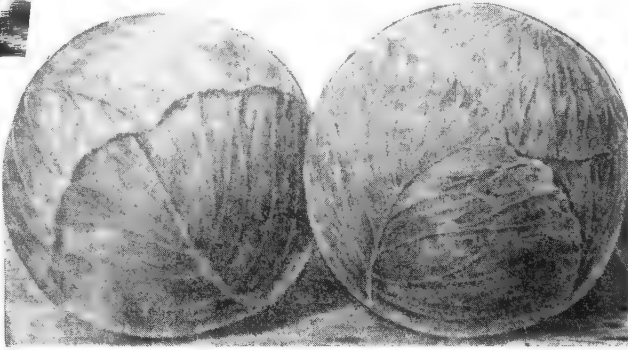

Jung's Select Cabbage

ALLHEAD EARLY—This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully 1000 more than is usual with large cabbage, can be grown to the acre. Pkt. 8c; ½ oz. 20c; oz. 35c.

The cabbage seed we are offering was grown from selected stock and the heads were all carefully inspected before being set out. Our packets of Cabbage each contain enough seed to produce 500 plants.

Protect your Cabbage from worms, bugs and plant lice by using "Red Arrow" spray. See Page 1.

K. R. Smith, N. Y.—Your seeds are wonderful, it is wonderful how they grow and bear.

DANISH BALLHEAD or HOLLANDER

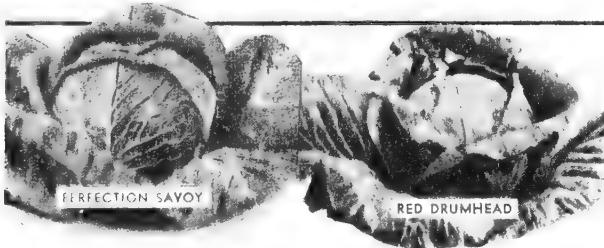

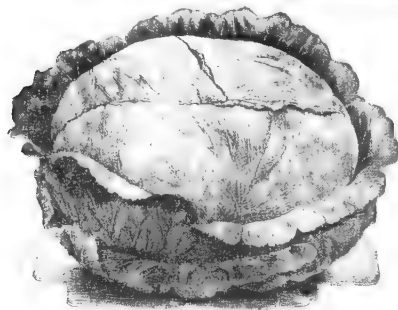

Select Danish Ballhead or Hollander

A Grand Hard Headed Cabbage

This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads, exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequalled, being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25; lb. \$3.50.

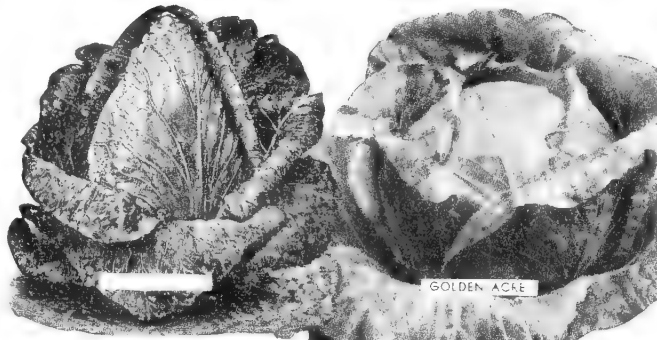

SELECT FLAT DUTCH—It makes a large, round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sorts for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it a splendid sort for giving unbounded satisfaction. Pkt. 8c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.00.

RED DRUMHEAD—This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from 7 to 8 inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. Pkt. 8c; ½ oz. 20c; oz. 35c.

PERFECTION SAVOY—This is the hardest heading and best all-round SAVOY. Plants are of strong growth, having only a moderate amount of outer foliage growing closely around the solid heads. It is very sweet and crisp and always tender. The heads are beautifully blancheted and of the finest flavor. Pkt. 8c; ½ oz. 18c; oz. 35c.

Mrs. E. F. Rinchart, Minn.—The Golden Acre Cabbage was the very best we have ever planted, very solid and little waste as it has only a small core; is very tender and sweet.

JERSEY QUEEN

DISEASE RESISTANT CABBAGE

The select strains of cabbage offered below are especially suited for sections infested with cabbage "yellows" where the regular strains will rot. You will find these varieties of superb quality.

EXTRA EARLY JERSEY QUEEN—A selection of the popular parent and in addition is resistant to "yellows". grows a compact plant and is sure to head. You will find this to be the best "resistant" pointed variety. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25.

MARION MARKET

ket as it is early and sure to produce large, round, solid heads. Pkt. 8c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25.

"WIS. BALLHEAD"—This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.50; lb. \$4.50.

WISCONSIN BALLHEAD

JUNG'S FIRST OF ALL

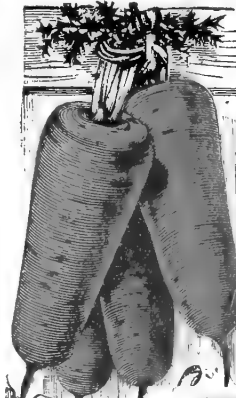

Select Carrots

JUNG'S FIRST OF ALL—A remarkable handsome Carrot that is ready to use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 65c; lb. \$1.75.

CORELESS or EARLY MARKET

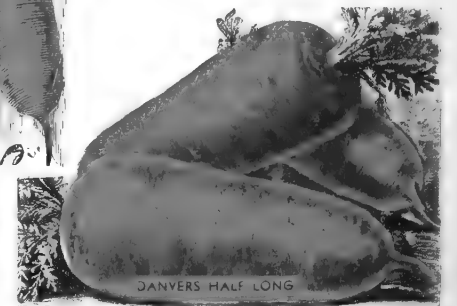

CORELESS OR EARLY MARKET—A handsome half-long variety, the shape of which is well shown in the illustration. They average 6 in. in length by 1½ in. in diameter and are ready for use quite early. The skin is very smooth and clear, and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand Carrot are increasing every year. Pkt. 10c; ½ oz. 20c; oz. 30c; ¼ lb. 80c; lb. \$2.50.

CHANTENAY

SELECT DANVERS HALF LONG—A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens, especially for hard stiff soils where longer varieties will not thrive. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 50c; lb. \$1.75.

RED CORED CHANTENAY—A very desirable Carrot in every way it is a great improvement over the well known Chantenay, especially in color, texture and quality of flesh. They grow very smooth, 5½ to 6 inches long, 2¼ inches thick at the crown and being stump rooted they are easy to dig. Flesh is reddish orange colored, no light core, fine grained, sweet and tender and has a very delicate flavor. Its fine quality beautiful appearance and heavy yield make this one of the best carrots for either home or market garden. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 50c; lb. \$1.75.

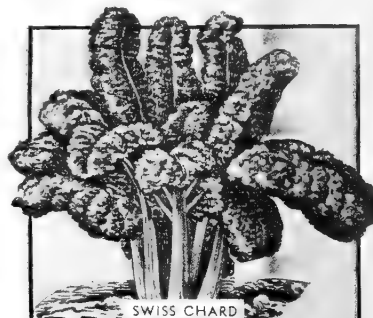

DANVERS HALF LONG

Field or Stock Carrot

LARGE WHITE BELGIAN—This is the largest yielding stock carrot grown. Nearly half its length is above the ground, making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. Pkt. 7c; oz. 20c; ¼ lb. 45c; lb. \$1.60.

SWISS CHARD

LUCULLUS—Plants grow 2 feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 8c; oz. 20c; ¼ lb. 50c.

SWISS CHARD

ENDIVE

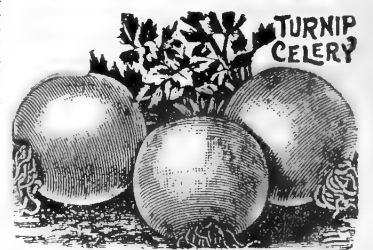

GREEN CURLED—Mostly sown in June or July for fall use; plant in rows about 1 foot apart, thin out to 6 inches apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled, easily blanched and becomes crisp, tender and very fine flavored. Pkt. 8c; oz. 25c; ¼ lb. 60c.

ENDIVE

TURNIP CELERY

This is an excellent vegetable. It produces large, turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables for flavoring soups, or sliced and used as a salad. Pkt. 8c; ½ oz. 20c; oz. 35c.

Edm. Kuharski, Conn.—I find your seeds to be of exceptional quality, by far the best I have ever planted.

CELERY

GOLDEN SELF-BLANCHING—The best of all self-blanching varieties. It is without doubt the most popular celery grown. The ribs are perfectly solid, crisp, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self-blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanched to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. Pkt. 10c; ½ oz. 35c; oz. 60c.

UTAH NO. 15—A very desirable selection of the new green type celery and contains more vitamins than the golden varieties. Plants are compact, stalks broad and thick, exceptionally solid and crisp; of nutty flavor and fine quality, free from strings and fibre. Pkt. 10c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.95.

GOLDEN PLUME—This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self-Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 ft. tall and 4¼ inches thick. Has been blanched in the remarkably short period of 5 days. Select Seeds: Pkt 10c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.95.

JUNG'S SELECT CAULIFLOWER

PEDIGREE EARLY SNOWBALL—For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, 6 to 10 inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for spring planting but it has largely driven out the large sorts for all use, being more certain to head when conditions are ordinarily favorable. The heads are so solid, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. Pkt. 10c; ¼ oz. 45c; ½ oz. 75c; oz. \$1.60.

DRY WEATHER—Especially adapted to resist drought. Reaches perfection when ordinary sorts fail. Preeminently the best early variety for market gardeners in sections which are not especially adapted for cauliflower. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not liable to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effect of drought. It also does well in wet or moist situations, producing heads equal to the best. Pkt. 15c; ¼ oz. 50c; ½ oz. 90c; oz. \$1.75.

Super Snowball Cauliflower

The Leading Early Cauliflower. Very Early. Sure to Head.

Growers wishing a Cauliflower that is early and sure to produce large, white, solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. We offer select seed which is very scarce this year. Pkt. 15c; ¼ oz. 60c; ½ oz. \$1.00; oz. \$1.80.

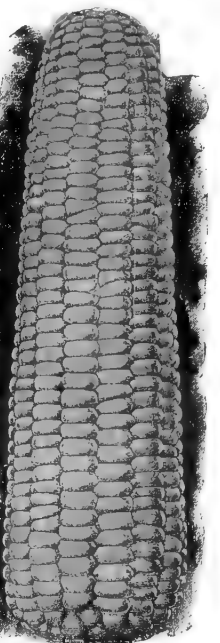

Early Virginia Peanuts

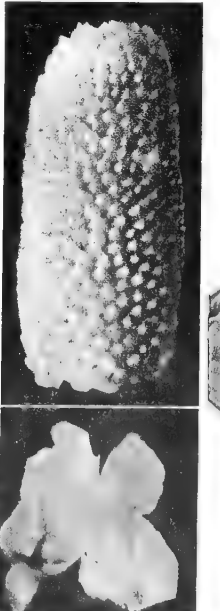

This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 7c; pt. 35c; qt. 65c.

GOLDEN BANTAM

BANTAM EVERGREEN

MINIHYBRID POP CORN

Luscious Sweet Corn

Our stocks of Sweet Corn are mostly of our own growing and are of extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be the first on the market with Sweet Corn of quality, plant some of this seed. Our Sweet Corn is grown on our seed farms where Stewart's Disease or wilt is unknown.

EXTRA EARLY SWEET CORN

Jung's Honey Cream

Dwarf in Growth, Requires Little Space. Deliciously Sweet and Tender.

This superb sweet corn is the result of over 15 years of intense selection under the personal supervision of J. W. Jung. It is, by far, the most tender and delicious of all Sweet Corns, plant it once and you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with snowy white kernels. As the seed is small in size much less is required than with other varieties. Pkt. 12c; ½ pt. 35c; pt. 60c; qt. \$1.00.

Jung's Extra Early Golden Bantam

This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits the earliest planting. The stalks are dwarf in growth averaging 4 ft. in height. The ears are from 5 to 7 in. long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by everyone admitted to be the richest flavored Sweet Corn. The small stalks can be planted close together. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled. Pkt. 10c; ½ pt. 30c; pt. 45c; qt. 85c.

Wis. Hybrid Golden Bantam No. 804

Hybrid corns are remarkable for their uniformity of stalks, ears and maturity and this is true of sweet corn as well as field corn. This variety grows a vigorous stalk 5 to 6 ft. tall and many stalks produce two ears. Ears are 6 to 7 in. long and have 10 to 12 rows of tender, luscious golden kernels. An excellent variety for market gardeners as the crop all matures at one time, also well suited for canning or freezing as the kernels are so tender and sweet. Pkt. 10c; ½ pt. 35c; pt. 60c; qt. 95c.

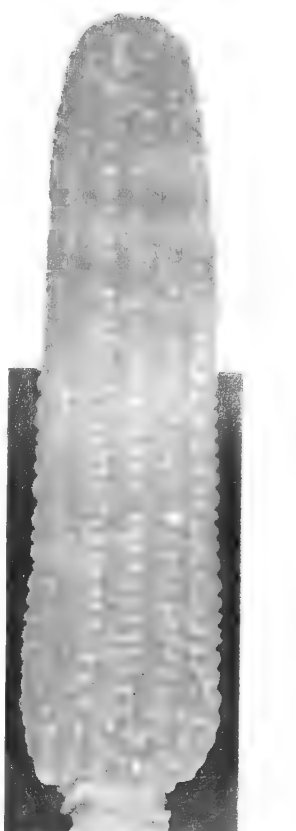

GOLDEN OR BANTAM EVERGREEN—This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam. In crossing these two excellent varieties none of the good qualities have been lost, rather it surpasses them in sweetness. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ear and prolonged season make it the favorite both in the home garden and for fancy market trade. All lovers of Sweet Corn must at least give Bantam Evergreen a trial. Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 80c.

WHITE EVERGREEN—The Leading Late Variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowell's. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender grain and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 5 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk. Pkt. 8c; ½ pt. 25c; pt. 45c; qt. 75c.

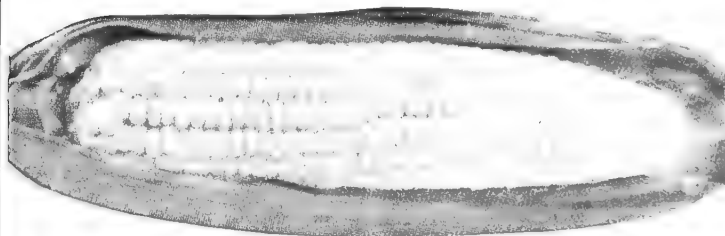

Frank Smith, Conn. — Your Honey Cream Sweet Corn is the best I ever ate.

HONEY CREAM

WIS. BANTAM 804

WHITE EVERGREEN

Minihybrid 250 Pop Corn

Just like other hybrid corn this fine pop corn has strong stalks, heavy roots, uniform ears and yields heavily. In other varieties in yield, quality and popping expansion it will make 20 qts. after it is popped and for flavor, unpopped kernels it is unexcelled. Nothing better. 35c; pt. 60c; qt. \$1.00; 5 qts. \$ 4.60 postpaid.

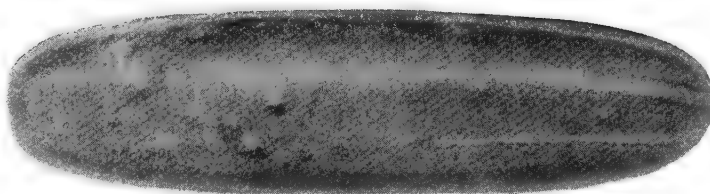

CHICAGO PICKLING

Chicago Pickling

The Most Popular and Widely Grown Pickling Variety.

The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness. Pkt. 8c; oz. 25c; 1/4 lb. 65c; lb. \$2.10.

NEW COLORADO

JUNG'S SELECT CUCUMBERS

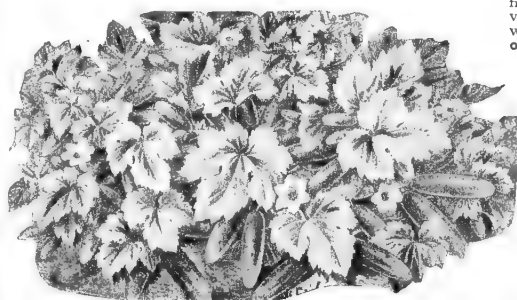

NEW COLORADO—An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong rampant growers and bear bountifully. Fruits are 10 to 12 in. long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. Pkt. 10c; oz. 25c; 1/4 lb. 80c; lb. \$2.50.

FIGHT CUCUMBER BUGS WITH RED ARROW
See Page 1

FAIRFIELD GIANT

EARLIEST OF ALL—By planting this variety you can have cucumbers ready to use when others are only in blossom. Not only is it extra early but it also produces fruit of fine quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are kept picked. Pkt. 8c; oz. 25c; 1/4 lb. 65c.

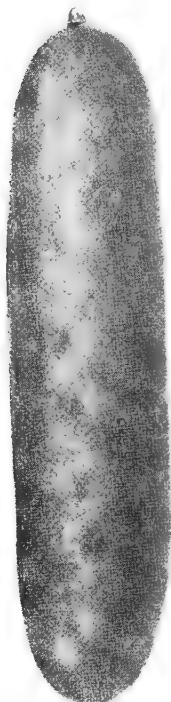

EARLIEST OF ALL

Improved Long Green

Deep Green Color. Fine for Pickling or Slicing.

This is one of the best and most popular standard varieties and you will find our stock to be a very fine strain. The cucumbers are a rich dark green, grow 12 to 16 inches in length and are of the highest table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and making sweet pickles when the fruits are ripe. Pkt. 8c; oz. 25c; 1/4 lb. 75c; lb. \$2.25.

IMP. LONG GREEN

DILL

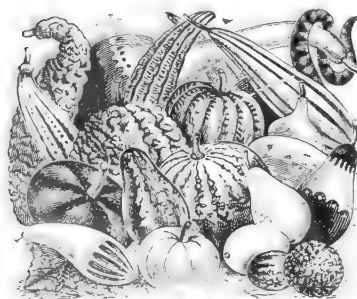

This herb is used in large quantities in the making of Dill Pickles also for flavoring vinegar. Pkt. 8c; oz. 25c.

Black Beauty Egg Plant

The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruits, which weigh from 1 to 3 pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear 8 to 10 immense fruits before being killed by frost. Pkt. 10c; 1/2 oz. 35c; oz. 65c.

EGG PLANT

FANCY GOURDS

Fancy Mixed Gourds

An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 7c; 1/4 oz. 15c.

CITRON

KOHL RABI

EARLY PURPLE VIENNA—This vegetable is grown for its turnip-shaped bulb which grows above the ground. Excellent for soups or cooking in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 8c; 1/2 oz. 25c; oz. 40c.

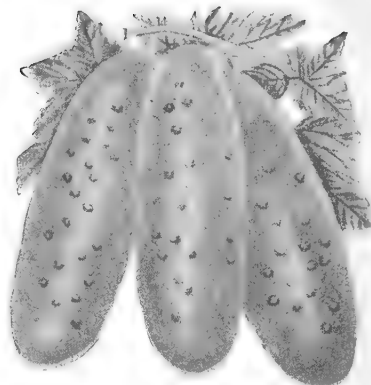

WHITE VIENNA—This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about 2 in. in diameter. Pkt. 8c; 1/2 oz. 25c; oz. 40c.

CITRON

COLORADO PRESERVING — A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. Pkt. 8c; oz. 20c; 1/4 lb. 45c.

LEEK

LARGE AMERICAN—Most highly esteemed for flavoring soups, stews, etc. The plants are of vigorous growth and have extra long stems which blanch to a snowy whiteness. Cultivate the same as for onions. Pkt. 10c; 1/2 oz. 20c; oz. 35c.

NATIONAL PICKLING

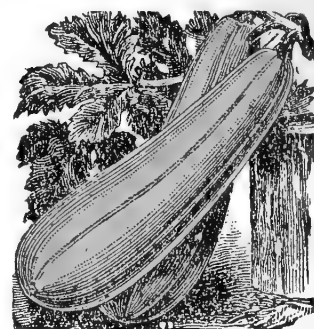

National Pickling Cucumber

Rapidly gaining favor as a superb pickling variety. Grows healthy vigorous vines which bear an abundant crop. Fruits are rich dark green, straight, rather blunt at the ends and can be used either as small pickles or when larger for dills. Pkt. 10c; oz. 25c; 1/4 lb. 70c; lb. \$2.25.

AMERICAN CLIMBING

AMERICAN CLIMBING—A fine cucumber for small gardens as you can grow them on a trellis or fence; also an excellent variety to grow like other varieties. Comes into bearing quickly and is very prolific; as many as 40 fruits have been grown on a single vine. Full grown fruits will measure 12 to 16 in. long. Flesh is pure white, tender and of delicate flavor. When young the fruits make very attractive pickles. Pkt. 8c; oz. 20c; 1/4 lb. 70c.

BANANA MUSK MELON

A remarkably fine melon that looks and tastes like a banana. The fruits grow 14 to 18 in. long, flesh is deep orange colored, solid and sweet, and spicy in flavor. Try a few of these melons in your garden this year, any which you don't eat can be sold at a good price. Pkt. 10c; oz. 25c; 1/4 lb. 70c.

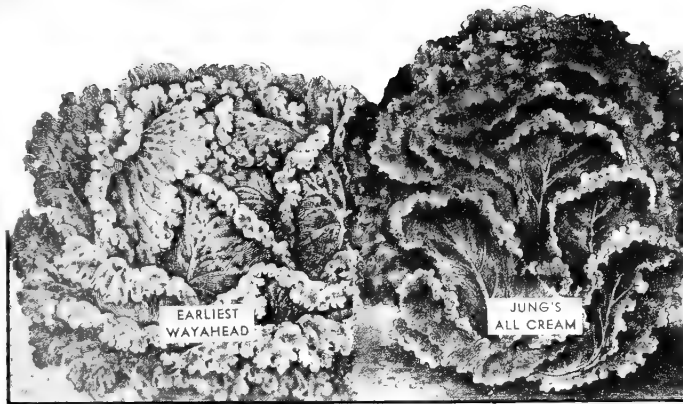

OKRA

OKRA

WHITE VELVET—The long slender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 8c; oz. 20c.

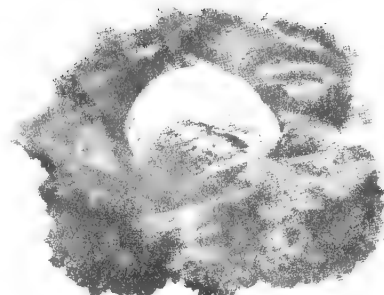

Mrs. W. D. Jarrett, Ill.—We have used your seeds for many years and can say there are none better.

Mrs. George Fowler, Mass.—Thanks for your fine seeds and good service.

Crisp Tender Lettuce

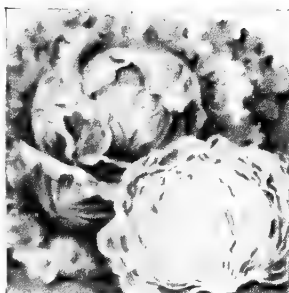

JUNG'S ALL CREAM—This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative quality. The leaves grow upright, the upper part of the outer leaves, turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 10c; oz. 30c; ¼ lb. 75c; lb. \$2.50.

GREAT LAKES

Great Lakes Head Lettuce

Crisp and Tender. Sure to Head. High Quality. A remarkable fine new Head Lettuce that will stand up and produce nice solid heads even during hot weather. The heads are of good size, attractive deep green in color, with crisp tender leaves. Interior or heads bleach to a creamy white color. Remains in fine condition long after the heads are formed as it is slow to run to seed. Why pay high prices for head lettuce when you can grow even better ones in your own garden? Plant thin as the plants need room to head. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.45.

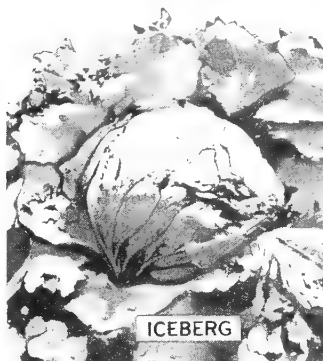

SUREHEAD

Early Surehead Lettuce

A specially selected strain of lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and as soon as well started thin out plants to stand 4 to 5 in. apart in the rows. Pkt. 10c; ½ oz. 20c; oz. 35c.

EARLIEST WAYHEAD—This is our quickest growing and most handsome extreme-early Lettuce producing handsome solid heads fully one week earlier than Black Seeded Tennis Ball. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the head is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. The quality of this variety is unequalled among the early sorts. Pkt. 8c; oz. 25c; ¼ lb. 70c.

SELECT GRAND RAPIDS—A well known forcing variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. Pkt. 8c; oz. 25c; ¼ lb. 70c; lb. \$2.25.

ICEBERG

ICEBERG—The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curving strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick growing and always crisp and tender whether grown in early spring or in the hot days of summer. The heads are of good size. Pkt. 8c; oz. 25c; ¼ lb. 75c.

BEST OF ALL OR TENDERLEAF—A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resister. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. Pkt. 8c; oz. 25c; ¼ lb. 65c.

BEST OF ALL

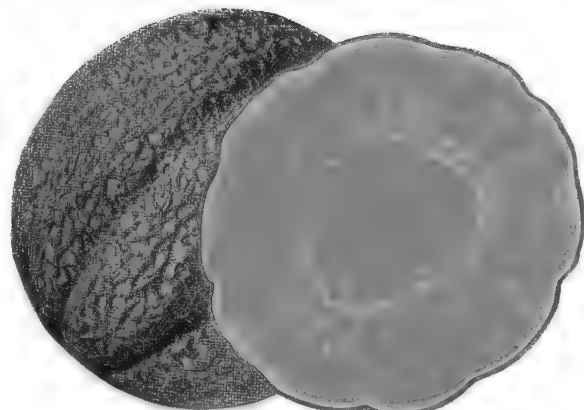

Select Musk Melons

Jung's Select Honey Rock

Sweet as Sugar. Solid as a Rock, Heavy Yielder. Handsome Appearance.

Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. Extra select seed saved only from hand selected melons. Pkt. 10c; oz. 30c; ¼ lb. 65c; lb. \$2.50.

JUNG'S BIG PROFIT—An excellent grower, the foliage is of such firm texture that vines resist the attacks of insects and blight. The melons are slightly oval and of uniformly large size, very fine in appearance as they are distinctly ribbed and well covered with a coarse, gray netting. Flesh is a rich orange salmon color, very thick, fine grained and of delicious quality. The seed cavity is so small that there is little tendency towards cracking open at the stem end. Extra select seed: Pkt. 10c; oz. 25c; ¼ lb. 65c; lb. \$2.25.

HONEY ROCK

Special Extra Early Knight

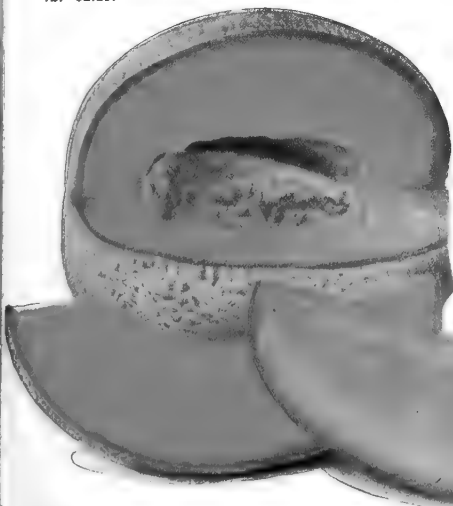

Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2½ to 4 pounds. The skin is green ribbed and netted, the flesh deep and thick and light green in color, inclining to yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor, sell rapidly at high prices. Pkt. 8c; oz. 25c; ¼ lb. 60c; lb. \$2.25.

EXTRA EARLY KNIGHT

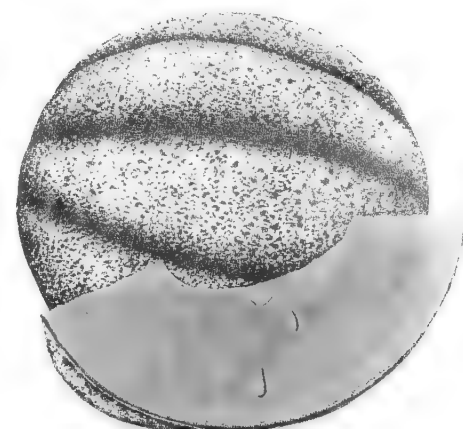

Super Hale's Best Cantaloupe

Many years of extreme care were spent in producing this splendid strain of cantaloupe. No matter what price you pay you cannot get a better melon. It is extremely early, very productive, uniform in size, and the deep orange flesh is of the highest quality. The melons are heavily netted and the flesh very solid, making it one of the very best shippers. You will never regret having planted this fine melon. Extra Select Seed. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$2.25.

HALE'S BEST

FIGHT MELON BUGS WITH RED ARROW SPRAY
See Page 1.

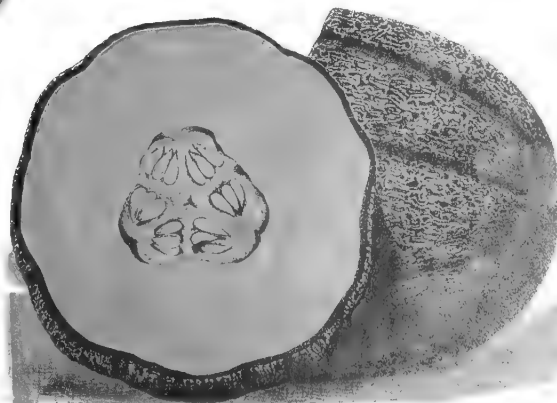

JUNG'S BIG PROFIT

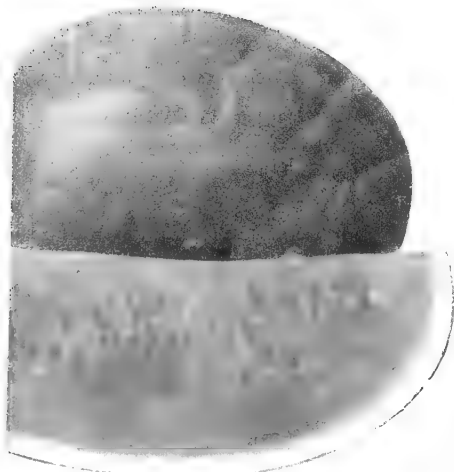

Giant Early Wonder

Mammoth Size. Superb Quality. Beautiful Appearance. An Excellent Melon for the Home or Market Garden.

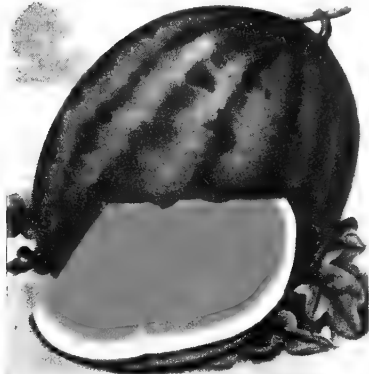

A new Musk Melon combining extra large size, fine appearance and superb quality. Although of the largest size it ripens early (85 to 90 days). Melons are slightly oval in shape, 8 to 10 in. long and 6 to 7 in. in diameter, and heavily netted, a sure indication of quality. Flesh is very thick, deep orange in color, fine grained and very sweet and delicious. Extra Select Seed: Pkt. 10c; oz. 25c; ¼ lb. 65c; lb. \$2.35.

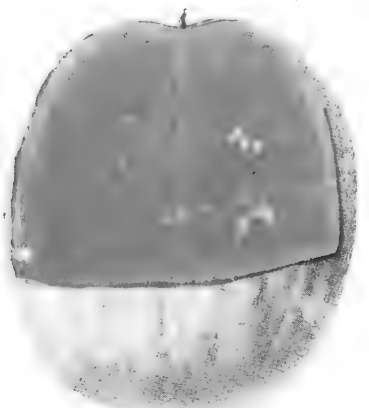

GIANT EARLY WONDER

EXTRA EARLY NORTHERN SWEET

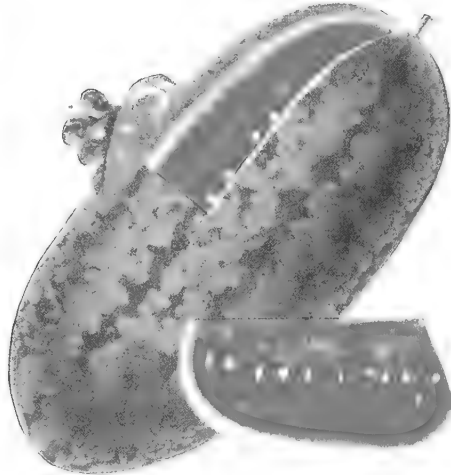

EARLY KANSAS

GOLDEN HONEY SWEET

Jung's Select Watermelons

EXTRA EARLY NORTHERN SWEET—A new extra early watermelon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Canada, has been grown to maturity in 75 days. Not only is it the earliest but is also of very good quality; flesh is bright red crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. Pkt. 10c; oz. 25c; 1/4 lb. 60c; lb. \$1.85; 5 lbs. \$8.75.

NEW CONGO WATER MELON

Anthracnose Resistant Watermelon "CONGO"

An excellent new Watermelon resistant to anthracnose that was developed by the U. S. Dept. of Agriculture and which is rapidly gaining in favor as a shipper. Fruits are oblong, of large size, with firm rind, dark green with faint light green striping. The flesh is bright red, fine grained and high in sugar content. Pkt. 10c; oz. 35c; 1/4 lb. 80c; lb. \$3.00.

EARLY KANSAS—One of the newer early melons that is rapidly gaining in popularity as it has earliness, good size and high quality. Melons are deep emerald green with paler green stripes, nearly round and often grow to a weight of 25 to 30 lbs. Flesh is rich red and of the highest quality, a superb melon in every way. Pkt. 8c; oz. 20c; 1/4 lb. 50c; lb. \$1.70; 5 lbs. \$8.00.

"BLACKLEE" Wilt Resistant Watermelon

In many sections of our country ordinary strains of Watermelons often fall due to fusarium wilt. This destructive disease cannot be controlled except to plant varieties that are resistant to this ailment. Blacklee is a vigorous grower and highly resistant to wilt, it bears a heavy crop of melons weighing as much as 40 lbs. Rind is dark green, thin but tough; flesh deep red in color, fine grained, very sweet, firm and of excellent quality. The black seeds present a striking contrast of colors. Pkt. 10c; oz. 25c; 1/4 lb. 70c; lb. \$2.00; 5 lbs. \$9.25.

Golden Honey Sweet

A Delicious Yellow-Fleshed Watermelon. Ripens Very Early.

A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green. Rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. Pkt. 10c; oz. 25c; 1/4 lb. 65c.

NOTICE

Owing to restrictions we cannot ship Potato Eyes to California, Wash., and Oregon.

NOTICE

Due to high cost of postage and containers no orders for Onion Sets can be filled unless other items are ordered at the same time.

Mrs. R. M. Beach, Iowa—We like your Golden Globe Onion so much, they yield good and are wonderful keepers.

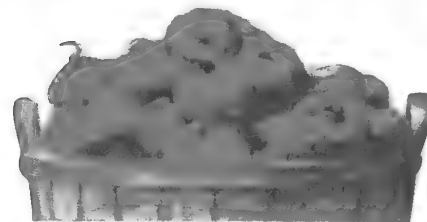

GOLDEN GLOBE

GOLDEN GLOBE

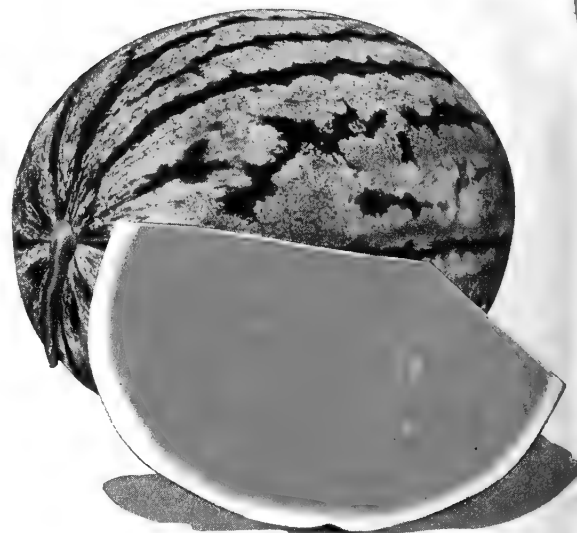

The ideal onion set for people who wish to grow large onions that will keep throughout the winter. These sets will produce beautiful deep yellow, globe-shaped onions that are remarkably good keepers. Planted on rich soil and given sufficient room onions weighing 1 pound can be grown. In our trials the past summer not one set threw any seed stalks. Our stock of these new onion sets is limited; order early. Qt. 45c; 4 qts. \$1.35.

VICTOR ONION SETS

The finest thing ever offered in Onion Sets and will no doubt displace all other sets. The common sets when grown during the summer often run to seed; these sets instead of running to seed will mature a large and handsome bulb of yellow or golden color, very solid and excellent keeper. Those who have used the sets before are now planting them entire. We guarantee them to give satisfaction or will refund your money. Qt. 45c; 4 qts. \$1.25, postpaid.

VICTOR ONION SETS

DIXIE QUEEN (Wilt Resistant)

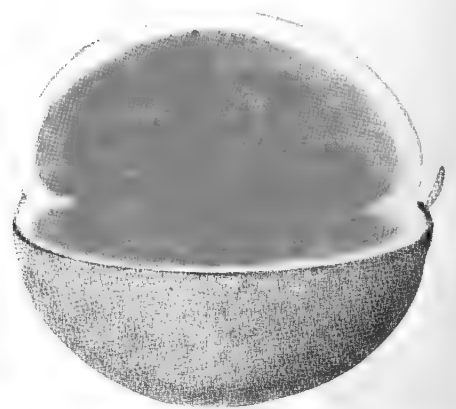

Dixie Queen (Wilt Resistant)

Large in Size, Superb in Quality, Handsome in Appearance.

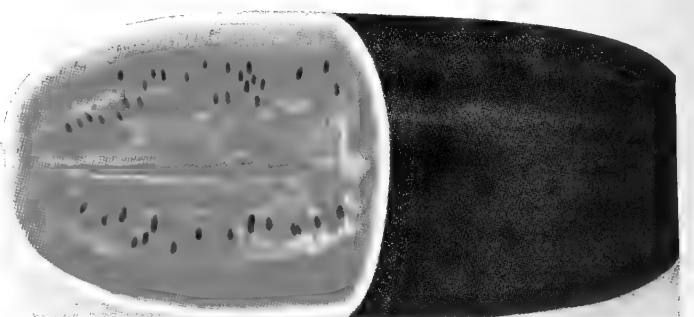

A superb new Watermelon that will delight the most critical grower, it has all the good qualities of Dixie Queen and in addition is resistant to wilt. The melons are almost round in shape, of good size (30 to 40 lbs.) rind is tough making it a good shipper. Flesh is richly colored, very sweet and juicy and melons seem to be all heart. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. Pkt. 10c; oz. 25c; 1/4 lb. 60c; lb. \$1.95; 5 lbs. \$9.00.

King Winter Melon

By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 in. in diameter and sell well at all seasons. Flesh is bright red and very sweet. Pkt. 10c; oz. 25c; 1/4 lb. 65c.

KING WINTER MELON

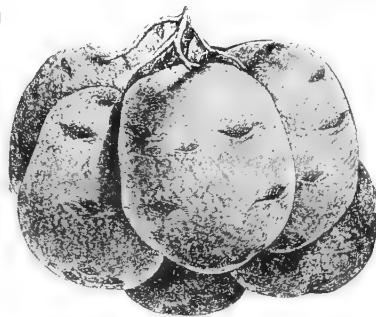

BLACKLEE (Wilt Resistant)

NORTHERN GROWN POTATO EYES

Many of our customers who wish to get some of our pure bred seed potatoes but do not feel like paying the express or freight charges on a small quantity can now try them out at small expense by planting our select Potato eyes. These eyes are cut from certified potatoes, and we guarantee them to reach you in good condition. In this way you can try our potatoes at very small expense as we pay all postage charges. We can supply our select hand cut eyes of the varieties listed below. No less than 100 eyes of any one variety. State when you wish same shipped.

EXTRA EARLY TRIUMPH

One of the most popular extra early potatoes and also a good yielder. Skin light pink in color, flesh is pure white and of the best cooking quality. 100 for \$1.25; 200 for \$2.25; 500 for \$4.25.

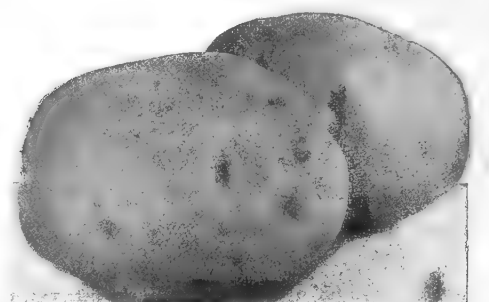

EXTRA EARLY TRIUMPH

Blight and Scab Resistant Potato RUSSET SEBAGO

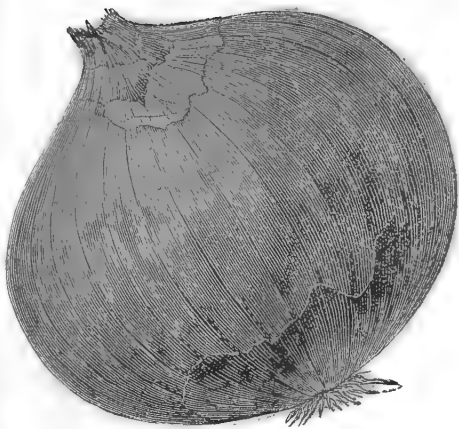

This superb main-crop Potato is highly resistant to both scab and blight and will produce a fine crop; where other varieties would be a failure. Size and shape of tubers is very much like Chippewa being white, thin skinned, and having few and shallow eyes.

It is a very vigorous grower and as the plants set many tubers should be planted quite early and also on good rich soil. These can be grown from our hand cut eyes just as well as whole potatoes, full instructions on how they should be planted will be sent with each order. 100 for \$1.40; 200 for \$2.60; 500 for \$5.50, postpaid.

SEBAGO (Blight Resistant)

THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED

EARLY YELLOW GLOBE

Early Yellow Globe Onion

This variety will mature 10 days to two weeks earlier than Southport Yellow Globe and is especially suited to sections where seasons are short. It is a good yielder and a much better keeper than most other early varieties. Bulbs grow 2½ in. in diameter, globe shaped, skin is deep yellow, flesh pure white, solid and of excellent quality. Where quick maturing early onions are wanted this variety should be used. Pkt. 8c; ½ oz. 25c; oz. 40c ¼ lb. \$1.00; lb. \$3.50; 5 lbs. \$15.75.

SOUTHPORT
YELLOW GLOBE

SOUTHPORT
RED GLOBE

SOUTHPORT
WHITE GLOBE

THREE TRUE GLOBE ONIONS

We make a specialty of HIGH GRADE ONION SEED. It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be far the cheapest when you compare the resulting crop.

Select Southport Yellow Globe

This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging 9 to 10 inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping qualities. Pkt. 8c; ½ oz. 25c; oz. 40c; ¼ lb. \$1.00; lb. \$3.50; 5 lbs. \$16.00.

Silverskin or White Portugal

A leading white, flat onion. The bulbs attain a good size, ripen evenly, and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.10; lb. \$4.00.

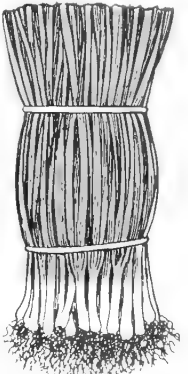

SILVERSKIN

Select Southport Red Globe

A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 1,000 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, thus insuring thorough and regular ripening and curing. You will make no mistake in giving this onion a trial. Pkt. 8c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.10; lb. \$3.65.

Select Southport White Globe

The most beautiful onion grown, being of symmetrical globe shape with a smooth satin-like skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference, and is solid and heavy, the flesh is purest white close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White or Silverskin. As soon as ripe the bulbs should be stored in a cool, dark or dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.35; lb. \$4.95.

BUNCHING ONION

White Bunching Onion

Does not form bulbs but grows into long silvery white stalks which are used for bunching the same as green onions. They grow in clusters and when sown early will be ready for use after onions grown from sets are gone. Where winters are not too severe seed may be sown in the late summer and will then start early in the spring. Pkt. 8c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.25.

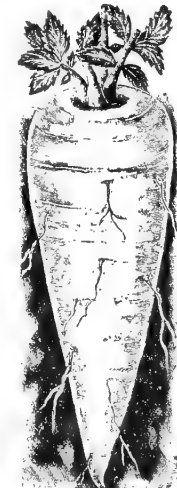

A. LaBarbera, N. Y.—I had a very good crop of large onions from your Early Yellow Globe seed.

JUNG'S SELECT PARSNIPS

IMP. STUMP ROOTED

WHITE SUGAR or PRIVATE STOCK—This is a highly improved type of the improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored cooking tender, sweet and rich. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.50.

WHITE SUGAR

White Sugar parsnips are a highly improved type of the improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored cooking tender, sweet and rich. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.50.

MOSS CURLED PARSLEY

PARSLEY

MOSS CURLED—The leaves are of an extra dark color. It is very productive, and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 7c; oz. 20c.

TURNIP ROOTED—This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 7c; oz. 25c.

J. T. Ford, Mich.—The seeds I had from you were great.

Mrs. H. Rohloff, Wis.—I always have better luck with Jung's Seeds, enjoy ordering from you.

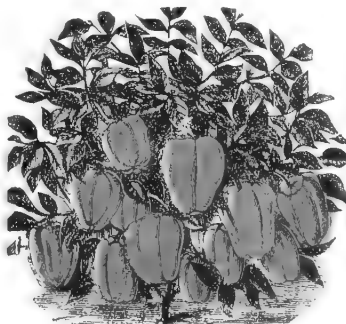

EARLY GIANT

Oshkosh

The Best Yellow Pepper

A very distinct and desirable large fruited Pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers". The flavor is mild and exceptionally sweet. Fruits average 4½ in. in length by 3½ in. in diameter, broad at base and taper slightly to a blunt point. Plants grow compact and are very productive. (Seed very scarce.) Pkt. 15c.

OSHKOSH

PEPPERS

EARLY GIANT—By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. Its ripened fruit average 5 in. long by 3 in. in diameter of a deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of a pleasant flavor. Probably one of the most profitable varieties to grow for market. Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.25.

CALIFORNIA WONDER—A magnificent Pepper resembling Chinese Giant in its large size and "blocky" form of fruits. Full grown peppers will measure 4½ in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market gardens. Pkt. 10c; ½ oz. 40c; oz. 75c ¼ lb. \$2.25.

WORLD BEATER—The very best extra large Pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 in. long by 3½ to 4 in. in diameter; flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 8c; ½ oz. 35c; oz. 60c; ¼ lb. \$2.00.

LONG RED CAYENNE—This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. Pkt. 8c; ½ oz. 30c; oz. 50c.

E. W. Shaffer, Ill.—Had a fine garden from your seeds last year. Your sweet corn is delicious.

CALIFORNIA WONDER

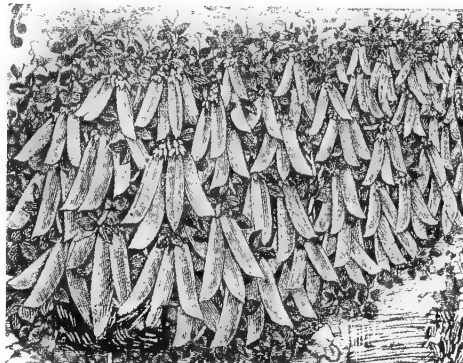

WORLD BEATER

BLUE BANTAM

Blue Bantam

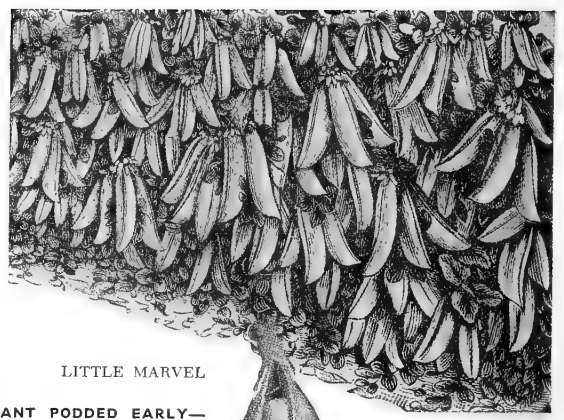

A splendid new pea of sturdy, dwarf growth, one of the large podded early dwarf peas. The vines grow 14 to 16 in. tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to 4½ in. long and contain from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large; they require no brush or support. You will plant this variety every year after once trying it out. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

GIANT PODDED EARLY

SWEET LUSCIOUS PEAS

EXTRA EARLY LITTLE MARVEL—The vines are of dark even growth averaging 15 inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about 4 inches in length, are square at the bottom and well filled with six or seven large deep green peas. The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

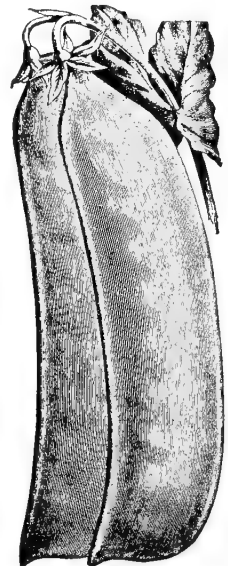

LITTLE MARVEL

GIANT PODDED EARLY—

An exceptionally early pea, as early as Alaska with pods one-fourth larger. Vines grow medium height very robust and productive. Pods 3½ to 4 in. long and contain 7 to 8 large peas. A very fine extra early Pea that can be sown as early in the spring as the soil can be worked. Pkt. 8c; ½ pt. 30c; pt. 45c; qt. 85c.

Edible Podded Pea

MAMMOTH MELTING SUGAR — This variety is far superior to all others of the edible class of garden peas, not only in size but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the edible kinds. The pods are used the same as snap or string beans and will also make excellent pickles. Full grown pods measure 5 in. long are so tender and brittle that they snap like glass; they have no strings. Pkt. 10c; ½ pt. 30c; pt. 50c; qt. 90c.

MAM. MELTING SUGAR

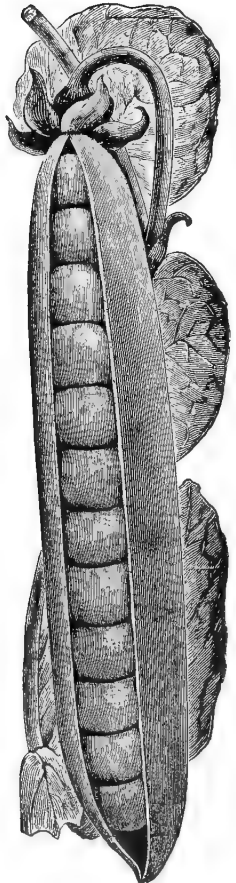

LITTLE GEM

SELECT LITTLE GEM—One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. Vines grow 14 to 16 in. tall, require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gem". Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

Jung's Honey Sweet

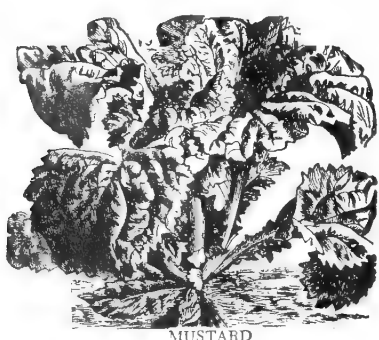

One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey." They grow a very healthy stocky vine about 18 in. high and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer never failing to produce a crop of the giant pods. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

GROW MORE AND BETTER PEAS BY USING NOD-O-GEN.
See Page 1

HONEY SWEET

H. B. Mason, Mich.—Never a failure in 15 years with your Little Marvel Peas.

MUSTARD

Mustard

GIANT CURLED—The leaves are large, light green with a tint of yellow, much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardness and good quality. Pkt. 7c; oz. 20c.

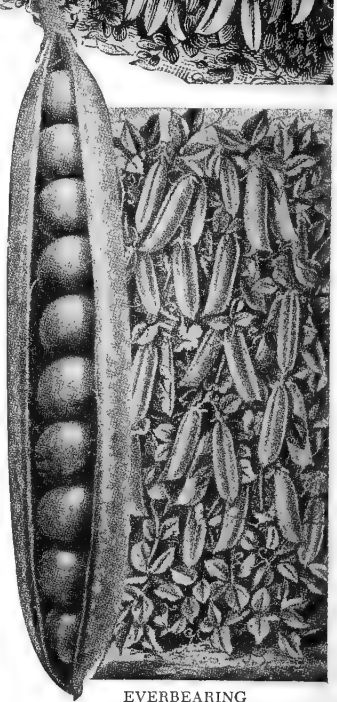

SPECIAL OFFER No. 9

To have a supply of fresh, tender peas for a long period of time use the varieties offered here. Giant Podded Early may be sown very early and the others as soon as the soil is warm.

Giant Podded Early Little Gem Blue Bantam Everbearing Jung's Honey Sweet

1 Pkt. of ea. for 35c.
½ pt. of ea. for \$1.40
1 pt. of ea. for \$2.50.
1 qt. of ea. for \$4.25.

Eli Boisvert, Colo.—We are very well pleased with JUNG'S seeds.

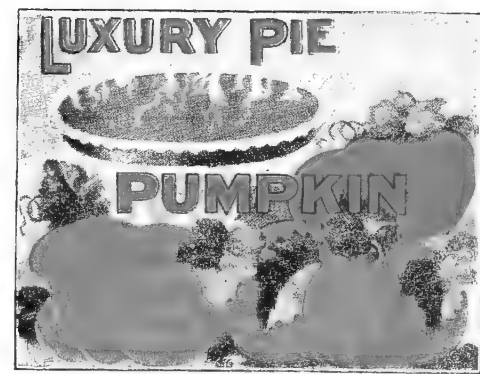

EVERBEARING

Everbearing Peas

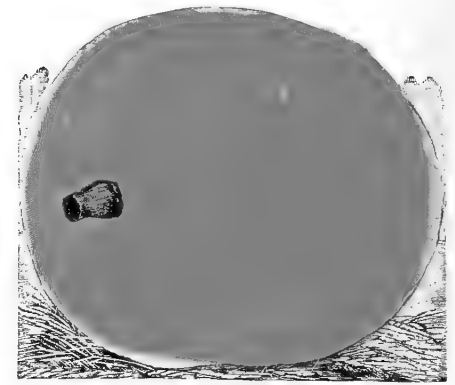

A fine second-early or main crop Pea which combines quality and yield and will continue a long time if the pods are kept picked. It has a remarkable habit, sometimes forming as many as six stalks which accounts for its great yields. The pods are of good size, and contain from eight to ten large peas which are of remarkable fine quality. Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

PEAS FOR FREEZING

The following are especially suitable: Blue Bantam, Giant Tendersweet and Jung's Honey Sweet.

Jung's Packets are of Generous Size and Liberally Filled with High Quality Seeds.

HUNDREDWEIGHT

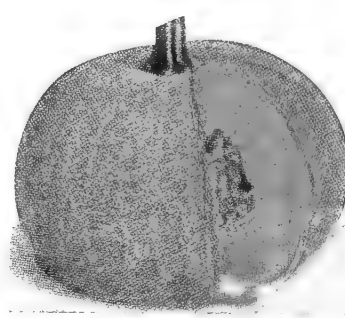

PUMPKINS

BUSH PIE-PUMPKIN—A new type of Pumpkin that grows in a compact bush instead of long vines so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes and may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies: Pkt. 7c; oz. 25c; ¼ lb. 60c.

LUXURY PIE—This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about 10 inches in diameter, almost globe-shaped and ripens early. The skin is finely netted and in color a beautiful golden russet which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving Day plant LUXURY PIE. Pkt. 10c; oz. 25c; ¼ lb. 65c.

HUNDREDWEIGHT—You will be greatly surprised at the size to which pumpkins can be grown when you plant this variety, specimens have been grown weighing over 100 lbs. It is also of remarkably fine quality as the flesh is fine grained, sweet and tender and of excellent quality for pies. Pkt. 10c; oz. 25c; ¼ lb. 65c.

BIG TOM FIELD PUMPKIN—Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 in. in diameter, round or oval in form. It is the hardest of all pumpkins and is good for pies. Pkt. 7c; oz. 20c; ¼ lb. 45c; lb. \$1.50.

BUSH PIE PUMPKIN

CRISP TENDER RADISHES

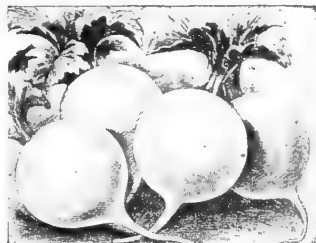

RAPID RED—This we find to be the quickest maturing of them all. Radishes having been grown in the short period of 18 days. Its attractive color and small tops makes it especially desirable for forcing. The flesh is pure white, very crisp and tender. If you want to be the first on the market with Radishes that will command fancy prices then plant "RAPID RED". Pkt. 7c; oz. 18c; ¼ lb. 40c; lb. \$1.25.

CRIMSON GIANT GLOBE—This new variety is suitable for both forcing and growing outdoors. It is a fine shaped, bright red Radish, growing quickly to large size (see illustration). The Radish is a deep globe shape and 1½ in. in diameter. Skin is thin and tender and of a deep crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow centers and pithy fibre. Pkt. 7c; oz. 18c; ¼ lb. 35c; lb. \$1.10.

PERFECTION EXTRA EARLY—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the tops shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 8c; oz. 18c; ¼ lb. 35c; lb. \$1.10.

FRENCH BREAKFAST—An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 in. long and is decidedly stump rooted. A splendid variety for the table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 7c; oz. 18c; ¼ lb. 35c; lb. \$1.10.

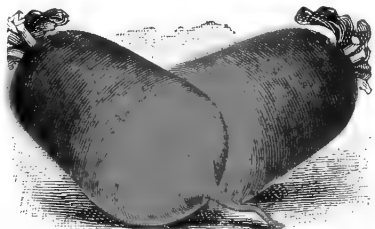

WOOD'S EARLY FRAME—This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. Pkt. 7c; oz. 15c; ¼ lb. 35c.

EARLY HAILSTONE

EARLY HAILSTONE—The Earliest and Quickest Growing WHITE RADISH in Cultivation. It is ready for use from 15 to 18 days after sowing. The radishes are regular shaped, measuring 1 in. in diameter and about ½ in. in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small. Pkt. 7c; oz. 18c; ¼ lb. 40c; lb. \$1.25.

SELECT EARLY WHITE ICICLE—Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 in. long and are ready for use in about 25 days after sowing. Pkt. 8c; oz. 18c; ¼ lb. 40c; lb. \$1.25.

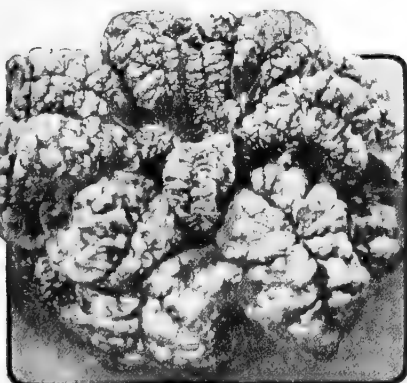

CHINA ROSE WINTER

SELECT EARLY WHITE ICICLE

CHINA ROSE WINTER RADISH—This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 7c; oz. 17c; ¼ lb. 35c; lb. \$1.10.

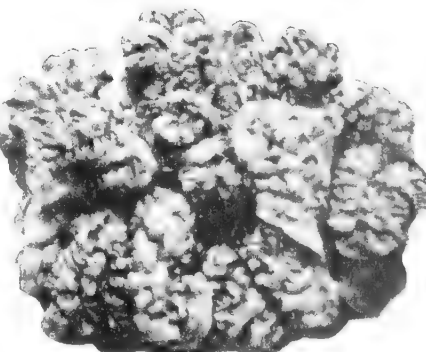

LONG STANDING BLOOMSDALE

SPINACH

LONG STANDING BLOOMSDALE—Remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. Pkt. 7c; oz. 15c; ¼ lb. 35c; lb. \$1.10.

KING OF DENMARK—This is a handsome variety, the leaves being of an exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide dark green leaves are wrinkled like a Savoy cabbage and are of the finest quality. It produces nearly twice the bulk of crop as the ordinary sort and will remain in prime condition for a very long time. Pkt. 8c; oz. 15c; ¼ lb. 35c; lb. \$1.00.

Myron Meyer, Wis.—Many thanks for the good seed, with them I grow the best garden in the whole neighborhood.

KING OF DENMARK

RUTA BAGAS

PERFECT MODEL or LAURENTIAN—A highly improved Ruta Baga that is giving satisfaction where ever grown. A heavy yielder, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe-shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 8c; oz. 18c; ¼ lb. 40c; lb. \$1.35; 5 lbs. \$5.35.

IMP. PURPLE TOP YELLOW

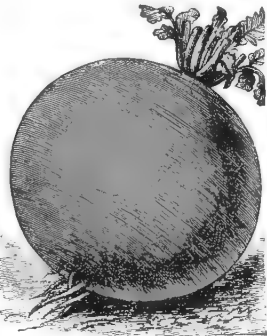

PERFECT MODEL or LAURENTIAN

IMPROVED PURPLE TOP YELLOW—A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Buds are large, smooth, round, and solid with a small tap root. Flesh richly colored, fine grained and very sweet. Pkt. 8c; oz. 15c; ¼ lb. 35c; lb. \$1.25; 5 lbs. \$5.90.

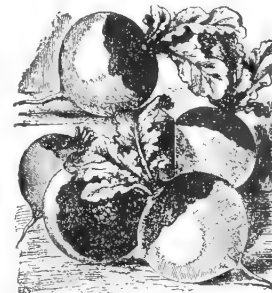

TURNIPS

EXTRA EARLY WHITE MILAN—A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 7c; oz. 20c; ¼ lb. 40c; lb. \$1.20; 5 lbs. \$5.25.

GOLDEN BALL—Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact we consider it the best turnip for table use. Pkt. 7c; oz. 20c; ¼ lb. 40c; lb. \$1.20; 5 lbs. \$5.50.

GOLDEN BALL

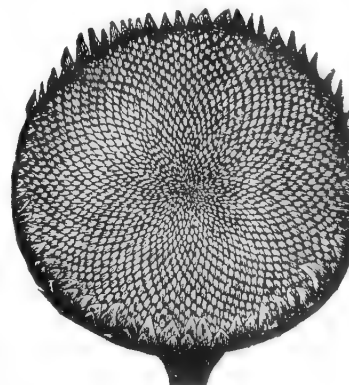

PURPLE TOP WHITE GLOBE

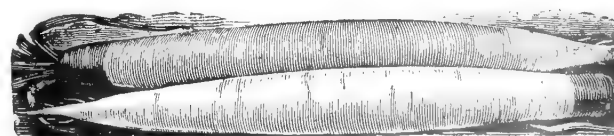

PURPLE TOP WHITE GLOBE—This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure 6 inches and more in diameter, being of perfect globe form. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 7c; oz. 20c; ¼ lb. 40c; lb. \$1.10; 5 lbs. \$4.95.

SUNFLOWER

EARLY ADVANCE—We consider this a much better variety than the older Mammoth Russian as it matures earlier, grows a shorter stalk and makes a better quality feed. Sunflower seed is highly valued by all farmers and poultry breeders as an excellent and cheap feed for fowls of all kinds. They eat it greedily, fatten well and attain a bright lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Every farmer who has poultry should plant some of these fine early sunflowers, plant the same as you would corn any time from early spring up to the first part of June. Oz. 10c; ½ lb. 35c; lb. 60c; 5 lbs. \$2.25.

SUNFLOWER

SALSIFY

SALSIFY

MAMMOTH SANDWICH ISLAND—One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type as it produces roots nearly double the size and weight and of equal good quality. Seed sown in the spring produces large, fine roots that remain in the ground or may be stored in sand or in a cool place thus keeping plump and sweet to be used as desired all winter. Mild and delicious in flavor. Pkt. 10c; oz. 30c; ¼ lb. 80c; lb. \$3.00.

JOHN BAER

Jung's Northern Grown Tomato Seed

We take pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce more solid fruit and healthier plants than seed grown farther south. It is folly to use cheap tomato seed for it takes only a few ounces to plant an acre.

Jung's Private Stock "John Baer"

This is a widely grown and very popular early Tomato. First fruits ripen early and it continues to bear for a long time. Plants are vigorous growers and bear the large, smooth red fruits in great quantities. It has always been a great favorite with our customers. Market gardeners, with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, produce a large crop and more solid fruit, than seed grown farther south. Plant JUNG'S JOHN BAER once and you will not be without it again. Price of seed of our own growing: Pkt. 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$2.00; lb. \$6.50, postpaid.

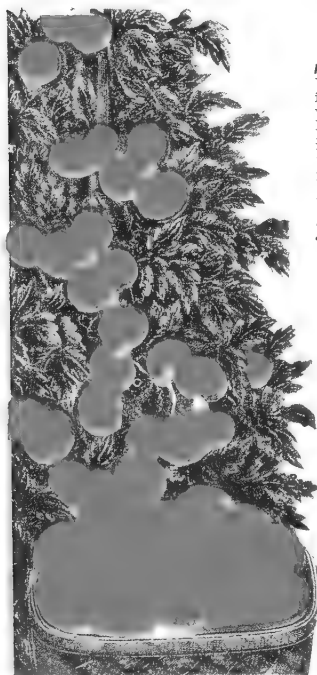

SUPER SELECT JOHN BAER—For gardeners who want something extra special we offer seed of this fine tomato that was saved from a few extra choice plants. This seed is only from the earliest or crownset fruits. Sure to please. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00; 1/4 lb. \$3.00.

GIANT EVERBEARING—A wonderful tomato that commences to ripen early and continues to bear throughout the season; the later fruit is just as perfect as the first. It has been tried out in all parts of the U. S. and on different soils and always proved successful. The plants make strong vines that produce large numbers of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem. Fruits are a bright glossy red, flesh is solid, contains few seeds and is of exceptionally fine flavor. Choice seed of our own growing. Pkt. 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$2.00.

MARGLOBE or CORELESS — We consider this the most ideal main-crop tomato as it is wilt-resistant and produces a larger crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet globe-shaped tomato, fruits are very smooth, free from core and often weigh 1 pound each. We offer select seed of our own growing. Pkt. 8c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$1.95.

SUPER SELECT MARGLOBE or CORELESS—This seed has been saved from only the first or crown-set fruits. The plants were especially selected for producing large, early-ripening tomatoes. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00; 1/4 lb. \$3.00.

JUNG'S GIANT CLIMBING — Enough tomatoes for an average family can be grown from a small space by planting this vigorous tomato and supporting the plants on a trellis or stakes. Vines will grow 6 to 8 ft. tall and bear tremendously. Fruits are very large in size, smooth, solid, deep red in color and ripen up evenly to the stem. May also be grown like ordinary varieties but be sure to give the plants plenty of room. Select seed of our own growing. Pkt. 12c; 1/2 oz. 50c; oz. 80c.

CLIMBING TOMATO

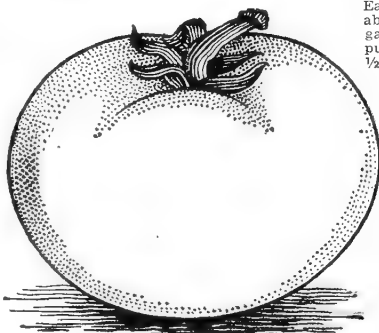

Jung's Earliest Tree Tomato

Jung's

Earliest Tree

Enormous Yielder. Bright Red. Early and Large.

A splendid variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about 2 ft. and are stiffly erect until they become overloaded with fruit. The fruit is produced in clusters of 3 to 5 and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size, and are smooth and solid. Fruits have a solid meaty center and no hard core and produce but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. Pkt. 10c; 1/2 oz. 45c; oz. 80c.

WHITE WONDER

WHITE WONDER—A wonderful tomato which has creamy-white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads, it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seeds of our own growing. Pkt. 10c; 3 pkts. 25c.

GOLDEN DWARF CHAMPION—The famous Golden Dwarf Champion owes its wide popularity to its stiff, vigorous growth, smooth fruit and fine color. Plants are bushy and compact with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 10c.

GOLDEN DWARF CHAMPION

TRUCKERS FAVORITE

TRUCKER'S FAVORITE—Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color, always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unexcelled for slicing or cooking. As a dependable main crop Tomato, Trucker's Favorite cannot be beaten. Pkt. 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$2.25.

GIANT OXHEART

Giant Oxheart

THE LARGEST OF ALL TOMATOES—Superb in Quality, Firm, Solid Flesh—If you wish to surprise your friends with truly large tomatoes plant Oxheart. Single fruits have been grown weighing 2 lbs. each. The fruits are Oxheart shaped, deep pink in color and are almost all solid meat as they contain but few seeds. The size and quality of this new tomato will delight and please you. Pkt. 15c; 1/2 oz. 75c; oz. \$1.25.

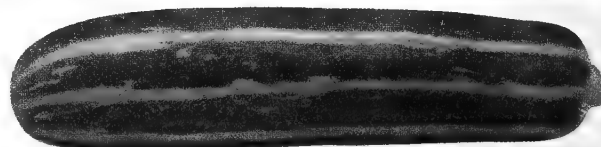

FANCY PRESERVING TOMATOES

Small Tomatoes

FANCY MIXED PRESERVING—In a packet of this seed you will receive a fine assortment of the different small fruited varieties such as Red and Yellow Pear, Plum, Cherry and Peach. These tomatoes are all of unusually sweet, rich flavor and excellent for making preserves. As they are such prolific yielders a few plants will supply an average family. Pkt. 8c; 2 pkts. 15c.

Tomato Blight

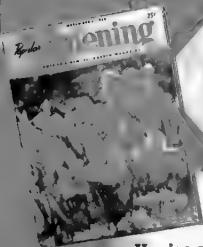

You can protect your tomatoes from blight by using DuPont Garden Dust. Dust when plants are set out and then apply once every 10 days until the middle of July. See Page 1.

COCOZELLE

Cocozelle Summer Squash

The Most Delicious and Finest Flavored Summer Squash. Of compact bush growth, the vines yield heavily of fruit averaging 14 in. long and 5 in. in diameter, dark green in color with the yellow and green striping. Used when 10 in. long and perfectly green. Pkt. 8c; oz. 20c; 1/4 lb. 60c; lb. \$1.75.

BANANA SQUASH

TABLE QUEEN

Superb Winter Squash

The Great Banana Squash

Resistant to Bugs. Good Keepers. Superb Quality.

This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is fully as good in quality, more prolific and ripens earlier. The color is grayish green, shell soft so that it can be cut with a knife. It grows 18 to 30 in. long and 6 to 8 in. in diameter, many weighing 25 to 30 lbs.; flesh is very thick, deep orange in color, entirely free from fibre and stringiness. Cooks up perfectly smooth and of the most delicious flavor. Vines are very vigorous growers and more resistant to squash bugs than any other variety. Pkt. 8c; oz. 25c; ¼ lb. 65c; lb. \$1.90; 5 lbs. \$9.25.

TABLE QUEEN—A squash that will suit the most exacting taste. If you want something in extra fine "eats" cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills produce enough for an average family. Pkt. 8c; oz. 25c; ¼ lb. 60c; lb. \$1.75.

IMPROVED HUBBARD—This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow, fine grained, very dry, sweet and rich flavored; keeps perfectly throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartsiness of the shell but the latter peculiarities are largely determined by the soils in which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be pure Hubbard. Pkt. 8c; oz. 25c; ¼ lb. 65c; lb. \$1.90; 5 lbs. \$9.25.

GIANT STRAIGHTNECK

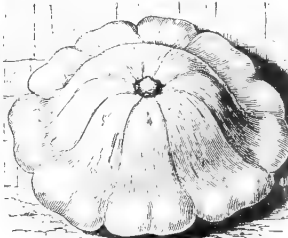

GOLDEN HUBBARD

Summer Squash

GIANT STRAIGHTNECK—A new highly desirable summer squash that is replacing the older crook-neck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crook-neck, the neck is heavier and gives more edible squash and is easier to prepare for the table. Pkt. 7c; oz. 20c; ¼ lb. 45c.

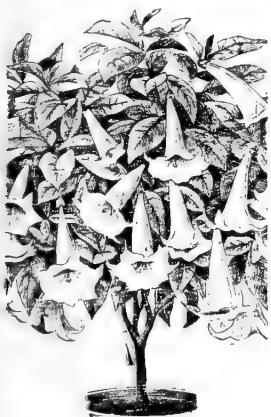

MAMMOTH WHITE BUSH—An early maturing bush summer squash which will bear throughout the season if kept picked. Squashes are pure white and of large size. Flesh is thick and of very fine quality. Pkt. 8c; oz. 20c; ¼ lb. 50c.

GOLDEN HUBBARD—An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well know Hubbard which it closely resembles in every respect except in color, which is a bright, golden yellow. Pkt. 8c; oz. 25c; ¼ lb. 65c; lb. \$1.85; 5 lbs \$9.00.

MAMMOTH WHITE BUSH

Four Excellent Flowers

DATURA

AMARANTHUS

Dwarf Amaranthus or Molten Fire

A dwarf annual sure to attract attention by reason of its attractive foliage which at first is bronze colored and as the plants attain a height of 12 to 15 in. the tips of the branches open like a poinsettia taking on a bright scarlet and gold color. Very showy for either beds or borders. Pkt. 10c; ½ oz. 25c.

Datura or Angel's Trumpet

Annual growing to a height of 2 to 3 ft. and producing large lily-like trumpet shaped flowers that are very fragrant. A plant in bloom is a beautiful sight and perfumes the whole garden. Our seed will produce both single and double flowers. For best results they should be started indoors and later transplanted into the open. Pkt. 10c; 3 pkts. 25c.

Will Rogers Zinnia

If you wish to have a bed or border of bright color over a long period of time then plant some of these grand zinnias. The huge bright red flowers, often 5 inches across, are borne on sturdy plants 2½ to 3 ft. tall. Blooms profusely from early summer until frost. Pkt. 10c; ¼ oz. 40c.

Carnation Pinks

FANCY MIXED—The rare beauty of these fine annuals rival Carnations and come into flower in 6 to 8 weeks after sowing. Plants grow 12 to 15 in. tall and bloom profusely for a long period of time. Well suited for beds, borders and bouquets. Pkt. 10c; ½ oz. 25c.

CARNATION PINKS

DWARF BEDDING DAHLIAS

1 MRS. G. BOUTILLIER
2-WHITE WONDER

3-WHITE GLORY
4-AVALON

Deluxe Dahlias

It is a source of deep satisfaction to grow truly giant flowered dahlias in your garden. It is not difficult to do this if you plant some of the excellent varieties below and follow the simple instructions sent with each order. The dahlias listed below are outstanding kinds, not only are they of giant size and fine colors but they are also vigorous growers and free flowering.

AVALON—One of the most popular and widely grown yellow Dahlias. Many flowers 10 in. in diameter and produced on strong heavy stems. Each 50c; 3 for \$1.25.

MRS. GEO. L. BOUTILLIER—One of best carmine red dahlias. A true giant as many flowers are 12 in. in diameter. Easy and vigorous grower, profuse bloomer. Each 45c; 3 for \$1.10.

ROSE GLORY—Rose pink flowers of large size and a very free bloomer. One of the best for landscape effect, flowers 6 to 7 in. across. Each 40c; 3 for \$1.00.

SAGAMORE Considered one of the best of the bronze or golden tan varieties. Its large shaggy blooms of copper and gold are very attractive. Each 40c; 3 for \$1.00.

THOS. EDISON—A grand and striking variety. Giant attractive flowers of deep royal purple. Will make a show in any garden. Each 50c; 3 for \$1.25.

WHITE WONDER Pure white flowers 8 to 10 in. across are not uncommon. A beautiful flower with long curled petals. Each 45c; 3 for \$1.10.

SPECIAL DAHLIA OFFER

One select root of each of the above six grand Dahlias for \$2.25.

NOTE For best results Dahlia roots must be properly stored until time to plant, for this reason we do not send out the roots until the proper planting time. You may order them with your seed and we will see that your Dahlias are sent out when time to plant.

Fancy Mixed Dahlias

This is a select assortment of select Dahlias and will give you a grand assortment at a low price. The mixture made up of extra good varieties and no two will be alike. Extra Select Bulbs: 3 for 85c; 6 for \$1.50; 12 for \$2.50.

Dwarf or Bedding Dahlias

These grand dwarf Dahlias are very desirable for beds or borders. They will start blooming in 6 to 8 weeks after planting and will then be a mass of flowers until frost; a bed or row of these Dahlias are a grand sight in flower. They grow 18 to 24 inches tall, and produce freely, bearing flowers on each branch, making beautiful bouquets. Flowers will be single, semi-double, or double, but all very beautiful. Select bulbs: 3 for \$1.00; 12 for \$2.50; 25 for \$5.00.

JUNG'S SCARLET GEM

Jung's Select Flower Seeds

The same care and time used in growing our garden seeds also enters into the production of our flower seeds. They are grown from the most select stocks, carefully tested for germination, in fact you will find Jung's Flower Seeds to be equal to the best offered anywhere. With every order of 50c or more we send a booklet on growing flowers free if requested on order.

ASTERS

JUNG'S SCARLET GEM—The most attractive of all Asters being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. Pkt. 10c; 1/8 oz. 30c.

JUNG'S RUFFLED GIANTS—Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 3 weeks if given fresh water. White, Rosy Red, Shell Pink, Violet, and Mixed. Pkt. 10c; 1 Pkt. of each color for 35c.

YELLOW CHRYSANTHEMUM—The rarest and newest Aster, being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. Flowers are produced so numerous that a plant looks like a golden dome. Pkt. 10c; 1/8 oz. 30c.

Floyd Wagner, Wis.—Have had excellent results with your seeds, especially the Asters.

Blue Lace Flower

A beautiful and interesting annual which seems to have been lost sight of in the last few years. It blooms most profusely from July till November, plants grow about 18 in. high and have as many as 50 flowers open at one time, color an exquisite pale lavender. Pkt. 8c; 2 pkts. 15c.

Scarlet Runner Bean

One of our fastest growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. Large Pkt. 7c; oz. 15c.

"Growing Flowers"

You can have an abundance of flowers from early summer until frost by sowing Jung's select Flower Seeds and following the simple instructions in our booklet, "How to Grow the Most Beautiful Flowers." Sent free, when requested, with all orders.

Candytuft

FANCY MIXED—These Candytufts are very profuse bloomers and come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. Pkt. 7c; 1/8 oz. 15c.

LITTLE PRINCE—This is a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance. Pkt. 7c; 1/8 oz. 20c.

Clarkia

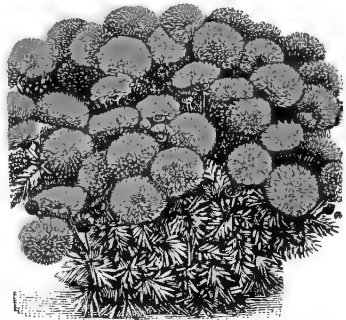

GIANT FANCY MIXED—For rare gracefulness and a beauty for annuals will surpass Clarkias. Suitable for either the border or bouquets. They grow erect to a height of 2 ft. and the branches for their entire length are covered with double flowers resembling carnations or rosettes. Pkt. 7c; 1/8 oz. 20c.

Cockscomb

GIANT PRIZED MIXED—Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 8c; 1/8 oz. 25c.

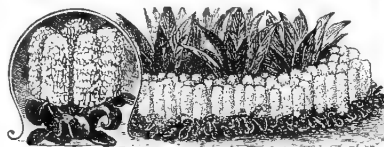

RUFFLED GIANT ASTERS

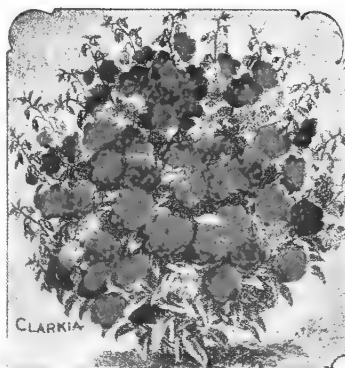

BABY GOLDEN GLOW

SCARLET RUNNER BEAN

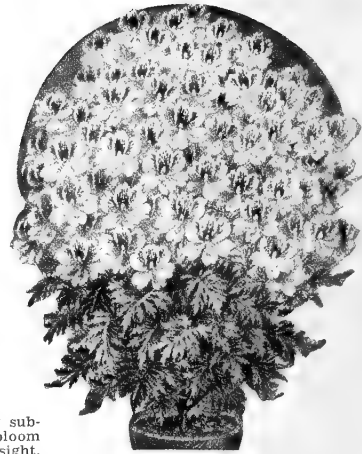

LITTLE PRINCE

CLARKIA

Butterfly Plant

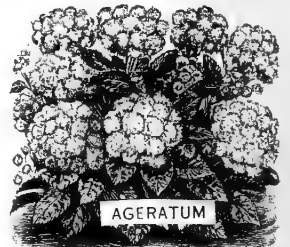

GIANT FLOWERED MIXED—Wonderfully showy plants having leaves like fern and blossoms like an orchid. The plants grow 1 1/2 to 2 ft. tall and are literally covered with the exquisite butterfly-like blossoms of almost every known shade and color. These flowers are of lasting substance and a plant in bloom makes a truly beautiful sight. They are easy to grow in the garden and will also make beautiful pot plants for winter flowering. Pkt. 12c; 2 pkts. 20c.

BUTTERFLY PLANT

Ageratum

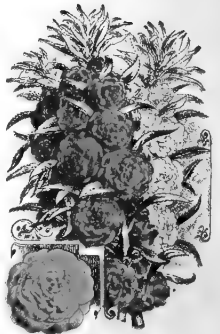

DWARF BLUE PERFECTION—One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful, bright blue flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf compact growth, 9 to 12 in. tall. Pkt. 10c; 1/8 oz. 25c.

AGERATUM

Baby Golden Glow

A most charming annual growing about 15 to 18 in. high bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 8c; 1/8 oz. 20c.

BALSAM

Balsam

DEFIANCE MIXED—A favorite quick growing annual. The plants form symmetrical well branched erect bushes about 2 feet high. The branches are well covered with beautiful double flowers. The colors include white, rose scarlet, crimson, purple, lilac and violet. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. Pkt. 8c; 1/8 oz. 20c.

Chinese Woolflower

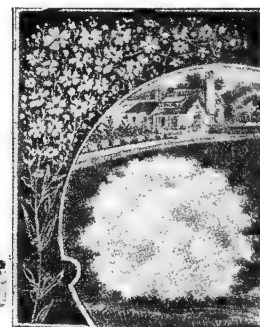

The plants average 2 feet in height branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall. Very much used for winter decorations. Pkt. 8c; 3 pkts. 20c.

CHINESE WOOLFLOWER

Baby's Breath or Gypsophila

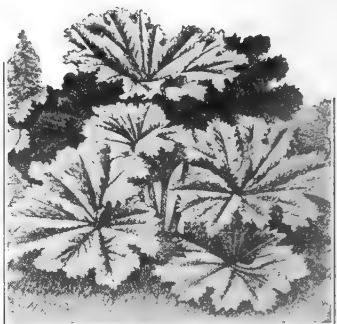

GIANT PARIS MARKET—These hardy annuals produce feathery sprays of tiny, pure white star-like flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets. Successful plantings should be made if you wish a supply throughout the season. Pkt. 8c; 1/8 oz. 15c.

BABY'S BREATH

Castor Oil Bean

Our fastest growing ornamental plant, very useful for back-grounds of the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. Large Pkt. 7c; oz. 20c.

CASTOR OIL BEAN

Geo. W. Dawson, Mich.—The Asters we had from you were wonderful. There is no better seed.

BLUE LACE FLOWER

FANCY MIXED CANDYTUFT

COCKSCOMB

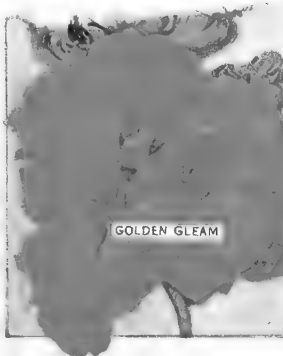

THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED

CARDINAL CLIMBER

Double Nasturtium

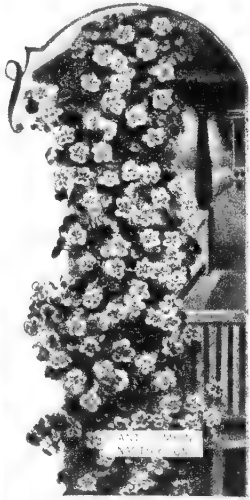

GOLDEN GLEAM—The most popular flower ever introduced, a double flowering, sweet scented Nasturtium of rare beauty. Plants make a strong growth; they commence to bloom early and remain in flower until hard frosts. The large, double golden flowers, $2\frac{1}{2}$ to 3 in. across, are borne on long stems and have a delightful odor. Pkt. 7c; $\frac{1}{2}$ oz. 15c; oz. 25c.

GOLDEN GLEAM

Cardinal Climber

One of the most beautiful annuals we know of and should be grown by every lover of vines or climbers. The foliage is like a palm leaf, rich, glossy green with fringed edges against which the brilliant scarlet flowers, about one inch across, show off beautifully. In a warm sunny location and rich soil it grows about 20 feet in height. It is of rapid growth, free from insects and a beautiful vine for porches or trellises. Pkt. 10c; 3 pkts. 20c.

Climbing Nasturtiums

JUNG'S GIANT CLIMBING—This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or bush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 feet tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. Pkt. 7c; $\frac{1}{2}$ oz. 15c; oz. 25c.

Nicotiana

CRIMSON BEDDER—A splendid bedding plant being bright in color and remaining in bloom for a long time. Flowers are a deep rich red and very fragrant. Free flowering bushes grow to a height of 12 to 15 in. Pkt. 10c; 3 pkts. 25c.

Mrs. Earl Klug, Wis.—Since we are using your seeds we have plenty all thru the summer and winter. People rave about my flowers and they are beautiful.

Tulip Poppy

A very desirable hardy annual. Seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. Pkt. 8c; 2 pkts. 15c.

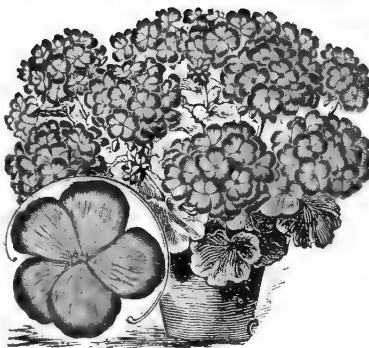

Mignonette

BISMARCK—One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of giant size, measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. Pkt. 8c; 2 pkts. 15c.

FINEST MIXED—A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. Pkt. 7c; $\frac{1}{2}$ oz. 15c.

Hardy Sweet Peas

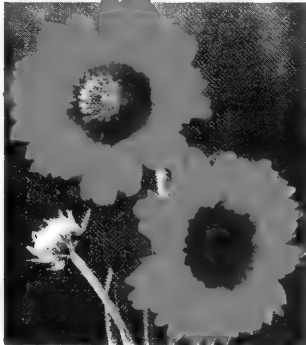

JUNG'S FANCY MIXED—The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Producer a mass of sweetpea-like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. Pkt. 12c; 2 pkts. 20c.

GERANIUM

Geranium

GIANT ZONALE HYBRIDS—It is not generally known that geraniums can be easily grown from seed, in fact some of the finest new varieties are started from seed. Seed sown early will produce flowering plants the first year. Our seed contains a great variety of colors and there is much pleasure in watching them develop from seed to blooming plants. Pkt. 15c; 2 pkts. 25c.

INDIAN CHIEF GAILLARDIA

Annual Gaillardia

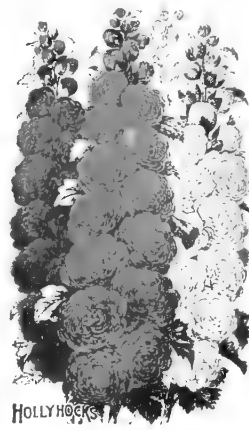

INDIAN CHIEF—Easily grown annuals which are a mass of brilliant red when in full bloom. Grow to a height of 12 to 15 in.; bloom for a long time and well suited for beds, borders and also bouquets. Pkt. 8c; $\frac{1}{2}$ oz. 20c.

SUPERB ANNUAL POPPIES

Lavatera

ROSY MORN—These handsome flowers should be grown by every flower lover. Plants grow 2 ft. in height and produce a mass of charming rose-pink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems they are well suited for vases and bouquets. It is easy to grow and sure to please. Pkt. 8c; $\frac{1}{2}$ oz. 20c.

HOLLYHOCKS

Annual Hollyhocks

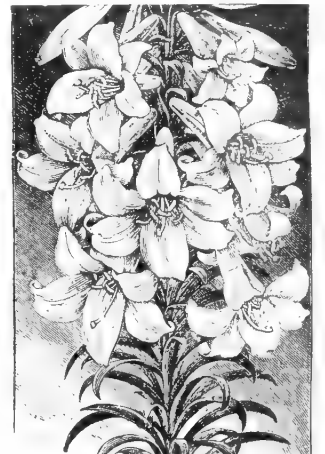

INDIAN SPRINGS—Semi-double fringed flowers from delicate pink to rosy carmine, are freely produced on 4 to 5 ft. stalks the first season. Seed sown in March will bloom in August. Plants will live over winter and flower again the following year. Pkt. 10c; 2 pkts. 15c.

Everblooming Wonder Lily

A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white inside, slightly tinged deep rose on the outside. They grow 3 to 4 ft. tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. Pkt. 10c; 3 pkts. 25c.

LAVATERA

EVERBLOOMING LILY

Superb Annual Poppies

JUNG'S SUPERB MIXED—A grand mixture of the best single and double Poppies in a wide variety of type and colors. Their brilliant colors will make a bright spot in your garden, they are easy to grow and will succeed under the most trying conditions. Pkt. 7c; $\frac{1}{2}$ oz. 20c.

Phlox Drummondii

GRANDIFLORA MIXED This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. Pkt. 8c; $\frac{1}{2}$ oz. 35c.

PHLOX DRUMMONDII

Dwarf Phlox

NANA COMPACTA MIXED—This splendid race of dwarf annual Phloxes cannot be over-praised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. Bushes are dwarf and compact, 6 to 8 inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red with white eye and many other shades. Pkt. 10c; $\frac{1}{2}$ oz. 40c.

Nigella or Love-in-a-Mist

NIGELLA—A lovely free flowering annual suitable for either beds, borders or bouquets. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed for flowers may be had by sowing these and California Poppies in the same bed. Pkt. 7c; $\frac{1}{2}$ oz. 15c.

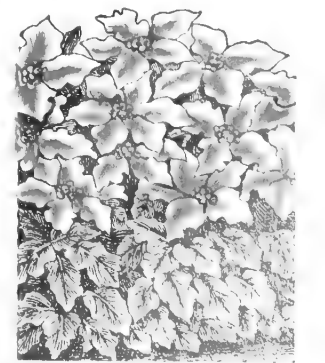

Nigella—Love-in-a-Mist

Pyrethrum

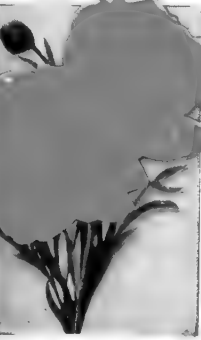

AUREUM—One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall. Foliage is an attractive golden color contrasting well with other green foliage plants. Pkt. 8c; $\frac{1}{2}$ oz. 25c.

Summer Poinsettia

An easily grown annual, growing 18 to 24 in. tall. About the middle of the summer the top center leaves turn to a rich orange scarlet resembling a Poinsettia. Also useful for bouquets. Pkt. 8c; 3 pkts. 20c.

Hardy Biennials and Perennials

We offer a list of the most popular biennials and perennials, varieties that are easy to grow and sure to please.

AQUILEGIA or HONEYSUCKLE—Giant Fancy Hybrids.—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong, thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations, hardly two plants producing flowers that are exactly alike.

COREOPSIS—Grandiflora Mixed.—These fine hardy perennials are sometimes called yellow daisies. The beautiful rich golden flowers are borne on long graceful stems. They flower for a long period of time and will blossom the first year if started early.

CANTERBURY BELLS—Giant Flowered Mixed.—These hardy biennials are old time favorites but are becoming more popular every year. They grow stately bushes 2 to 3 ft. tall and produce a profusion of the handsome bell-shaped flowers. They make a brilliant show and are well suited for either gardens, borders or mixed among shrubs. We offer a superb mixture.

FOX GLOVE—Mammoth Flowered Mixed.—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flower heads are often 3 ft. long. Colors range from pure white and shell-pink to deep rose and many are beautifully spotted.

GAILLARDIAS—Giant Fancy Hardy.—A very desirable and showy hardy perennial that should have a place in every border or garden. They thrive in almost any place and are a plant of beauty from spring until fall. Our strain will produce giant crimson and gold flowers that make unusual striking bouquets.

FANCY HARDY LUPINE.—These beautiful hardy plants produce handsome bushes of green foliage from which arise in continuous succession the long stately spikes of sweet-pea shaped flowers. Spikes of bloom a foot long are produced on long stiff stems. Colors are both rich and delicate in white, blue and pink but offered only in mixture.

PLATYCODON—Grandiflora Mixed.—An extra good, very hardy and free flowering perennial. They form branching plants 1½ to 2 ft. tall and produce large blue and white bell-shaped flowers. They remain in flower from June to October and will thrive in sunny or shady places. One of the best hardy perennials.

HARDY BLUE STOKESIA.—A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting.

AQUILEGIA

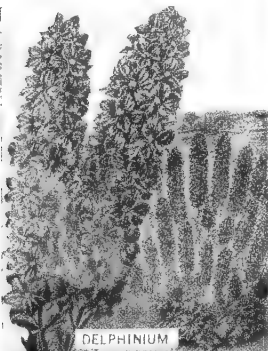

COREOPSIS

HARDY BLUE STOKESIA

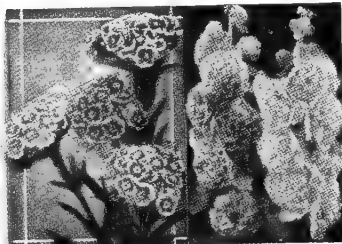

HARDY CLOVE PINKS—Fancy Double Mixed.—A grand new strain that rival carnations for beauty, free flowering and very fragrant. Flowers 1½ to 2 in., and in a wide range of colors

DELPHINIUM

SHASTA DAISY

SWEET WILLIAM HOLLYHOCKS

DELPHINIUMS—Fancy Blue Hybrids.—These graceful flowers rank among the finest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. Well established plant that should have a place in every border or garden. They are grand for cutting and very graceful for bouquets.

HOLLYHOCKS—Double Rose Flowered Mixed.—These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 8 ft. tall, for planting among shrubbery or backgrounds they are unequalled. We offer superb mixture of the best double flowering varieties.

SWEET WILLIAM—Giant Perfection Mixed.—Popular hardy perennials that are splendid for beds or borders. They produce large heads of clusters of flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time. We offer an extra select strain.

SHASTA DAISY—Giant White.—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

Special Offer

Any Perennials on this page:
Pkt. 10c; 3 pkts. 25c; 6 pkts. 45c; One pkt. of each, 15 in all, for \$1.00.

CHINESE LANTERN

CHINESE LANTERN.—This is a highly ornamental and interesting plant grown for its bright colored balloon-like fruits or husks that cover the bush in late summer or autumn. The fruits are about 1½ in. in diameter, bright orange red when ripe and on account of their shape and texture are called "Chinese Lanterns". Branches with the fruits may be dried and make splendid material for winter bouquets.

ICELAND POPPIES

Hardy Poppies

ICELAND MIXED.—Hardy perennials that bloom the first season. The elegant satin-like flowers are produced abundantly from June until October. Excellent for bouquets as flowers last fully a week.

Sweet Alyssum

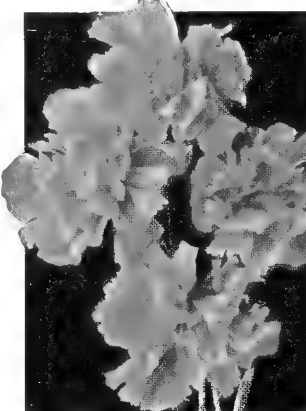

LITTLE GEM.—Free flowering, handsome annuals for beds, edging, etc. This variety is very dwarf and blooms profusely forming a mass of solid pure whiteness throughout the summer. Excellent for either beds, borders or edgings try it once and you will always want it. Pkt. 7c; ½ oz. 20c.

ANNUAL SWEET WILLIAM

Annual Sweet William

HARDY ANNUAL MIXED.—The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rosepink, etc. Pkt. 10c; ½ oz. 25c.

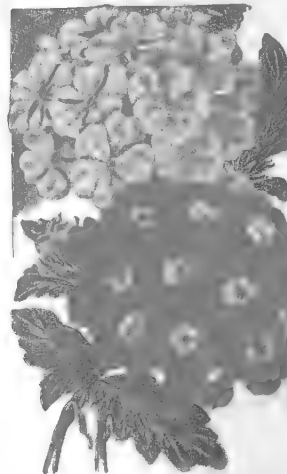

SATIN FLOWER

SUNFLOWER

Brilliant Salvia

BONFIRE.—One of the finest Salvias and the grandest bedding plant known; single plants often carry 100 spikes measuring 10 to 12 inches in length. The flowers are of a brilliant dazzling scarlet and from the time they begin to flower the plants are a continuous blaze of color until killed by frost. We know of no other flower that will equal the gorgeous effect of a row or bed of these Salvias when in full bloom. Why pay from 50 to 70 cents per dozen for these plants when you can raise at least 50 plants from a package of our seed. Pkt. 10c; ½ oz. 50c.

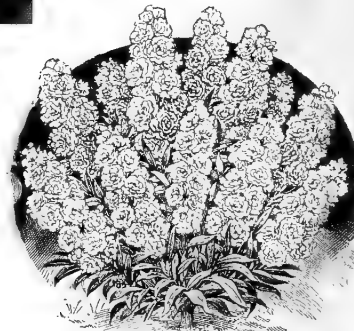

VERBENA

Verbena

FAIRFIELD FAMOUS MIXED.—We offer you a giant flowered mixture of these beautiful annuals. The trusses measure 9 to 12 inches in circumference and the individual florets on well grown plants measure 1 inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. A mass of bloom from July until heavy frosts. Pkt. 8c; ½ oz. 35c.

Satin Flower

An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Blossoms, shiny like satin, deep rose colored and remains in blossom a long time. Pkt. 8c; 2 pkts. 15c.

SNOWDRIFT STOCKS

Snowdrift Stocks.—An extra early strain of these popular annuals coming into flower 3 to 4 weeks before the other strains. Plants are covered with flowers from summer until hard frosts and as the flowers are produced on long spikes they are splendid for cutting or bouquets; very fragrant. Pkt. 10c; 3 pkts. 25c.

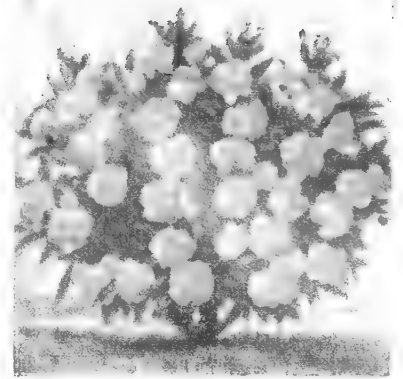

Sunflower SUN GOLD.—Grows 4 to 5 feet tall. Perfectly double. Color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. Pkt. 10c; ½ oz. 25c.

Jung's Glorious Flowers

You can rely upon the Quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seeds.

Jung's Giant Fancy Asters

EXTRA SELECT WILT-RESISTANT STRAINS—We make a specialty of Asters and you will find the quality of this mixture to be outstanding for size and beauty of flowers. This is made up entirely from wilt-resistant strains of the different types and is well balanced for colors and will bloom over a long period. It contains all colors and many of the flowers will be 4 to 5 in. across and borne on stems 2 to 3 ft. long. Pkt. 10c; 3 pkts. 20c; 1/8 oz. 35c.

BUSH BALSAM

Double Bush Balsam

GARDENIA FLOWERED — A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt. 15c; 3 pkts. 35c.

GIANT FANCY CELOSIA

How To Grow ASTERS

and Flowers is written in detail in our booklet on **Vegetables and Flowers**. A copy is sent free with every order of 25c or more, if requested.

Carnations

GIANT EVERBLOOMING MIXED — A select strain of Carnations that will bloom the first summer and produce large double flowers of rare beauty. Plants may be taken up in the fall and potted and they will continue to bloom during the winter. Pkt. 10c; 3 pkt. 25c.

CELOSIA

Giant Plumed

A new select strain of plumed Celosia producing huge plumes on long stems, well suited for bedding, cut flowers or may be used for winter bouquets. It contains beautiful shades of bronze, copper, gold and sunset colors. Easy to grow as it thrives in hot weather and will be a riot of color from summer until frost, all they require are good soil and moisture. Pkt. 15c; 2 pkts. 25c.

Canterbury Bells

ANNUAL FANCY MIXED — You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will bloom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large, cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. Pkt. 8c; 2 pkt. 15c.

Coleus

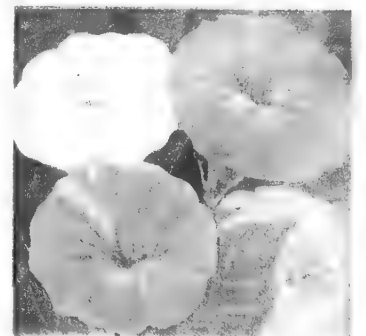

FANCY RAINBOW MIXED — These plants have the brightest foliage of any plant that can be grown from seed, may be grown as pot plants as well as out in the garden. They are readily grown from seed and grow to a height of 12 to 18 in. The seed we offer has large leaves of remarkable colors. Pkt. 20c.

Fire Flame Celosia

An easily grown and highly attractive annual that may be grown in the flower garden or in pots. Plants grow 12 to 15 in. tall and the center stalk and each branch terminates in a fiery red flower head. Even more attractive than Geraniums or Salvia and remain in flower for weeks. Pkt. 12c; 2 pkts. 20c.

Four O'Clock

FINEST MIXED No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to a height of two feet and blooms in early morning and evening and rivals the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be sown with little or no trouble. Pkt. 8c; 1/4 oz. 15c.

FOUR O'CLOCK

CARNATIONS

ANNUAL CANTERBURY BELLS

COLEUS

JUNG'S FANCY DAHLIAS

Bachelor Button or Centaurea

JUNG'S FANCY MIXED — This is perhaps one of the most popular and indispensable annuals. Grows to a height of 2 ft. and produces its large, long stemmed flowers for a very long time. May be sown early in the spring, in a few weeks they come into flower continuing until hard frosts. We offer a very select strain containing many beautiful colors. Pkt. 7c; 1/8 oz. 15c.

Mrs. L. Lins, Md. — The flower seeds from you were super-special.

H. F. Kaver, Ohio — Have been buying JUNG'S seeds for a long time. They always grow.

Mrs. Andrew Peterson, Mont. — Order all my seeds from you every year and always have good luck with both vegetables and flowers.

Mrs. A. Bell, Mo. — We have planted Jung's seeds for over 10 years and have always been well pleased.

California Poppies

GIANT HYBRID MIXED — You will be highly delighted with the profusion, size and wonderful new colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to October. Colors include orange, rose, crimson, lavender, and many other new shades. Very easy to grow. Pkt. 8c; 1/8 oz. 20c.

Annual Chrysanthemums

Easily grown annuals that produce some of the best color combinations known in flowers. They are as easily grown as poppies and remain in bloom for a long time. As the flowers are produced on long stems they make splendid bouquets and will last for a long time. Do not sow the seed too thick as the plants require room to give best results; they should be 12 to 15 inches apart each way. Pkt. 7c; 2 pkts. 10c; 1/8 oz. 15c.

Dahlias

JUNG'S FANCY MIXED — The Dahlia still holds its place as "king of all out door autumn flowers" and they may be grown to the greatest perfection from seed blooming the first summer. As easy to grow from seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. Pkt. 12c; 3 pkts. 30c.

BACHELOR BUTTON OR CENTAUREA

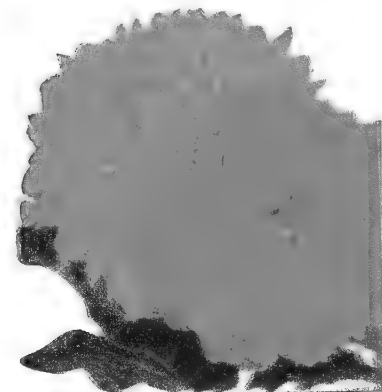

CALIFORNIA POPPY

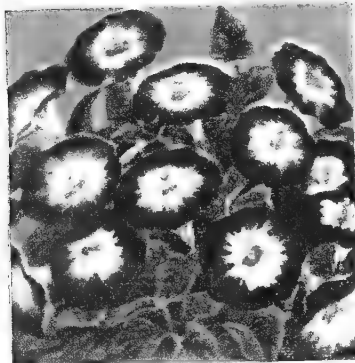

ANNUAL CHRYSANTHEMUM

PRIZE CUT FLOWERS

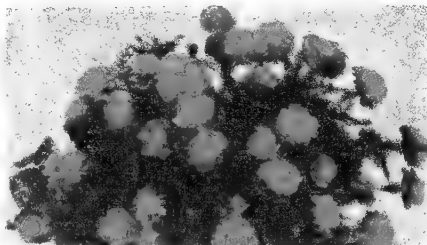

CALENDULA

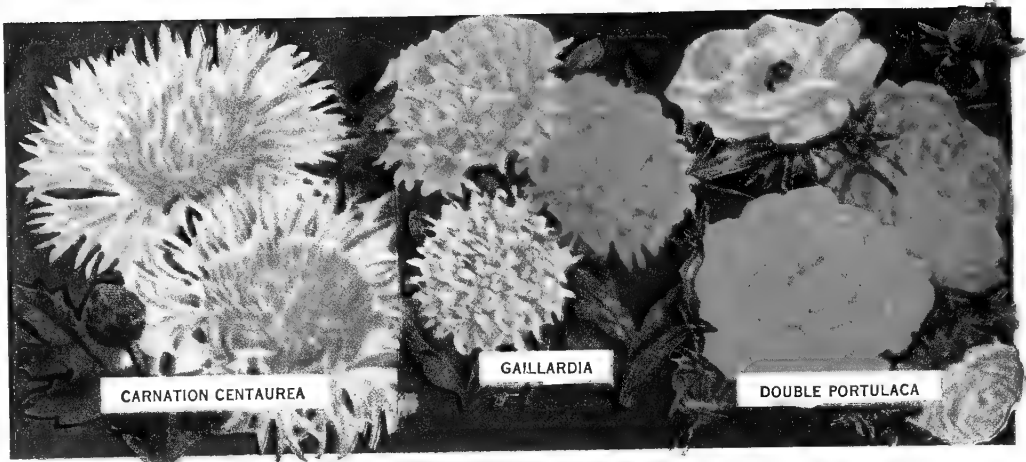

ROYAL ENSIGN

Dwarf Marigolds

LITTLE MIDGETS MIXED—There are few, if any, of the low growing annuals that produce a profusion of flowers for a longer period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. Pkt. 8c; 1/4 oz. 20c.

DWARF MARIGOLDS

CARNATION CENTAUREA

GAILLARDIA

DOUBLE PORTULACA

Carnation Centaurea

GIANT FLOWERED MIXED—The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 in. across and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a long time in water. Pkt. 8c; 2 pkts. 15c.

Annual Gaillardia

FINEST MIXED—One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 in. across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. Pkt. 7c.

Double Portulaca

GIANT DOUBLE MIXED—A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. Pkt. 12c; 3 pkts. 35c.

Jung's Prize

Cut Flower Mixture

Flowers in Abundance from Early Summer until Frost.

This is a superb mixture of flowers that are especially suited for cutting or bouquets. It is made up of the very best strains of seeds and will provide you with beautiful bouquets from early summer until frost. This select mixture has been made

up for people who wish a large variety of flowers yet do not care to purchase a packet of so many separate varieties. Do not sow this seed too thick as you will get more and better flowers when each plant has enough room to grow to full size. Pkt. (enough for a row 50 ft. long), 15c; 2 pkts. 25c; 1/4 oz. 35c.

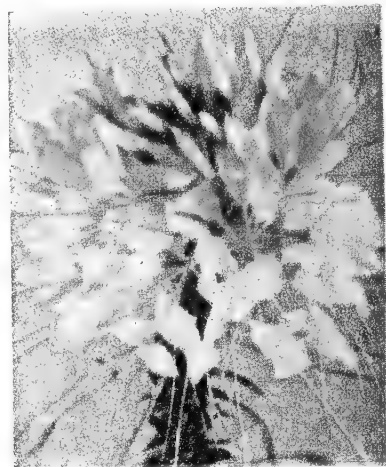

COSMOS

COSMOS

JUNG'S SUPERB MIXED—Probably one of the finest Cosmos mixtures to be had. Made up of such grand varieties like Sensation, Early Flowering, Golden Flare, etc. Will supply you with grand flowers from early summer until frost. Many of the flowers will be 4 to 5 inches across and are borne on long stems; grand for bouquets. Pkt. 8c; 1/4 oz. 20c.

Cleome or Spider Plant

ROSE QUEEN—Plants grow to a height of 3 1/2 ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, backgrounds or planting among other shrubs. Remains in full flower from early in summer until killed by hard frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty of room. Pkt. 8c; 2 pkts. 15c.

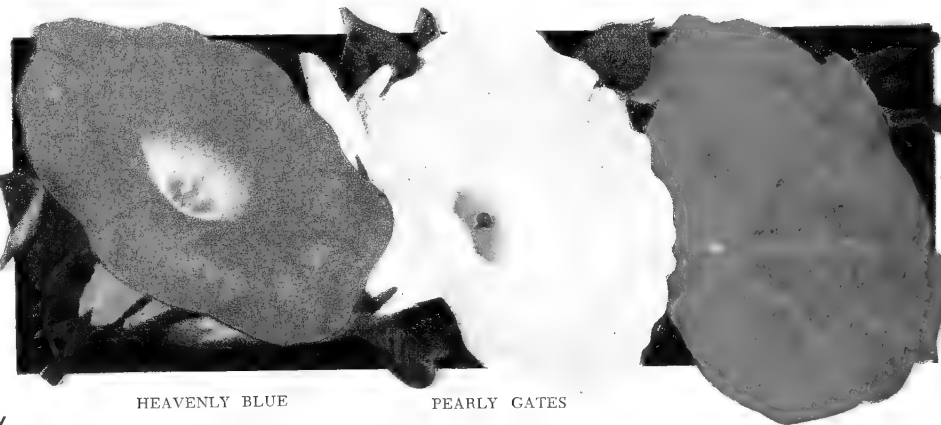

CLEOME OR SPIDER PLANT

GROWING FLOWERS

With every order of 50c or more we will send free, if requested a copy of our booklet on growing vegetables and flowers. This will tell you when and how to sow the different seeds and by following these instructions you should have no difficulty in making your garden both beautiful and useful.

Calendula

FANCY MIXED—One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. Pkt. 7c; 1/4 oz. 15c.

HEAVENLY BLUE

PEARLY GATES

SCARLET O'HARA

Bush Morning Glory

ROYAL ENSIGN—One of the deepest bright-blue annuals and excellent for edging or borders as the plants are dwarf and bloom for a long period. Flowers are deep ultra-marine blue with a white halo and gold throat. Profuse bloomer. Pkt. 12c; 1/4 oz. 25c.

MORNING GLORIES

HEAVENLY BLUE—A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3 1/2 to 4 inches across and in color are dark skyblue with a white throat. Very profuse bloomers and remain in flower for a long time. Pkt. 8c; 2 pkts. 15c; 1/4 oz. 25c.

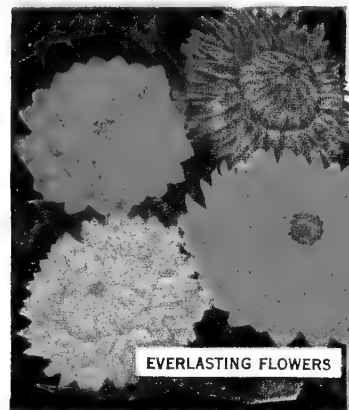

PEARLY GATES—A fitting mate for Heavenly Blue except for color. Flowers are of giant size, abundantly produced and a rich satiny white color. Comes into flower early and for a long time. Pkt. 15c; 2 pkts. 25c.

SCARLET O'HARA—A remarkably fine showy climber as first flowers open in July and from then until frost they are borne in profusion. Flowers are 3 to 3 1/2 in. across and of a soft velvety scarlet. Pkt. 12c; 1/4 oz. 35c;

GIANT FANCY MIXED—A superb mixture of the above varieties and also some of the ruffled strains, truly a superb mixture. Pkt. 8c; 1/4 oz. 20c.

EVERLASTING FLOWER

GIANT MIXED—These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants grow about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked while partly open will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 8c; 2 pkts. 15c; 1/4 oz. 25c.

EVERLASTING FLOWERS

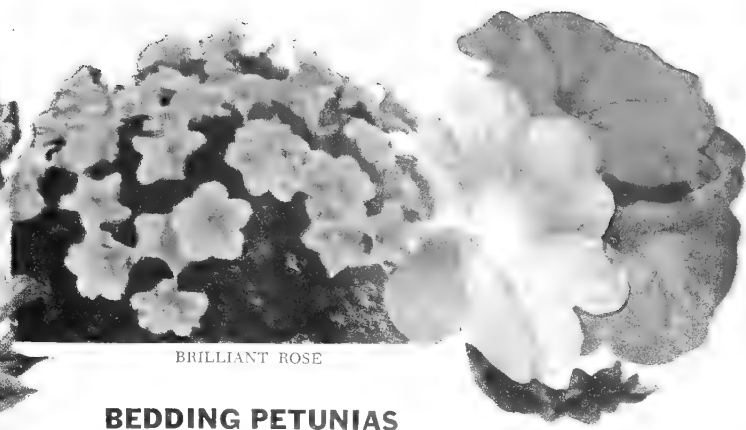

ANNUAL DAISY

Annual Daisies

FANCY MIXED — Plants of very neat branching habit, grow about 12 to 15 inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned, certainly a great acquisition and a magnificent new garden favorite. Pkt. 7c.

DEFIANCE

BRILLIANT ROSE

BEDDING PETUNIAS

BRILLIANT BEAUTIES

BRILLIANT ROSE—If you wish a flower bed that is bright and cheery throughout the summer and fall plant some of these brilliant Petunias. Plants grow compact, 8 to 12 in. tall, they commence to bloom when only a few inches tall and are a blaze of color from early summer until hard frosts. Flowers are of good size and a live, rose red color. Pkt. 10c; 3 pkts. 25c; 1/2 oz. 59c.

FLAMING VELVET—One of the most showy Bedding Petunias. Plants are a mass of striking color from early summer until late fall. The large flowers are a beautiful shade of deep velvety maroon-red, very rich and showy. Pkt. 10c; 3 pkts. 25c; 1/2 oz. 60c.

BRILLIANT BEAUTIES A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 3 to 12 in. high, and commence to bloom when only a few inches high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive heat and dry weather plant some of these grand Petunias. Pkt. 8c; 2 pkts. 15c; 1/2 oz. 35c.

Giant Flowering Petunia

DEFIANCE MIXED—This strain bears grand substantial flowers of the largest size in profusion. The flowers frequently measure 5 in. across. Most of the flowers are fringed beautifully and have open throats. All are distinctly veined especially in the throat portion and in many the throat is darker than the outer portion of the petals, imparting a rich velvety effect. Some of the colors are rich and gorgeous while others are of lovely delicate shades. Pkt. 35c; 3 pkts. \$1.00.

GIANT FANCY PANSIES

Pansies

JUNG'S GIANT FANCY MIXED—This "Fancy" Mixture contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. Pkt. 20c; 1/2 oz. 95c.

GIANT FANCY SCABIOSA

Scabiosa

GIANT FANCY MIXED—A hardy and easily grown annual well suited for beds or bouquets. Bushes grow 2 1/2 ft. tall and are in flower from early summer until frost. The flowers are borne on long wiry stems, are of large size and exquisite colors. Our seed is a highly improved strain selected for large flowers and wonderful colors. Pkt. 8c; 1/2 oz. 20c.

VELVET FLOWER

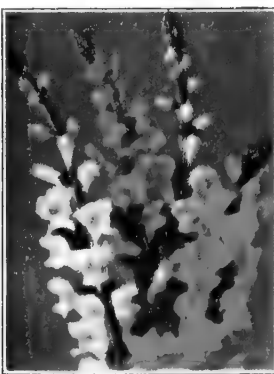

BLUE MOON—One of our most showy blue garden annuals. Plants grow 18 to 24 in. tall and produce an abundance of bloom for a long period of time. Flowers are of large size, a beautiful blue, and being borne on long stems are ideal for bouquets. Pkt. 10c; 2 pkts. 15c; 1/2 oz. 25c.

Velvet Flower

GIANT FLOWERED MIXED—Undoubtedly one of the most attractive annuals and for richness of colors they are unsurpassed. Splendid for either beds or bouquets, they are as easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. Pkt. 8c; 1/2 oz. 25c.

New Snapdragon

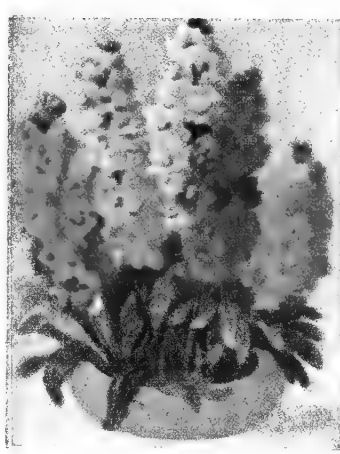

RUST-PROOF MIXED—In many sections rust destroyed these plants before they flowered. This new strain is very resistant to rust and you may grow these favorites to perfection. It will produce very large flowers in a wonderful range of bright, rich colors. Pkt. 10c; 3 pkts. 25c.

RUST-PROOF SNAPDRAGON

D. G. Murphy, Minn.—I always have the best of luck with your seeds and bulbs.

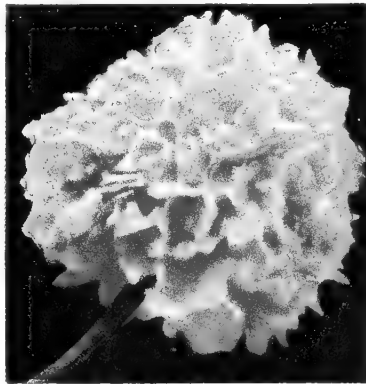

Mrs. Addie B. Adams, Ind. We planted your garden and flower seeds last year and had a grand garden.

STOCKS

Stocks

JUNG'S FANCY MIXED—One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 ft. and produce long spikes of double flowers, many of them 2 in. across. Colors include white, rose, blue, crimson, and yellow. Our seed is a superb select strain. Pkt. 8c; 1/2 oz. 25c.

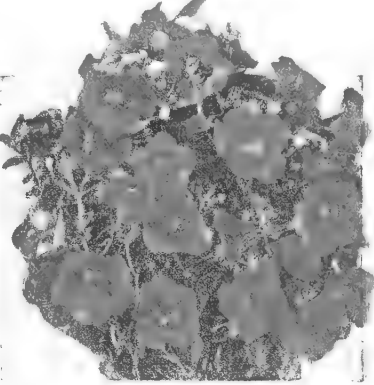

BLUE MOON SCABIOSA

Growing Flowers

With every order of 50c or more we will send free, if requested a copy of our booklet on growing vegetables and flowers. This will tell you when and how to sow the different seeds and by following these instructions you should have no difficulty in making your garden both beautiful and useful.

Vinca Rosea

SUPERB MIXED—Splendid for bedding and may also be used for borders growing to a height of 12 to 15 inches and remain in bloom all summer until frost, also well suited for cut flowers. Will do well in either sun or partial shade, many gardeners prefer them to Geraniums. Pkt. 10c; 3 pkts. 25c.

FLAMING VELVET

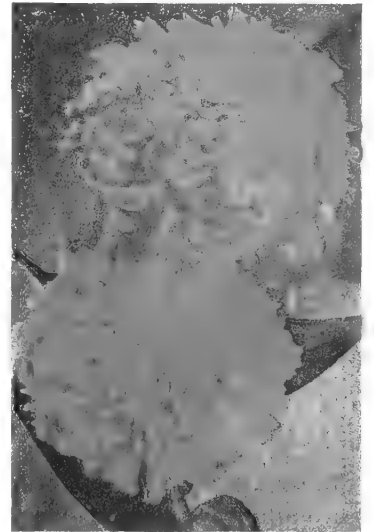

VINCA ROSEA

New Ruffled Snapdragons

GIANT TETRA MIXED—Tetra is probably the best Snap for outdoor growing as the big husky plants resist rust and produce an abundance of mammoth flowers on stems 12 to 18 in. long. Florets are huge in size, mostly ruffled and stay on the stems for a long time. You will be delighted with the size and beauty of these grand new Snaps. Pkt. 15c; 2 pkts. 25c.

Zinnias

RUFFLED GIANTS—A great improvement on former Fantasy types. The long petals are quilled, curled and pointed with no centers of flowers showing. Flowers are remarkably large, 4 to 4 1/2 in. across and are borne on long stems. The seed we offer covers a wider range of rich color than most Zinnias. You will be delighted with these grand new Zinnias. Pkt. 15c; 1/2 oz. 25c.

RUFFLED GIANT ZINNIA

JUNG'S SUPER GIANT ZINNIAS

Our sales on the truly Giant Flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

CANARY BIRD—Graceful flowers of rich canary yellow. Pkt. 10c.

DREAM—Large attractive flowers. Lavendar changing to purple. Pkt. 10c.

EXQUISITE—One of the most pleasing as regards to form and size. Light rose with deep rose center. Pkt. 10c.

METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 10c.

ORIOLE—Well worthy of the beautiful bird for which it was named. Immense orange and gold bicolor flowers which change color as the flowers grow older. Pkt. 10c.

POLAR BEAR—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. Pkt. 10c.

SPECIAL ZINNIA OFFER

1 Pkt. of each of above 6 Grand Zinnias for 40c.

Jung's Super Giant Mixed Zinnias

This is one of the finest mixtures of Zinnia to be had. It contains seed of all those shown besides many other colors. If you want glorious color around your home from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for livening up any room. Pkt. 8c; 3 pkts. 20c; ¼ oz. 40c.

EVERBLOOMING SWEET PEAS

Giant Spencer Sweet Peas

These new Sweet Peas are of enormous size, which with their charming colors and waved or fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured 2½ inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

BONNY BRIAR—A sparkling rose pink of immense size. Long stems often bearing four flowers. One of the best.

FLAGSHIP—A rich deep navy blue and the best in its color class. Flowers of large size on long stems are borne in profusion.

FLORA—A magnificent flower of clear deep lavender. Flowers are beautifully waved or ruffled and borne 3 and 4 on long stems.

MAYTIME—One of the most beautiful giant flowered ruffled sweet peas. Color is a rich golden cerise and must be seen to be appreciated.

RUBICUND—The flowers of this grand variety are heavily ruffled and very showy. Flowers are a striking crimson scarlet and fairly glisten in bright sunlight.

SNOW WHITE—The grandest of all white sweet peas, remarkable for its pure whiteness and large size.

WARRIOR—Beautiful flowers of deep maroon red, large in size and true ruffled type. A vigorous grower and profuse bloomer.

PRICE of any above Sweet Peas; Pkt. 8c; ½ oz. 20c; oz. 30c.

SPECIAL SWEET PEA OFFER—One large pkt. of each of the 7 fine Giant Spencer Sweet Peas listed above for only 30c.

Jung's Giant Everblooming Sweet Peas

This superb Sweet Pea mixture is made up of both early and late Giant Spencers and will remain in flower for many weeks. It has been made with extra care from the finest large flowering Spencers and will produce a well balanced color effect. All dull and undesirable colors have been omitted making this as fine a mixture of Sweet Peas as it is possible to produce. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 90c.

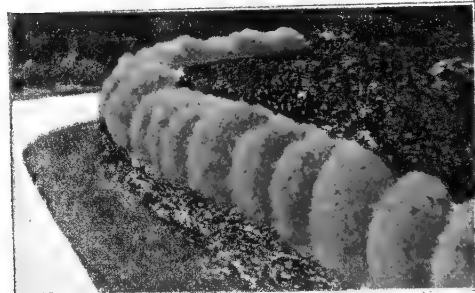

Inoculating your Sweet Peas will produce larger and finer flowers. See Page One.

M. Holowasko, Pa.—We are pleasantly surprised with the results of your seeds, our garden is paying us good dividends as we have finer flowers and better vegetables than our neighbors.

Frank Slee, Mich.—We have always been well pleased with everything received from Jung's.

Mrs. G. Greasby, Wis.—The flower seeds you sent me were grand, the Cuthbertson Sweet Peas blossomed until frost in October.

JUNG'S SUPER GIANT ZINNIAS

CHRISTMAS KOCHIA

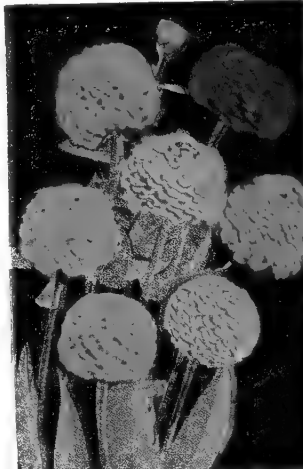

Christmas Kochia

A great improvement on the old variety as this new strain retains its beautiful color until late in the winter while the old variety dried up in September. The bushes are a mass of dense live green in summer while after frost they turn to rosy claret red and are highly ornamental after all other shrubs are dead; the effect of this color against the snow is certainly a beautiful sight. The plants grow 3 to 4 feet high and very dense and symmetrical from the start. Pkt. 7c; 2 pkts. 10c; ¼ oz. 15c.

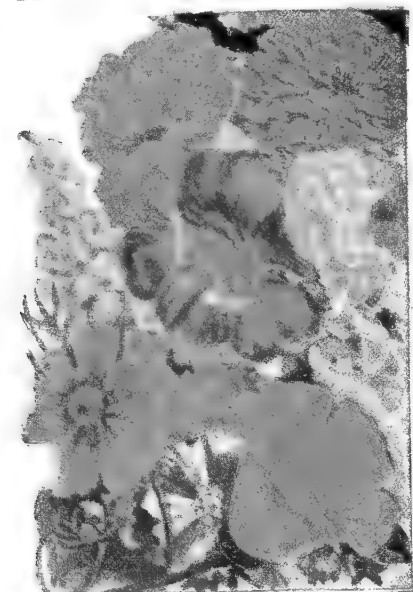

Fancy Pompom Zinnias

SUPERB MIXED—These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact and bushy and are loaded with the beautiful perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnia has been greatly improved and is becoming very popular. Pkt. 8c; ¼ oz. 35c.

M. L. Fewkes, Sr., Pa.—We have fine results from your seeds, always recommend them to our friends and neighbors.

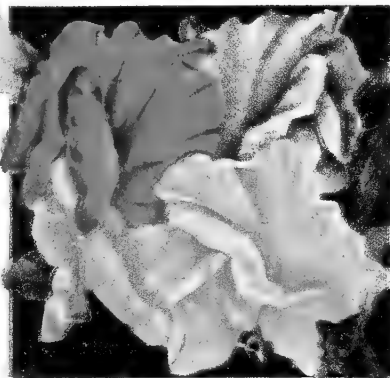

POMPOM ZINNIAS

Rainbow Flower Garden

Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. Only seeds of the highest quality are used in this mixture and the grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. Pkt. 10c; ¼ oz. 20c; oz. 60c.

GIANT CUTHBERTSON SWEET PEAS

Giant Cuthbertson Sweet Peas

This new type of Sweet Peas grow very vigorous vines, produces an abundance of large fragrant blossoms which are highly fragrant, produced on extra long stems and are of beautiful clear colors.

It is the ideal variety for the home flower garden, due to its great vigor it will bloom and prosper in those sections where other varieties fail due to hot weather. As the vines are such strong growers do not plant them too thick, plants should be at least 8 to 12 in. apart in the rows.

DANNY—Large showy navy blue, a color you will like.

FRANK G.—Clear rosy lavender, received 1st prize for the best of this shade.

JANET—Huge snowy white flowers borne on long stems, abundant bloomer.

JIMMY—Mammoth flowers of bright scarlet color, does not fade easily in hot sun.

KATIE—One of the most beautiful colors being a rose cream

pink, must be seen to be appreciated.

LIZA—Large showy flowers of deep maroon red, unusual but beautiful.

Price of any above Sweet Peas: Pkt. 10c; ½ oz. 25c; oz. 40c.

SPECIAL OFFER No. 84—One pkt. of each of the above 6 Giant Cuthbertson Sweet Peas for 45c.

Giant Cuthbertson Mixed Sweet Peas

This is a grand mixture of these grand new Sweet Peas containing all of the above varieties besides many newer shades. A grand surprise awaits you if you plant some of them as for vigor, large flowers, long stems and profuse blooming they are "tops". Pkt. 10c; ½ oz. 18c; oz. 35c; ¼ lb. \$1.00.

BLUE LEAF ARCTIC WILLOW

Blue Leaf Arctic Willow

Very desirable for a dwarf, dense, compact hedge. Foliage is an unusual blue or gray-green color somewhat like a blue spruce. It is hardy in all parts of the U. S. and thrives in either wet or dry locations, grows rapidly into a beautiful dense hedge up to 4 ft. high and can also be used for mixing with other shrubs. Plant 18 to 24 in. apart. 2-yr. field grown plants. Each 45c; 3 for \$1.25; 12 for \$3.75. Extra Heavy 3-yr. plants: Each 60c; 3 for \$1.50; 12 for \$5.25, postpaid.

GIANT BRIDAL WREATH

Giant Bridal Wreath

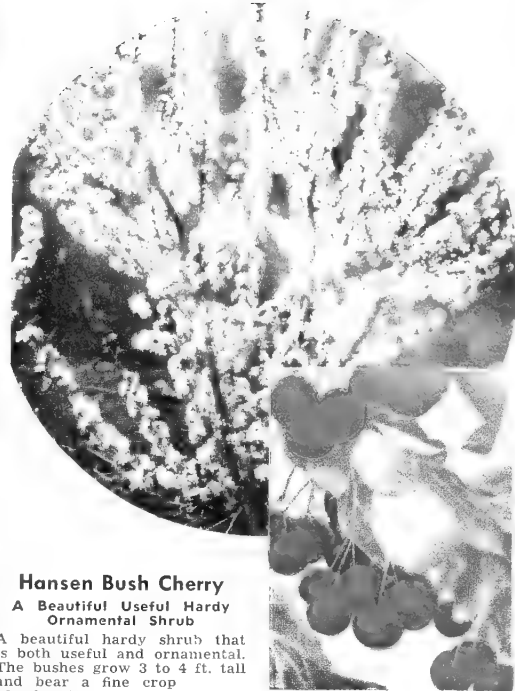

The finest of all Spirea. A splendid hardy, rapid growing shrub, 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome-shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers which are delightfully fragrant. A very hardy attractive shrub that is sure to please. Selfc 2-yr. plants. Each 60c; 3 for \$1.50.

FERN LEAVED SPIREA

Fern Leaved Spirea

A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flowers similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendidly. Each 60c; 3 for \$1.50; doz. \$5.50.

BUSH CHERRY

Hansen Bush Cherry

A Beautiful Useful Hardy Ornamental Shrub

A beautiful hardy shrub that is both useful and ornamental. The bushes grow 3 to 4 ft. tall and bear a fine crop of cherries that are especially fine for jellies and jam. Especially resistant to drought and makes a splendid ornamental shrub. Early in the spring they are a mass of white when in bloom, later they leaf out heavily with silvery green foliage which turns to red and gold in the fall. Strong 2-year field-grown plants. Each 60c; 3 for \$1.50; doz. \$5.25.

Mrs. W. H. Thecsfeld, Minn.—Am happy to tell my friends what nice strong, healthy and vigorous plants and vines you send out.

H. Clyde Hoover, Ohio—Have been pleased to purchase seeds and plants from you over 25 years. When we think of plants and seeds we think of JUNG'S.

PUSSY WILLOW

French Pussy Willow

A highly improved variety that has created a sensation wherever shown. Branches of it have sold during winter months for \$1.50 per doz. You can grow them on your lawn or back yard very easily; excellent for screens or back-grounds. Cut off the ends of the branches in February or March, place them indoors in a vase of water and soon the large silvery pink catkins, 1 to 2 in. long, will unfold. Will grow to a height of 8 to 10 ft. Very hardy and plants well supplied with attractive foliage. Select 2-3 ft. plants. Each 60c; 3 for \$1.50.

Snowberry

A Shrub For Shady Places

A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 2 to 3 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. Strong, bushy plants: Each 55c; 3 for \$1.40; 12 for \$5.25.

Summer Hyacinth

A species of Hyacinth which blossoms for a long period of time during the summer. The bulbs produce stalks 3 to 5 ft. tall, with spikes of pure white flowers 2 ft. in length. The flowers are thimble-shaped and very much resemble Yucca blossoms. Bulbs planted in the spring will be in flower from July to October, many of the bulbs producing 2 and 3 flower stalks. Very useful for cemetery plantings and for centers of flower beds or among low growing flowers and shrubs. Extra large bulbs: 3 for 60c; doz. \$2.10.

WHITE DAY LILY

Hardy White Day Lily

(Subcordata Grandiflora) One of our best hardy white so-called Lilies as it grows in either sun or shade but does especially well in shady places where few plants will thrive. It grows about 18" tall, has very attractive foliage and blooms freely during August and September. The large flowers are pure white, very fragrant and resemble Easter Lilies. Large select divisions: Each 50c; 3 for \$1.35; doz. \$4.90.

GOLDEN ELDER

Golden Elder

A valuable plant for producing contrast if planted with other shrubs as it has bright golden foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. Extra strong 2 year plants; Each 60c; 3 for \$1.50.

Silverleaf Shrub

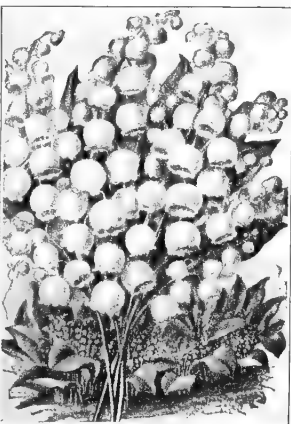

(Elaeagnus Argentea) A shrub of great hardiness and rare beauty. It grows 5 to 6 ft. tall and foliage is a striking beautiful silvery white. Makes a remarkable showing when planted with Red Leaved Plum, Golden Elder, Red Barberry or even green leaved shrubs, also very showy if planted alone on your lawn as a specimen shrub. It is unusually hardy, easy to grow and is not bothered by any insects. Strong Field-grown Plants: Each 60c; 3 for \$1.45; doz. \$5.25.

R. E. Nord Minn.—Have purchased your shrubs and trees for several years with utmost satisfaction; they have sturdy tops and a fine root system.

Mrs. W. G. Hughes, Mo.—Let me express my appreciation of the plants and shrubs you sent me; they arrived in good condition, well packed and am very much pleased with them.

SILVERLEAF SHRUB

LILY OF THE VALLEY

Hardy Ferns

Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown where other plants and shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U.S. Full cultural instructions sent with each order. Extra Large Plants; 3 for 90c; 6 for \$1.65; doz. \$3.10.

HARDY FERNS

Lily of the Valley

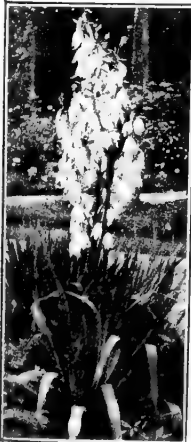

The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places, especially on the north or east side of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. The are perfectly hardy and will bloom in 6 to 8 weeks after planting. 6 for 40c; 12 for 75c; 50 for \$3.00.

Yucca

A tropical looking plant with long narrow leaves which remain green almost the entire year. Grows in close clumps and throws up a flower stalk 4 to 5 feet tall from which hang beautiful creamy white bell-shaped flowers, often 50 to 100 on a spike. It remains in bloom a long time and may be classed as one of the best hardy ornamental plants. Does well even on poor dry soil. Each 40c; 3 for \$1.10.

SUMMER HYACINTH

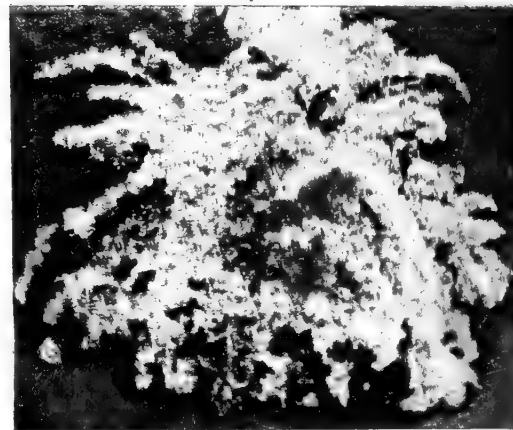

YUCCA

Hardy Flowering Shrubs

All of our Shrubs are 2 and 3-yr. field grown plants and have been transplanted several times which gives them very heavy roots. There is a great difference between these and the 1-yr. rooted cuttings which are sometimes offered at low prices. Order your shrubs early, we will send them cut at the proper time.

Beauty Bush

There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. **Strong 2-yr. field grown plants. Each 65c; 3 for \$1.85.**

BEAUTY BUSH

Scarlet Flowering Quince

A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. **2-yr. field grown plants. Each 65c; 3 for \$1.75; doz. \$6.00.**

Red Leaved Barberry

A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting especially when planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. **Select 2-yr. plants. Each 55c; 3 for \$1.50; doz. \$5.50.**

ISLE DE FRANCE

New Butterfly Bush

ISLE DE FRANCE—This wonderful new Butterfly Bush is a rare beauty with its brilliant rosy-purple flowers, also delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bearing a spike of flowers 9 to 12 inches long. Blooms from July until hard frosts. **Strong plants that will bloom this year. Each 60c; 3 for \$1.50.**

Hardy Ovata Forsythia

This new hardy Forsythia will stand severe winters much better than our standard varieties. It is one of the first shrubs to bloom in the spring, the masses of bright yellow flowers appearing before the leaves. Plants grow 5 to 7 ft. tall—excellent for the border. Branches may be cut late in the winter, taken indoors and forced into bloom. **2-yr. field grown plants. Each 65c; 3 for \$1.60.**

Snowball Hydrangea

These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilacs and remains in flower until August, doing fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. **Strong 2-yr. plants. Each 65c; 3 for \$1.75.**

Graceful Persian Lilac

This is considered one of the best and most satisfactory of all our Lilacs and may well be ranked with the cream of the flowering shrubs. Few shrubs can match the grace and blending quality of its flower heads or the spicy fragrance of the blooms. It is very hardy, sure to bloom and does not spread like the common lilacs. It also makes one of the grandest hedges. **Strong 2-yr. field grown plants. Each 60c; 3 for \$1.60; doz. \$6.00.**

PERSIAN LILAC

HYDRANGEA PAN. GRANDIFLORA

Paniculata Grandiflora Hydrangea

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy.

If you can have but one shrub let it be one of these Hydrangeas. You will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July, they open pure white, later changing to pink. We offer only 2-yr. field grown plants of the true Giant Flowered type. **Each 65c; 3 for \$1.75; doz. \$6.50.**

"Quality in Shrubs"

Shrubs and Plants in order to grow must be properly taken care of from the time they are taken up until they reach the planter. We have spent much money for proper equipment and storage facilities. From the time the plants are taken up in the field the roots are protected from sun and air until they reach you.

New Lilac "CANADA GEM"

A grand new lilac that is hardy as an oak and rivals the best French Hybrids for grace and beauty. It comes into bloom after our native varieties are through and remains in flower a long time. The flower heads are of immense size almost like Hydrangeas. We consider this one of the finest hardy shrubs you can have on your lawn. Will not spread like common lilacs. **Strong 2-yr. plants. Each 85c; 3 for \$2.25.**

Beautiful Hybrid French Lilacs

The French Lilacs are rapidly gaining favor as they are hardy, do not spread and start blooming very young, just a year or two after being set out. They form compact, shapely bushes and bloom very profusely; they grow to 8 ft. tall but may be trimmed to any desired height or shape. These lilacs are very desirable as specimen shrubs or they may be set in groups or mixed with other shrub plantings. Set at least 5 ft. apart so they have ample room.

CHAS. JOLY—One of the best "reds" and makes a striking appearance due to its showy color and the large flower heads which are held erect well over the foliage. **Strong 2-yr. plants: Each 95c; 3 for \$2.70.**

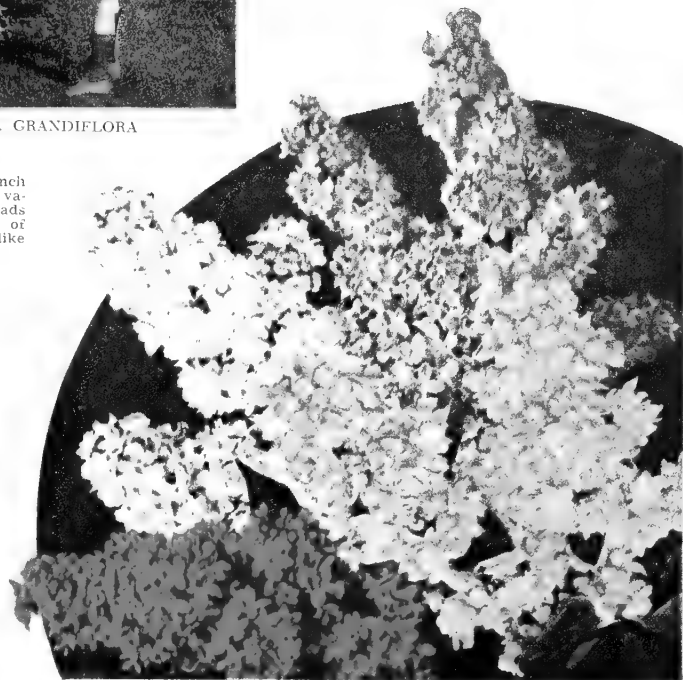

M. BUCHNER—One of the best and most popular French Lilacs. Flowers are double and a beautiful pinkish-lavender color. A good grower and profuse bloomer. **Strong 2-yr. plants: Each 90c; 3 for \$2.50.**

PRES. GREVY—Large semi-double flowers produced in large pyramidal clusters; color is a clear soft delicate blue and one of the best in this color. **Strong 2-yr. plants: Each 90c; 3 for \$2.50.**

SNOW WHITE—A very showy and beautiful variety that will please you in every way, especially showy when planted with other colors. **Strong 2-yr. plants: Each 95c; 3 for \$2.60.**

SPECIAL LILAC OFFER

One select 2-yr. field grown plant of each of the above four fine French Lilacs for \$3.50.

CHAS. JOLY

◀ THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED ▶

RED BRANCHED DOGWOOD

We pay postage on all shrubs except west of the Rocky Mountains, please remember this when comparing prices. If you live west of the Rocky Mountains 10% of order must be added to cover the higher parcel post rates now in effect.

BUSH HONEYSUCKLE

"Fireball"

Bush Honeysuckle

A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grows 8 to 9 ft. tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. Select 2-yr. plants. Each 50c; 3 for \$1.40; doz. \$5.00; 50 for \$18.50.

BLUE SPIREA

New Blue Spirea

CARYOPTERIS — A rare new plant of unusual charm and beauty, a real aristocrat for your garden. This hardy plant grows 18 to 24 in. tall and from Aug. until frost will bear an abundance of the beautiful blue flowers. Strong field grown plants that will bloom this year. Each 60c; 3 for \$1.60.

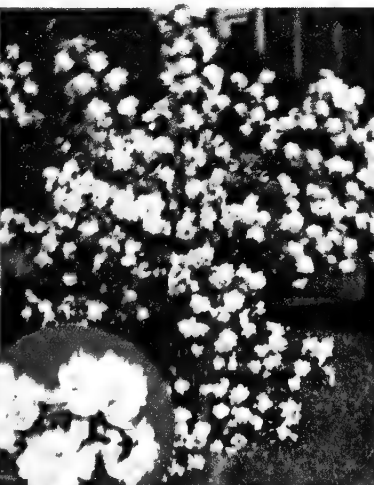

WHITE GLORY SPIREA

White Glory Spirea

A Jewel Among Shrubs

The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes a beautiful shrub even when not in bloom. Bushes are mounds of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. Strong bushy plants. Each 60c; 3 for \$1.56; doz. \$5.75.

MINNESOTA SNOWFLAKE

Philadelphus or Mock Orange

"Minnesota Snowflake"

(Plant Patent 538) An outstanding new very double Mock Orange that is very hardy, a profuse bloomer and grows a very graceful plant. A bush in full bloom is a mantle of white and the large double flowers are exceptionally sweet scented. Will grow to a height of 8 ft. but is easily kept to smaller proportions by trimming. Truly a lovely and outstanding hardy shrub, one of the very best. Strong 2-yr. field grown plants. Each 75c; 3 for \$2.10.

Cornus or Dogwood

These are especially valuable for the brilliancy of the bark and berries. The beautiful coloring of the bark is especially attractive during the winter. The berries are a great attraction for birds. They are very hardy, rapid growers and succeed in sun or shade.

RED BRANCHED — The stems and twigs are deep blood red. Grows 6 to 8 ft. tall, with clusters of fine white flowers succeeded by a fall crop of ornamental berries.

YELLOW BRANCHED — Very similar to the above except that the branches are bright yellow.

Price of above: Strong 2-yr. 18-24 in. plants. Each 55c; 3 for \$1.50. State color wanted.

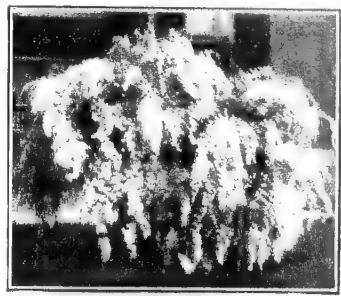

ROSY PLUME SPIREA

"Lilac Spirea"

Rosy Plume

A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. Strong 2-yr. plants. Each 60c; 3 for \$1.50; 12 for \$5.25.

SPIREA

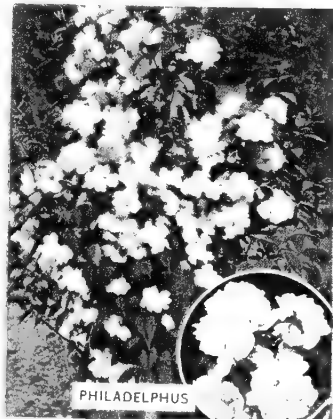

Spirea Van Houttei or Bridal Wreath

Hardy as an Oak, Profuse Bloomer, Sure to Blossom, Easy to Grow, Free from Insects and Disease

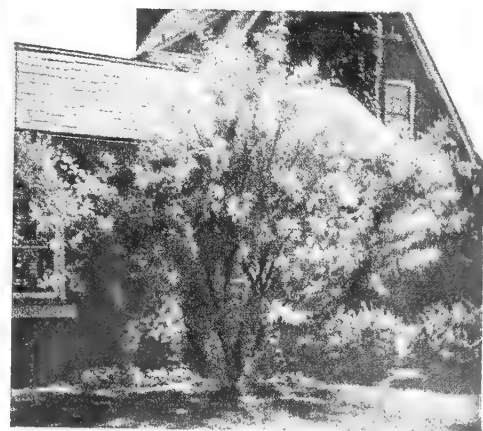

One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs very largely used in all landscape work. It forms a round and graceful shrub with drooping or arched branches which in June are completely covered with snow white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. Strong 2-yr. Plants. Each 50c; 3 for \$1.25; 6 for \$2.00; doz. \$3.75.

Philadelphus "Snowdrift"

We rate this as one of our most desirable shrubs as it is very hardy and blooms so profusely that the bushes look like a snow-drift. It grows a very shapely bush, 4 to 5 ft. tall and in June the bushes are completely covered with the white sweet scented flowers, very much like orange blossoms. A very fine shrub for planting singly, mixing with plantings or as a hedge. Strong 2-yr. field grown plants. Each 60c; 3 for \$1.60; 12 for \$5.90.

PHILADELPHUS

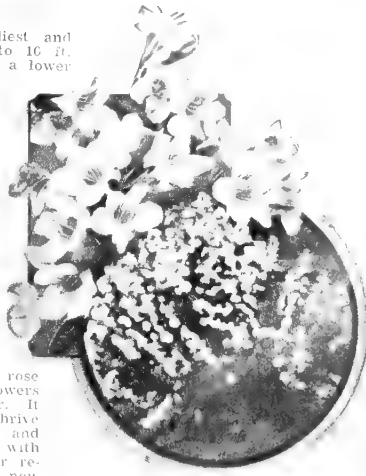

TAMARIX

Tamarix

HISPIDA — This is the hardest and best variety. Will grow 8 to 10 ft. tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in wet or dry places. Strong 18-24 in. plants. Each 55c; 3 for \$1.50.

Hardy Wiegela

ROSALIE — This is one of the hardest and most profuse bloomers; here in our nurseries it has withstood 20 below zero. In June the bushes are completely covered with deep rose pink flowers and often flowers again late in the summer. It grows 6 to 8 ft. tall. Will thrive in partial shade or full sun and may be planted singly or with other shrubs. You will never regret planting this grand new Wiegela. Strong select plants. Each 60c; 3 for \$1.60.

H. D. Williams, III.
— The plants purchased from you are doing fine; the Pen-nies are beautiful.

These are all strong well rooted 2 year field grown shrubs. At catalog prices they would cost \$10.25 but as a special offer they will be sent to you all charges prepaid for \$8.75.

Mrs. H. Jennings, N. Y. — The shrubs from you arrived in excellent condition.

JAPANESE BARBERRY

HEDGE PLANTS

Japanese Barberry Colors Wonderfully in the Fall

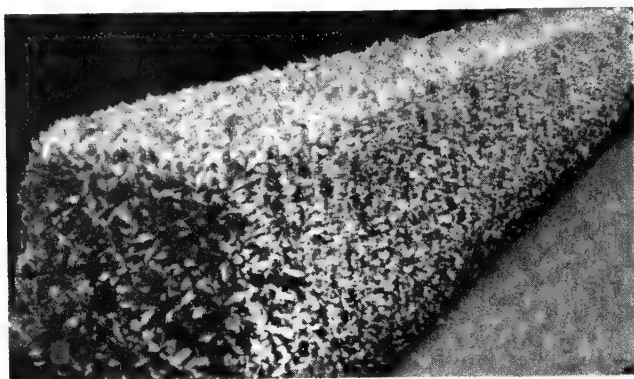

One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any taste. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold; during the winter they are covered with bright red berries. This variety does not spread rust. Strong bushy 2 year plants. Each 45c; 12 for \$3.25; 25 for \$5.50.

AMOOR RIVER PRIVET

Hardy Amoor River Privet

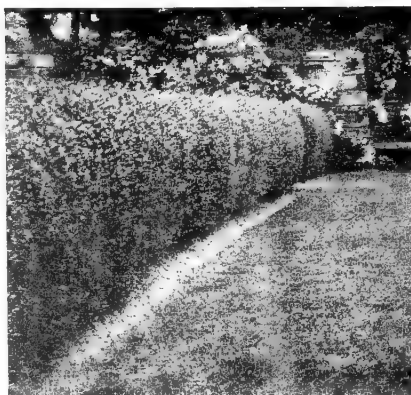

This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plant until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation planting next to buildings; can be pruned or sheared to suit your fancy—the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. We offer strong 2-year transplanted plants of our own growing. 3 for 60c; 12 for \$2.00; 50 for \$7.25; 100 for \$14.00.

CARAGANA

CARAGANA "The Drought Resistant Hedge"

The hardiest of all hedges and may be grown as far north as Canada, also resistant to drought and insects. Grows very dense and may be trimmed as much or as little as desired and any height from 2 to 10 ft. Set plants 8 to 12" apart in your row. Sturdy 2-yr. field grown plants: 12 for \$2.00; 25 for \$3.50; 100 for \$11.00, postpaid.

CHINESE ELM HEDGE

Regel or Fern Privet

A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense, the branches grow horizontally, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations, and entrances. Strong 2-year plants. Each 45c; 3 for \$1.25; 12 for \$4.75.

REGEL PRIVET

CHINESE ELM For Hedges and Windbreaks

These are the same as regular Chinese Elm except that they are heavily branched from the ground up and grown especially for anyone wishing a thick hedge or an effective windbreak. For a hedge set the plants 3 to 4 ft. apart; for windbreaks 5 to 6 ft. Do not confuse our plants with seedlings that are often offered at low prices, as the ones we offer will give you results at once, while seedlings require 3 to 4 years. Strong 2-year 3 to 4 ft. transplanted plants. 3 for \$1.00; doz. \$3.50, postpaid.

Mrs. H. D. Burrell, Ill.—The shrubs I bought from you are alive and doing fine.

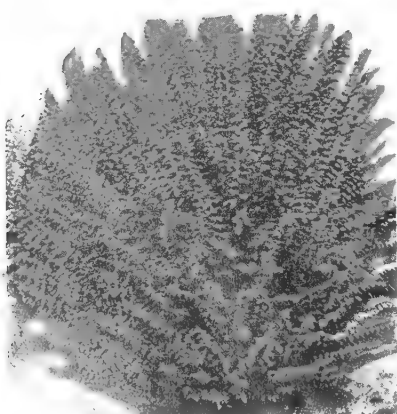

Hardy Golden Privet

A new golden leaved shrub of rare beauty and outstanding merit and will grow in any part of the U.S. where Privet are hardy. The heavily branched bushes form mounds of gold and make a bush of striking beauty either planted along or in a shrub planting. Will grow to a height of 6 to 8 ft. but may be kept trimmed as low as 2 ft. Sturdy 2-yr. field grown plants: Each 60c; 3 for \$1.65; 12 for \$5.25, postpaid.

Mrs. J. B. Haynes, Texas — Want you to know my shipment reached me in excellent condition; plants are already leafing out.

Prudence A. Stickney, Maine—Everything I have ever had from you has been perfect and so reasonable in price; shrubs arrived in very good shape, thanks for your courtesy always.

Mrs. Henry Bastow, N. Y.—Your shrubbery received in very good condition and it is the nicest I have ever had from anyone.

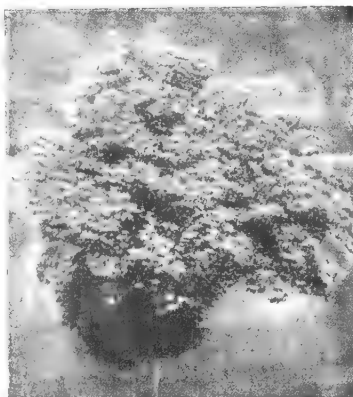

GOLDEN PRIVET

Golden Leaved Mock Orange

One of the Best Golden Leaved Shrubs.

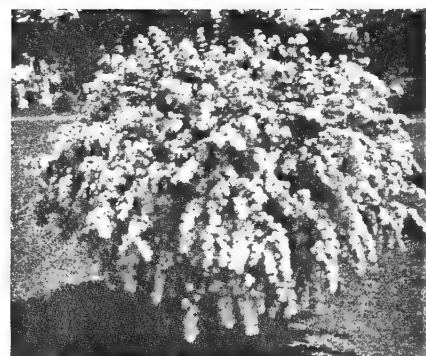

It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for standing, singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes beautiful hush, perfectly hardy, and grows to a height of 4 to 5 ft. Each 75c; 3 for \$2.10.

GOLDEN LEAVED MOCK ORANGE

SOLANGE PEONY

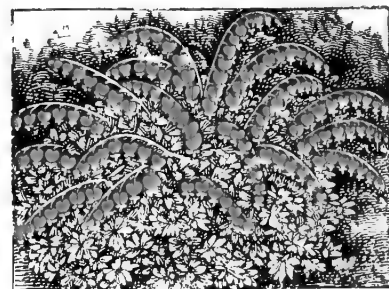

SPIREA VAN HOUTTEI

Spirea Van Houttei or Bridal Wreath

Hardy as an Oak, Profuse Bloomer, Sure to Blossom, Easy to Grow, Free from Insects and Disease

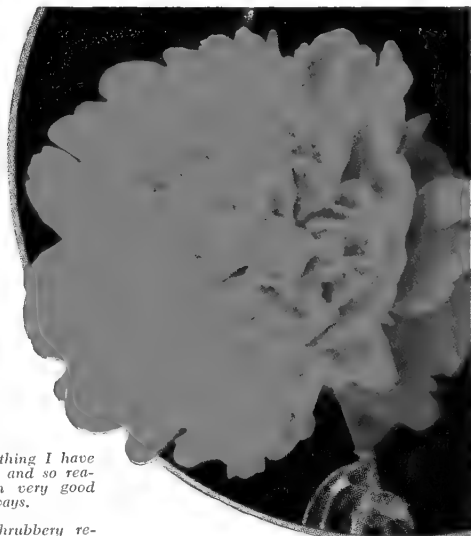

One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs very largely used in all landscape work. It forms a round and graceful shrub with drooping or arched branches which in June are completely covered with snow white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. Strong 2-yr. Plants. Each 50c; 3 for \$1.25; 6 for \$2.00; doz. \$3.75.

BLEEDING HEART

Giant Bleeding Heart

An improved type of the popular old fashioned favorite. The beautiful finely cut foliage and long showy branches of graceful pink flowers are always attractive. The plants are very hardy and may be used as borders or margins of shrubbery; also used quite extensively for cutting or bouquets. Does equally well in sun or shade. Each 60c; 3 for \$1.50.

JUNG'S GIANT RED PEONY

Jung's Giant Red Peony

If you can have but one Peony plant, let it be this grand variety. Flowers are very large, fully double and a bright live red with no trace of purple. Very free flowering and if cut when in bud will last a week or more indoors. A plant of this fine peony when in full bloom will make a grand sight on your lawn or in your garden. Strong 3 to 5 eye plants. Each 70c; 3 for \$1.85.

SOLANGE PEONY

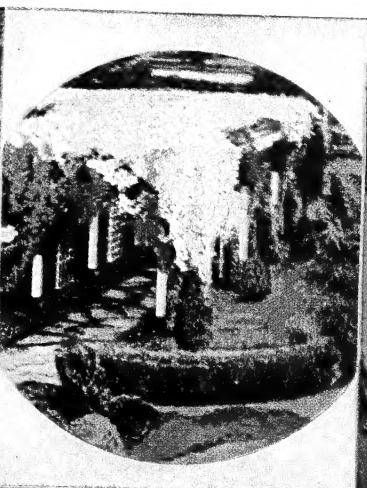

The Regal Beauty

Its high rating of 9.8 should convince every flower lover that Solange is a choice Peony. The flowers are truly giant in size, often 6 to 7 in. across, double rose-type and are borne so profusely that a plant in full bloom is covered with flowers. Flowers are a delicate soft cream. A rare beauty and the nearest "yellow" Peony to be had. Strong plants: Each 85c; 3 for \$2.40.

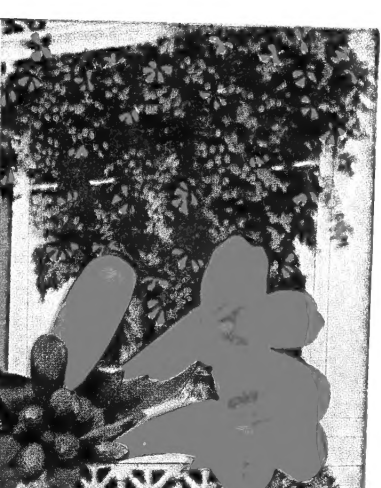

<< J. W. JUNG SEED CO., RANDOLPH, WIS. >>

WISTERIA

SILVER LACE VINE

TRUMPET VINE

Hardy Climbing Vines

Silver Lace Vine

This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. Perfectly hardy, very fast growing and will cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during August and September the vines are a fleecy cloud of bloom of white color. Select 2-yr. plants. Each 50c; 3 for \$1.35.

Trumpet Vine

A vigorous growing, hardy vine, well supplied with heavy fern-like foliage and remains in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. Strong plants. Each 50c; 3 for \$1.35.

Wisteria

HARDY PURPLE—A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. Strong 2-yr. old plants. Each 60c; 3 for \$1.50.

Engelman's Ivy

A very desirable variety as it is much harder than Boston Ivy withstanding heat and severe cold much better. It is a type of ivy which has been long wanted as it has shorter joints and handsome foliage and is well supplied with tendrils that cling to the wall very tight. Foliage colors up beautifully in the fall. Each 45c; 3 for \$1.25; 12 for \$4.25.

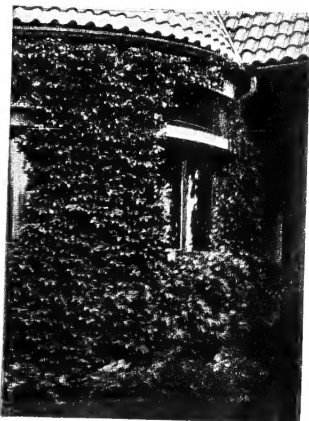

Our Best Hardy Climber

Scarlet Beauty Honeysuckle

Very Hardy. Blooms from June to October. Will Bloom Same Year Planted.

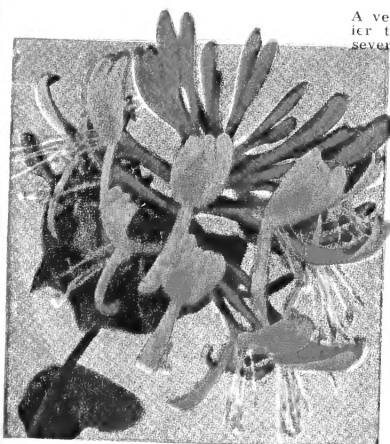

No Insects or Disease.

We consider this to be one of our very best hardy climbers, also never bothered by insects or disease. Early in June the large fragrant flowers cover the vines and are then produced until late in the fall. If you wish a hardy and beautiful vine that will not disappoint you let it be Scarlet Beauty. Select plants that will bloom this year. Each 65c; 3 for \$1.75.

ENGELMAN'S IVY

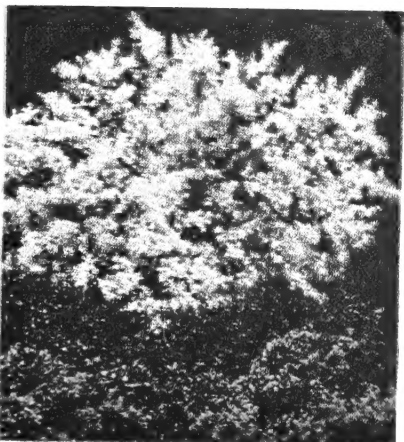

We cannot fill orders for plants or shrubs unless orders amount to \$1.00 or more.

SCARLET BEAUTY HONEYSUCKLE

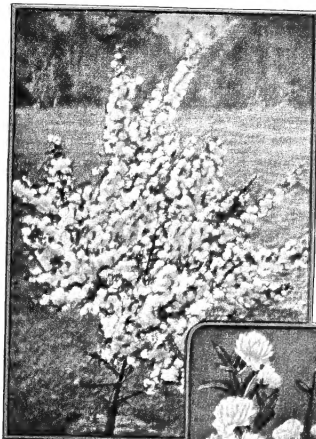

Hardy Russian Olive

We know of no other tree or shrub that will endure as much heat, drought or severe cold as the Russian Olive. It may be grown as a tree, mixed with tall shrubs or as a hedge or windbreak. The silver gray foliage makes a wonderful appearance during the entire season and is especially attractive when mixed with other shrubs or among evergreens. When grown as a tree it will grow 20 to 25 ft. tall and they should be set 15 to 20 ft. apart. As a shrub it will grow 8 to 10 ft. tall in a few years and should be set 3 to 4 ft. apart. 5-12 Select 2 1/2-3 ft. trees. Each 75c; 3 for \$2.00.

RUSSIAN OLIVE

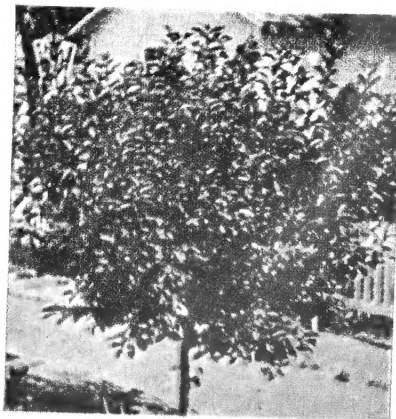

5-20 Select 2-yr. hedge plants: Each 50c; 3 for \$1.35; 12 for \$4.75.

CHINA ROSE TREE

2- China Rose Tree

A very hardy, handsome ornamental tree that grows to a height of 6 to 8 ft., and is ideal for planting on a lawn as a specimen or in the rear of a shrub planting. It bears a wealth of double delicate pink flowers very much like roses. Comes into bloom very early even before the leaves appear. Strong 2 to 3 ft. trees. Each 95c; 3 for \$2.65.

RED LEAVED PLUM

4- Red Leaved Plum

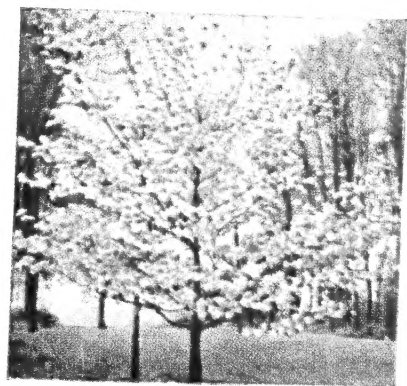

This may be classed as one of the best red leaved shrubs, especially fine for planting among other shrubs as the deep red foliage shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest. is very hardy and will grow 6 to 8 ft. tall. Strong 2-3 ft. plants. Each 85c; 3 for \$2.40.

5- May Day Tree

A flowering tree of superb beauty useful for either the lawn or boulevard as it will grow to good size, 20-25 ft., and is perfectly hardy. Early in the spring the profusion of fragrant white flowers makes the trees a massive bouquet of loveliness. One of the first trees to leaf out in the spring. Select 2-3 ft. trees. Each 85c; 3 for \$2.35.

SPECIAL OFFER NO. 87

One sturdy 2-3 ft. plant of each of the above Five Flowering Ornamental Trees for \$4.00 postpaid.

CERCIS OR RED BUD

Beautiful Flowering Trees

1- Cercis or Red Bud Tree

A beautiful hardy tree that grows to a height of 15 to 20 ft. It blooms early in the spring before the leaves come out when the branches are completely covered with bright rosy-pink flowers. It also makes a very desirable shade tree as the large heart shaped leaves grow very dense. One of our longest lived hardy shade and ornamental trees. Select 3-yr. trees: Each 85c; 3 for \$2.35.

HOPA CRAB

3- The Glorious Hopa Crab

Probably the most beautiful of the flowering crabs and is very hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. Strong 3-4 ft. trees. Each 80c; 3 for \$2.25.

GIANT ROBINSON

RED GIANT

JUNG'S WONDERBEARING

Spring or June Bearing Strawberries

Red Giant

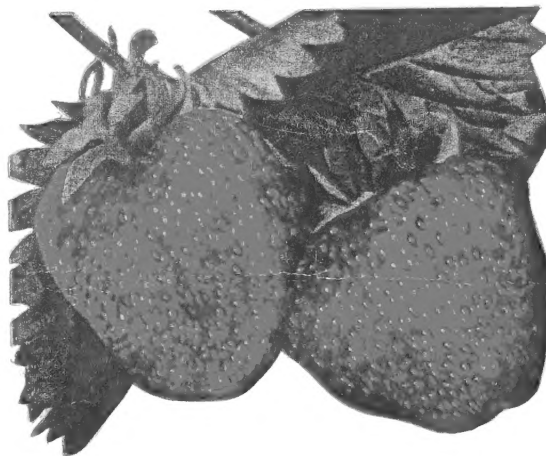

Giant Sized Berries. Heavy Yielder.
Vigorous Plants. Handsome in
Appearance. Excellent Quality.

A new strawberry that grows a very vigorous plant and produces berries that are truly immense in size. As the plants root deeply they can withstand more drought than many of the other varieties and rarely fail to produce a heavy crop. Owing to the large size of the berries they are a little later in ripening and will, therefore, prolong the time you may have strawberries from your garden. Not only are the berries of mammoth size but they are also of excellent quality for eating fresh, canning or freezing. They are a deep rich red color, of very attractive appearance and always bring top prices on the market. **Select Plants:** 25 for \$1.00; 50 for \$1.85; 100 for \$3.65.

GIANT ROBINSON—This new June bearing variety originated in the

heart of the Michigan fruit belt and is rapidly taking favor over other varieties. The fruit is large, conical-shaped, scarlet-red all the way through. It is very firm and glossy, commands a premium on the markets for its fine appearance. This is without any doubt the most outstanding spring bearing variety and is a berry you should plant. Delicious for table use, a wonderful canner and preserver. **25 for 95c; 50 for \$1.75; 100 for \$3.50.**

JUNG'S WONDERBEARING — A strawberry that will delight all growers who want a variety which combines fine quality and great productivity. These plants are very vigorous growers and seem to succeed almost everywhere; they grow upright and carry the fruit well from the soil; it is medium early in ripening. The berries are of large size, some specimens 2 inches in diameter; of extra fine quality and handsome appearance. **25 for 90c; 50 for \$1.60; 100 for \$3.00.**

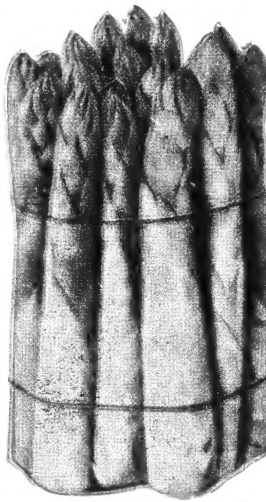

Superfection Everbearing Strawberry

Heavy Yielder, Superb Quality, Large Berries.

This everbearing strawberry surpasses for yield, quality and size of berries. The strong vigorous plants will produce a good crop of fruit this year when planted on good soil and moisture is normal, they usually start ripening in August and will continue until frost. The berries are very large, rich red in color and remarkably sweet and delicious. By far the best of the everbearing strawberries. **25 for \$1.65; 50 for \$3.20; 100 for \$6.00.**

Our Berry Plants are all from state inspected fields. Free from insects and disease.

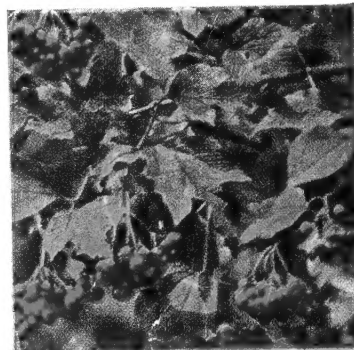

WASHINGTON ASPARAGUS

HARDY MYSTERY LILY

The Hardy Mystery Lily

(*Lycoris Squamiger*) This is sometimes referred to as the Hardy Amaryllis and is one of the most unusual and beautiful hardy flowers. The attractive green foliage starts early in the spring and grows until July, then it matures and dries up. Suddenly in a few weeks a stalk appears, grows rapidly to a height of 2 to 3 ft. and burst open in a lovely head of rosy-pink flowers. Grows well either in full sun or partial shade. They are perfectly hardy and increase in size and beauty from year to year. **Large select bulbs: Each 60c; 3 for \$1.65; doz. \$6.00.**

AM. BUSH CRANBERRY

American High Bush Cranberry

(*Viburnum Americanum*) This hardy bush grows to a height of 8 to 10 ft. and bears an abundant crop of large red berries that make excellent jellies that look and taste very much like the marsh Cranberry which you purchase in the fall. It grows a fine shaped bush and is much used for landscape work. White flowers in May are followed by the large clusters of red berries. The foliage also colors up beautifully in the fall. **Select 2-yr. field grown plants: Each 65c; 3 for \$1.75; doz. \$6.50.**

RED RICH STRAWBERRIES

The New "RED-RICH" Everbearing Strawberry

Large in Size. Handsome Appearance. Excellent
Quality. Heavy Yielder.

This wonderful new everbearing strawberry when planted in early spring will start bearing in July and will continue until heavy frosts. It is a truly grand strawberry as the plants are unusually vigorous and will produce a crop of the biggest, reddest and sweetest berries you ever saw. Berries are very large, solid and firm clear through and unusually sweet, for table, canning or freezing it is one of the best and won't mush up when thawed. Here is an everbearing strawberry that will produce just as large a crop as the regular June bearing varieties and for quality will surpass them all. A rugged grower and heavy producer of truly superb strawberries. **Heavy Vigorous Plants: 25 for \$5.00; 50 for \$8.50; 100 for \$15.00.**

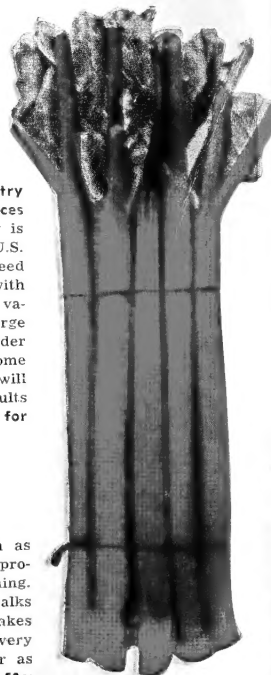

Giant Washington ASPARAGUS

This new Asparagus has taken the country by storm as it is rust-proof and produces big stalks and large crops. This variety is the result of many years work by the U.S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some extra heavy 1-yr. roots this year, these will start easier and give even better results than many 2-yr. plants. **25 for 75c; 50 for \$1.75; 100 for \$3.40.**

"CANADA RED"

Pie Plant or Rhubarb

Pie Plants should be in every garden as they are the first plant in the spring to produce material for pies, sauce and canning. This grand variety produces large stalks that are dark red clear to the heart, makes sauces as red as strawberry jam, very sweet so does not require much sugar as ordinary kinds. **Strong divisions: Each 50c; 3 for \$1.25; doz. \$4.25.**
